FS-873-3021

This motor vehicle use map identifies those roads, trails, and areas designated for the motor vehicle use under 36 CFR 212.51 for the purpose of enforcing the prohibition in 36 CFR 261.13. This is a limited purpose. The other road designations are shown for information and navigation purposes only and are not subject to designation under the Forest Service travel management regulation. **These designations apply only to National Forest System roads, National Forest System trails, and are not National Forest System lands.**

It is prohibited to possess or operate a motor vehicle on National Forest System lands on the Carson National Forest/Jicarilla Ranger District other than in accordance with these designations (CFR 261.13)

Violators of 36 CFR 261.13 are subject to a fine of up to \$5,000, imprisonment for up to 6 months, or both (18 U.S.C. 3571(e)). This prohibition applies regardless of the presence or absence of signs.

This map does not display nonmotorized uses, over-
ow uses, or other facilities and attractions on the
erson National Forest/Jicarilla Ranger District. Obtain
est visitor information from the local national forest
ice.

Designated roads, trails and areas may also be subject to temporary, emergency closures. As a visitor, you must comply with signs notifying you of such restrictions. A national forest may issue an order to close a road, trail or area on a temporary basis to protect the life, health, or safety of forest visitors or the natural or cultural resources in these areas. Such a temporary and/or emergency closure is consistent with the Travel Management Rule (36 CFR 212.52 (b), 36 CFR 261 subpart B).

The designation "road or trail open to all motor vehicles" does not supersede State traffic law.

Operating a motor vehicle on National Forest System roads, National Forest System trails, and in areas on National Forest System lands carries a greater responsibility than operating that vehicle in a city or other developed setting. Not only must you follow and follow all applicable traffic laws, you need to show concern for the environment as well as other forest users. The misuse of motor vehicles can lead to the temporary or permanent closure of any designated road, trail, or area. As a motor vehicle operator, you are also subject to State traffic law, including State requirements for licensing, registration, and operation of the vehicle in question.

Motor vehicle use, especially off-highway vehicle use involves inherent risks that may cause property damage, personal injury, and possibly death to participants. Drive cautiously and anticipate rough surfaces and features, such as snow, mud, vegetation, and water crossings common to remote driving conditions. By your participation, you voluntarily assume full responsibility for any damages, risks, and dangers. Take care at all times to protect yourself and those under your responsibility.

Much of the Carson National Forest/Jicarilla Range District is remote. Medical assistance may not be readily available. Cellular telephones do not work in many areas of the Carson National Forest/Jicarilla Range District. Make adequate food, water, first-aid supplies, and other equipment appropriate for the conditions and expected duration.

ALWAYS REMEMBER TO RESPECT PRIVATE
LAND! PROTECT YOUR PRIVILEGE. STAY ON
DESIGNATED ROADS AND TRAILS AND IN
DESIGNATED AREAS.

Read and understand this map in its entirety. If you have questions, please contact the Carson National Forest/Jicarilla Ranger District for clarification.

As a motor vehicle operator on a National Forest system road, trail, or area you must comply with this manual as well as all Federal, State, and local laws and regulations. Compliance with these rules is your responsibility.

EXPLANATION OF LEGEND ITEMS

Roads Open to Highway Legal Vehicles Only:

These roads are open only to motor vehicles licensed under State law for general operation on all public roads within the state.

Dispersed Camping/Game Retrieval:
 Dispersed Camping/Game Retrieval, Both Sides
 This symbol is used along with a designated road or trail to indicate limited cross-country motor vehicle use within a specific distance of that route, solely for the purpose of dispersed camping and/or game retrieval. The dots indicate where this activity is permitted. They may be on the left, right, or both sides of the route. Refer to the Dispersed Camping/Game Retrieval Table for specifics.

Other Public Roads:

_____ Highways, U.S., State
_____ Other Public Roads

These symbols are used to show routes the Forest Service does not have jurisdiction over and has not designated for motorized use. These symbols are part of the reference layers showing connections to towns and cities outside the forest boundary.

Short Route Identifier:

This symbol is used for roads that are too short to show a symbol type on the map. The symbol contains the number of the road or trail. Users should refer to the corresponding number in the Short Route Table for designation information.

Milepost Marker:
▲
This symbol is used to display the beginning and ending mileposts of a road that has a change in the designation but not the symbology.

Seasonal and Special Designations:

There are four routes with a seasonal designation on the
Jicaráilla Ranger District:

There are no routes with a special designation on
Jicaráilla Ranger District:

Open Areas to Cross Country Travel:

There are no areas open to cross country motorized
use on the Jicaráilla Ranger District.

Dispersed Camping/Game Retrieval:

The map contains a table listing routes, vehicle
classes, time of year and distance from designated
routes where dispersed camping and game retrieval
is allowed.

When a big game animal has been legally taken, the
individual who legally took the animal may drive or be
driven to the downed animal. Under no circumstances
may a second vehicle be used to retrieve the animal.
The vehicle driven to the animal should be of sufficient
capacity that only one trip is necessary. The number of
individuals who may be driven to the animal is limited
only by the vehicle's capacity, and the willingness of others
to walk and pass by the downed animal.

The vehicle used to retrieve the game may be operated
off the designated route for a distance of up to one
mile distance specified on the MVUM. If downed game is
further than the specified distance, the vehicle may be
driven only the allowed distance from the designated
route.
