As Approved on April 28, 1934

ORDER

MODIFICATION OF CODE OF FAIR COMPETITION FOR THE ORNAMENTAL
MOULDING, CARVING AND TURNING INDUSTRY

An application having been duly made pursuant to and in full compliance with the provisions of Title I of the National Industrial Recovery Act, approved June 16, 1933, for approval of an Amendment to the Code of Fair Competition for the Ornamental Moulding, Carving and Turning Industry, and the annexed report on said Amendment, containing findings with respect thereto, having been made and directed to the President:

NOW, THEREFORE, On behalf of the President of the United States, I, Hugh S. Johnson, Administrator for Industrial Recovery, pursuant to authority vested in me by Executive Orders of the President, including Executive Order No. 6543-A, dated December 30, 1933, and otherwise; do hereby incorporate by reference said annexed report and do find that said Amendment and the Code as constituted after being amended comply in all respects with the pertinent provisions and will promote the policy and purposes of said Title of said Act; and do hereby order that said Amendment be and is hereby approved, and that the previous approval of said Code is hereby modified to include an approval of said Code in its entirety as amended, such approval and such Amendment to take effect ten (10) days from the date hereof, unless good cause to the contrary is shown to the Administrator before that time and the Administrator issues a subsequent order to that effect.

HUGH S. JOHNSON,

Approval recommended:

A. R. GLANCY,
Division Administrator.

WASHINGTON, D.C.,
April 28, 1934.

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: Under the Code of Fair Competition for the Ornamental Moulding, Carving and Turning Industry, as approved by you on February 5, 1934, the Code Committee of the Ornamental Moulding, Carving and Turning Association has submitted an Amendment to Article VI, Section 2, which is included and attached.

At a meeting of this industry held in Chicago, Illinois, on February 27, 1934, it was unanimously decided that a Code Authority of eleven (11) members was necessary in order to provide proper representation. Therefore, the proposed amendment provides for a Code Authority consisting of eleven (11) members of the industry complying with the provisions of Section 8 of Article VI.

The Assistant Deputy Administrator in his final report to me on said Amendment to said Code having found as herein set forth and on the basis of all the proceedings in this matter:

I find that:

(a) The Amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purposes of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restrictions of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7 and Subsection (b) of Section 10 thereof.

(c) The group submitting this amendment is truly representative of the aforesaid industry and imposed and imposes no inequitable restrictions on admission to membership therein and has applied for or consents to this amendment.

(d) The amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For these reasons, therefore, this Amendment has been approved.

Respectfully,

HUGH S. JOHNSON,
Administrator.

APRIL 28, 1934.

“Nine (9) members shall be elected by the Association; not less than two (2) members shall be non-members of the Association, if there be any such members of the Industry, and shall be elected by such non-members complying or agreeing to comply with the provisions of Section 8 of this Article by personal vote or by proxy at an election conducted by the Association.”
