WASHINGTON, D.C.,
July 6, 1934.

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: An application has been duly made pursuant to and in full compliance with the provisions of the National Industrial Recovery Act, for an amendment to the Code of Fair Competition for the Fibre Can and Tube Industry, submitted by the Code Authority for the Fibre Can and Tube Industry.

The purpose and effect of the amendment are to increase the number of members on the Code Authority for the Industry from six to nine, as provided for in Article II, Section 1 of the Code.

FINDINGS

The Deputy Administrator in his final report to me on said amendment to said Code having found as herein set forth and on the basis of all the proceedings in this matter:

I find that:

(a) The amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of the industries, by avoiding undue restrictions of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation sub-section (a) of Section 3, sub-section (a) of Section 7, and sub-section (b) of Section 10 thereof.

(c) The amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(d) The amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(e) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For these reasons, therefore, I have approved this amendment.

Respectfully,

HUGH S. JOHNSON,
Administrator.

JULY 6, 1934.

AMENDMENT TO CODE OF FAIR COMPETITION FOR THE FIBRE CAN AND TUBE INDUSTRY

Amend Article II by eliminating therefrom Section 1 and substituting therefor a new Section 1 as follows:

"Section 1. The Code Authority of the Fibre Can and Tube Industry shall consist of nine (9) persons. Eight (8) of such persons shall be selected by the Board of Directors of the Fibre Can and Tube Association, and a ninth person shall be elected by the eight so selected. At least three (3) of the eight (8) persons elected by the said Board of Directors shall be engaged in the manufacture of tubes and cones for winding textile yarns. In addition to the nine (9) persons selected as above, the Administrator may designate from one (1) to three (3) persons to serve on the Code Authority without vote and without compensation from the Industry; provided, however, that the inclusion of this provision in this Code shall not invalidate the selection of any member of the Code Authority selected in accordance with Section 1 of Article II of the Code as approved on February 24, 1934, nor any of the acts of the Code Authority adopted subsequent to the approval of the Code prior to the approval of this Section."

Approved Code No. 305—Amendment No. 1.
