NATIONAL INDUSTRIAL RECOVERY BOARD,  
By W. A. HARRIMAN, *Administrative Officer.*

*Acting Division Administrator.*

WASHINGTON, D. C.,  
*April 18, 1935.*

## REPORT TO THE PRESIDENT

The PRESIDENT,  
*The White House.*

SIR: This is a report on an amendment to the Supplementary Code of Fair Competition for the Cement Gun Contractors' Division of the Construction Industry, which was approved by you on March 21, 1934.

This amendment will change the present name of this Code, "Cement Gun Contractors' Industry", to "Air Applied Concrete Contracting Industry". The Code Authority was requested to submit a new name for this Code because it has been found that the name "Cement Gun" is a patented name and can not be used by all members of the Industry.

### FINDINGS

The Deputy Administrator in his final report on said amendment to said Code having found as herein set forth and on the basis of all the proceedings in this matter:

The Board finds that:

(a) The amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation subsection (a) of Section 3, subsection (a) of Section 7 and subsection (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid amendment on behalf of the industry as a whole.

(d) The amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For these reasons, therefore, the National Industrial Recovery Board has approved said amendment to the Cement Gun Contractors' Chapter of the Code of Fair Competition of the Construction Industry.

For the National Industrial Recovery Board:

W. A. HARRIMAN,  
*Administrative Officer.*

APRIL 18, 1935.
