HUGH S. JOHNSON,

Division Administrator.

WASHINGTON, D.C.,
August 3, 1934.

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: This is a report on a modification of the Code of Fair Competition for the Construction Industry which was approved by you on January 31, 1934.

The effect of this amendment, modifying the powers and duties of the Construction Code Authority, will be to give the Construction Code Authority power to administer the Construction Code in any branch of the Industry for which no Divisional Code Authority shall have been established.

The Deputy Administrator in his final report to me on said modification of said Code having found as herein set forth and on the basis of all the proceedings in this matter:

I find that:

(a) The modification of said Code and the Code as Modified are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as modified complies in all respects with the pertinent provisions of said Title of said Act, including without limitation sub-section (a) of Section 3, sub-section (a) of Section 7 and sub-section (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid modification on behalf of the Industry as a whole.

(d) The modification and the Code as modified are not designed to and will not permit monopolies or monopolistic practices.

(e) The modification and the Code as modified are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said modification.

For these reasons this modification has been approved.

Respectfully,

HUGH S. JOHNSON,
Administrator.

AUGUST 3, 1934.
