NOW, THEREFORE, on behalf of the President of the United States, I, Hugh S. Johnson, Administrator for Industrial Recovery, pursuant to authority vested in me by Executive Orders of the President, including Executive Order 6543-A, dated December 30, 1933, and otherwise, do hereby incorporate by reference, said annexed report and do find that said amendments and the Code as constituted after being amended comply in all respects with the pertinent provisions and will promote the policy and purposes of said Title of said Act, and do hereby order that said amendments be and they are hereby approved, and that the previous approval of said Code is hereby modified to include an approval of Said Code in its entirety as amended, such approval and such amendments to take effect fifteen (15) days from the date hereof, unless good cause to the contrary is shown to the Administrator before that time and the Administrator issues a subsequent order to that effect.

HUGH S. JOHNSON,

Approval recommended:

BARTON W. MURRAY,
Actg. Division Administrator.
WASHINGTON, D.C.,
June 19, 1934.

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: On August 19, 1933, you approved the Code of Fair Competition for the Lumber and Timber Products Industries.

This is a report on Amendments Nos. 62, 63 and 64 to that Code, Public Hearing on which was conducted in Washington, D.C. beginning March 27, 1934. These amendments will (a) clarify the nature of the products under the Wooden Package Division of the Code, (b) eliminate the overlapping of jurisdiction in certain of the subdivisions under that Division; and (c) include certain items, particularly wooden veneer baskets, which logically belong under these subdivisions but which are not included in the list of products as at present written.

The Deputy Administrator in his final report to me on said amendments to said Code having found as herein set forth and on the basis of all the proceedings in this matter:

I find that:

(a) The amendments to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restrictions of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7, and Subsection (b) of Section 10 thereof.

(c) The amendments and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(d) The amendments and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(e) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendments.

For these reasons, therefore, I have approved these amendments to the Code.

Respectfully,

HUGH S. JOHNSON,
Administrator.

JUNE 19, 1934.
