HUGH S. JOHNSON,

Administrator for Industrial Recovery.

Approval recommended:

C. E. ADAMS,

Division Administrator.

WASHINGTON, D.C.

June 15, 1934.

REPORT TO THE PRESIDENT

The PRESIDENT,

The White House.

SIR: Pursuant to Articles XI and XII of the Code of Fair Competition for the Business Furniture, Storage Equipment and Filing Supply Industry, approved on November 4, 1933, the National Emergency Committee, the Code Authority for the above Industry, has submitted a request for the amendment of Article II of the Basic Code for the purpose of listing the Industry Products of the Fire Resistive Safe and the Filing Supply Industries. This Amendment will, upon the separate approval of the two proposed Supplemental Codes, make possible the specific application of the provisions of said Basic Code to each of the new divisions.

A hearing on this Amendment was conducted in Washington on December 20, 1933 and every person who requested an appearance was properly heard in accordance with statutory and regulatory requirements.

The Deputy Administrator in his final report to me on said Amendment to said Code having found as herein set forth and on the basis of all the proceedings in this matter:

I find that:

(a) The Amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7 and Subsection (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid Amendment on behalf of the Industry as a whole.

(d) The Amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The Amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said Amendment.

For these reasons, therefore, this Amendment has been approved.

Respectfully,

HUGH S. JOHNSON,
Administrator.

JUNE 15, 1934.
