#### ORDER

##### APPROVING AMENDMENT OF CODE OF FAIR COMPETITION FOR THE ALLOYS INDUSTRY

An application having been duly made pursuant to and in full compliance with the provisions of Title I of the National Industrial Recovery Act, approved June 16, 1933, for the approval of an amendment to a Code of Fair Competition for the Alloys Industry, and NOTICE OF OPPORTUNITY TO BE HEARD, Administrative Order No. 515-5, dated November 20, 1934, having been published and no objection having been filed as provided in said published notice, and the annexed report on said amendment containing findings with respect thereto, having been made and directed to the President:

NOW, THEREFORE, on behalf of the President of the United States, the National Industrial Recovery Board, pursuant to authority vested in it by Executive Orders of the President, including Executive Order No. 6859, and otherwise, does hereby incorporate by reference said annexed report and does find that said amendment and the Code as constituted after being amended comply in all respects with the pertinent provisions and will promote the policy and purposes of said Title of said Act, and does hereby order that said amendment be and it is hereby approved, and that the previous approval of said Code is hereby amended to include an approval of said Code in its entirety as amended, such approval and such amendment to take effect ten (10) days from the date hereof, unless good cause to the contrary is shown to the National Industrial Recovery Board before that time and the said Board issues a subsequent Order to that effect.

NATIONAL INDUSTRIAL RECOVERY BOARD.

By W. A. HARRIMAN, *Administrative Officer.*

Approval recommended:

W. P. ELLIS,

*Acting Division Administrator.*

WASHINGTON, D. C., December 18, 1934.

## REPORT TO THE PRESIDENT

The PRESIDENT,  
*The White House.*

SIR: An application has been duly made pursuant to and in full compliance with the provisions of the National Industrial Recovery Act, for an amendment to the Code of Fair Competition for the Alloys Industry, submitted by the Code Authority for the said Industry and by the American Alloys Producers Association.

The existing provisions of Section 1 of Article VI of the Code of Fair Competition for the Alloys Industry have been found to be inadequate, in that an additional Association member of the Code Authority is desirable in order to have proper representation of all phases of the Industry, and furthermore, it has been found necessary to provide for alternate members, in view of the fact Code Authority members in this Industry are often called abroad on business.

### FINDINGS

The Deputy Administrator in his final report to us on said amendment to said Code having found as herein set forth and on the basis of all the proceedings in this matter:

We find that:

(a) The amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provision of said Title of said Act, including without limitation sub-Section (a) of Section 3, sub-Section (a) of Section 7 and sub-Section (b) of Section 10 thereof.

(c) The amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(d) The amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(e) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For these reasons, therefore, we have approved this amendment.  
For the National Industrial Recovery Board:

W. A. HARRIMAN,  
*Administrative Officer.*
