PURPOSE AND SUMMARY

H.R. 1545, the VA Prescription Data Accountability Act of 2017, was introduced by Representative Ann M. Kuster of New Hampshire on March 15, 2017.

H.R. 1545 would require the Department of Veterans Affairs (VA) to disclose information about any individual who is dispensed medication prescribed by a VA employee or a non-VA provider authorized by VA to a state prescription drug monitoring program (PDMP) to the extent necessary to prevent misuse and diversion of prescription medication.

BACKGROUND AND NEED FOR LEGISLATION

Section 2. Secretary of Veterans Affairs disclosure of patient information to state controlled Substance Monitoring Programs

State PDMPs are statewide electronic databases that are used to address prescription drug abuse, addiction, and diversion through the collection and distribution of data on substances dispensed in a given state to authorized individuals or entities.¹ According to the National Alliance for Model State Drug Laws, PDMPs can be beneficial in: supporting access to legitimate medical use of controlled substances; identifying and deterring drug abuse and diversion; facilitating and encouraging the identification of persons addicted to prescription drugs and subsequent intervention and treatment; and, informing public health initiatives through outlining of use and abuse trends.²

§5701(l) of title 38 United States Code (U.S.C.) requires VA to disclose information to PDMPs for either a veteran or the dependent of a veteran who is prescribed medication through VA. However, VA's current information technology (IT) system is unable to differentiate between a dependent of a veteran and other non-veterans and, as a result, VA only transmits veteran data to PDMPs.³ This leaves out approximately 10% of VA's patient population who are non-veterans and who may be prescribed medication from VA that is not shared with State PDMPs. In FY 2017, that translated to approximately 715,928 patients. Non-veterans who may receive prescriptions from VA include: descendants of veterans; caregivers of veterans; individuals receiving disaster relief from VA; TRICARE beneficiaries, active duty service members, or others who receive VA care through sharing agreements with either the Department of Defense or academic affiliates; or, VA staff. The Committee is concerned about ongoing public health risks of the misuse or diversion of prescription medication, which may be exacerbated by VA's failure to provide information about all VA patients—veterans and non-veterans—to PDMPs.

Section 2 of the bill would require VA to disclose information to PDMPs for anyone—veteran or non-veteran—who is prescribed medication through the VA healthcare system. According to VA, enactment of section 2 would, “. . . provide an important authority

U.S. CONGRESS,
CONGRESSIONAL BUDGET OFFICE,
Washington, DC, May 19, 2017.

Hon. PHIL ROE, M.D.,
Chairman, Committee on Veterans' Affairs,
House of Representatives, Washington, DC.

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 1545, the VA Prescription Data Accountability Act 2017.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Ann E. Futrell.

Sincerely,

KEITH HALL.

Enclosure.

H.R. 1545—VA Prescription Data Accountability Act 2017

H.R. 1545 would require the Department of Veterans Affairs (VA) to disclose to state programs that monitor prescription drugs certain information about all people who receive prescriptions from VA. Under current law, VA is required to disclose such information only for veterans or their dependents who are prescribed medication through VA. H.R. 1545 would expand that group to include anyone who is prescribed medication through VA, including descendants of veterans, staff at VA, and individuals receiving disaster relief. CBO estimates that implementing the bill would cost less than \$500,000 over the 2018–2022 period, primarily to prepare the necessary regulations; that spending would be subject to the availability of appropriated funds.

Enacting H.R. 1545 would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply. CBO estimates that enacting H.R. 1545 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2028.

The bill contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act, and would not affect the budgets of state, local, or tribal governments.

The CBO staff contact for this estimate is Ann E. Futrell. The estimate was approved by H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.

FEDERAL MANDATES STATEMENT

The Committee adopts as its own the estimate of Federal mandates regarding H.R. 1545 prepared by the Director of the Congressional Budget Office pursuant to section 423 of the Unfunded Mandates Reform Act.

ADVISORY COMMITTEE STATEMENT

No advisory committees within the meaning of section 5(b) of the Federal Advisory Committee Act would be created by H.R. 1545.

STATEMENT OF CONSTITUTIONAL AUTHORITY

Pursuant to Article I, section 8 of the United States Constitution, H.R. 1545 is authorized by Congress' power to “provide for the common Defense and general Welfare of the United States.”

APPLICABILITY TO LEGISLATIVE BRANCH

The Committee finds that H.R. 1545 does not relate to the terms and conditions of employment or access to public services or accommodations within the meaning of section 102(b)(3) of the Congressional Accountability Act.

STATEMENT ON DUPLICATION OF FEDERAL PROGRAMS

Pursuant to section 3(g) of H. Res. 5, 114th Cong. (2015), the Committee finds that no provision of H.R. 1545 establishes or reauthorizes a program of the Federal Government known to be duplicative of another Federal program, a program that was included in any report from the Government Accountability Office to Congress pursuant to section 21 of Public Law 111–139, or a program related

to a program identified in the most recent Catalog of Federal Domestic Assistance.

DISCLOSURE OF DIRECTED RULEMAKING

Pursuant to section 3(i) of H. Res. 5, 114th Cong. (2015), the Committee estimates that H.R. 1545 contains no directed rulemaking that would require the Secretary to prescribe regulations.

SECTION-BY-SECTION ANALYSIS OF THE LEGISLATION

Section 1. Short title

Section 1 of the bill would provide a short title of the “VA Prescription Data Accountability Act of 2017”.

Section 2. Secretary of Veterans Affairs disclosure of patient information to state controlled Substance Monitoring Programs

Section 2 of the bill would amend section 5701(1) of title 38 U.S.C. by:

- (1) inserting “(1)” before “Under”;
- (2) striking “a veteran or the dependent of a veteran” and inserting “a covered individual”;
- (3) adding at the end a new paragraph that would stipulate that a “covered individual” is an individual who is dispensed medication prescribed by a VA employee or by a provider authorized by VA to prescribe such medication.
