NATIONAL INDUSTRIAL RECOVERY BOARD,
By W. A. HARRIMAN, *Administrative Officer*

Approval recommended:

HARRY C. CARR,
Acting Division Administrator.

WASHINGTON, D. C.,
January 9, 1935.

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: This is a report on an amendment to the Code of Fair Competition for the Funeral Service Industry, as revised after a Public Hearing held in the Raleigh Hotel, Washington, D. C., October 6, 1934.

In accordance with customary procedure every person who had filed a request for appearance was freely heard in public, and all statutory and regulatory requirements were complied with.

PROVISIONS OF THE AMENDMENT

The Amendment contains the following provisions designed to promote fair competition and to effectuate the purposes and policies of Title I of the National Industrial Recovery Act by increasing voluntary Code compliance.

1. A provision which prohibits members of the Industry from advertising or publicly offering "free" funeral merchandise or service.

2. A provision which establishes a minimum wage rate for employees whether they be employed on a full-time, part-time or per case basis.

FINDINGS

The Deputy Administrator in his final report to the National Industrial Recovery Board on said amendment to said Code having found as herein set forth and on the basis of all the proceedings in this matter;

It finds that:

(a) The amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act, including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purposes of cooperative action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industry, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increased purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act including without limita-

tion Subsection (a) of Section 3, Subsection (a) of Section 7, and Subsection (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid amendment on behalf of the Industry as a whole.

(d) The amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to the approval of said amendment.

For these reasons it has approved this amendment.

For the National Industrial Recovery Board:

W. A. HARRIMAN,
Administrative Officer.

JANUARY 9, 1935.
