WASHINGTON, D.C.,  
*July 27, 1934.*

## REPORT TO THE PRESIDENT

The PRESIDENT,  
*The White House.*

SIR: On August 19, 1933, you approved a Code of Fair Competition for the Lumber and Timber Products Industries.

This is a report on a Hearing on Amendments Nos. 34 and 37 to that Code conducted in Washington, D.C., beginning on January 22, 1934, in accordance with the National Industrial Recovery Act.

The Amendments contemplate the establishment of a Wooden Pail and Tub Subdivision to the Wooden Package Division of the Lumber and Timber Products Code and were presented by representatives of the industry over which the contemplated Subdivision will have jurisdiction, said to represent 94.3 per cent of the value of such products manufactured and distributed in the United States and representing with approval 93 per cent of the invested capital.

In 1928 approximately one thousand and seven hundred (1,700) employees were engaged in the Wooden Pail and Tub Industry and the sales for that year are estimated at \$3,427,720.00. The estimated demand for 1934 for the products of the industry is below the sales for 1933 which were estimated at \$1,634,926.01.

The Deputy Administrator in his final report to me on said Amendments to said Code having found as herein set forth and on the basis of all the proceedings in this matter;

I find that:

(a) The Amendments to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restrictions of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7 and Subsection (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid Amendments on behalf of the industry as a whole.

(d) The Amendments and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The Amendments and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said Amendments.

For these reasons, therefore, I have approved these Amendments to the Code.

Respectfully,

HUGH S. JOHNSON,  
*Administrator.*

JULY 27, 1934.
