## REPORT TO THE PRESIDENT

The PRESIDENT,

*The White House.*

SIR: This is a report on the proposed amendments to the Code of Fair Competition for the Hardwood Distillation Industry as approved by you on November 10, 1933. A public hearing was held on May 23, 1934, in Washington, D. C., on several amendments including amendment No. 1. Amendments Nos. 2 and 3 were considered by the Industry through three regional meetings. Full opportunity to be heard was given to all interested parties.

This report covers only one of the amendments proposed at the public hearing and the amendment pertaining to Forest Conservation. The additional amendments proposed at the public hearing will be submitted for approval as soon as further necessary consideration can be given to same.

The purposes and effects of the amendments are as follows:

Amendment No. 1 enables the Code Authority to incur such reasonable obligations as are necessary for the administration of the Code. It requires that the Code Authority submit for approval of the Administrator an itemized budget and an equitable basis of pro-rating the assessments to be collected from the members of the Industry. Payment of an equitable contribution to the expenses of the Code Authority by members of the Industry is made mandatory by this amendment if their principal line of business is covered by this Code.

Amendment No. 2 provides general policy for Forest Conservation on the part of the Code Authority for the Hardwood Distillation Industry in accordance with the Administration's policy as covered in Office Memorandum No. 212, dated May 24, 1934.

Amendment No. 3 provides that the Code Authority shall establish forest practice rules and regulations subject to the approval of the Administrator within sixty days after approval of this amendment. The Divisions of the Industry are to submit, through the Code Authority, to the Administrator for his approval these forest practice rules and regulations.

### FINDINGS

The Deputy Administrator in his final report to me on said Code having found as herein set forth and on the basis of all the proceedings in this matter:

I find that:

(a) The amendments to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose

of cooperative action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation subsection (a) of Section 3, subsection (a) of Section 7 and subsection (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid amendments on behalf of the Industry as a whole.

(d) These amendments and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) These amendments and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendments.

For these reasons, these amendments have been approved.

Respectfully,

HUGH S. JOHNSON,  
*Administrator.*

AUGUST 20, 1934.
