WASHINGTON : 2003

THE WHITE HOUSE,
Washington, May 27, 2003.

Hon. J. DENNIS HASTERT,
Speaker of the House of Representatives,
Washington, DC.

DEAR MR. SPEAKER: As required by section 401(c) of the National Emergencies Act, 50 U.S.C. 1641(c), and section 204(c) of the International Emergency Economic Powers Act, 50 U.S.C. 1703(c), I am providing a combined 6-month report prepared by my Administration on the national emergencies declared with respect to the Federal Republic of Yugoslavia (Serbia and Montenegro) in Executive Order 12808 on May 30, 1992, and Kosovo in Executive Order 13088 on June 9, 1998.

Sincerely,

GEORGE W. BUSH.

PERIODIC REPORT ON THE NATIONAL EMERGENCIES WITH RESPECT
TO THE FEDERAL REPUBLIC OF YUGOSLAVIA (SERBIA AND MONTE-
NEGRO)

This report to the Congress addresses developments over the course of the past 6 months concerning the national emergency with respect to the Federal Republic of Yugoslavia (now officially Serbia and Montenegro from February 4, 2003) (the “FRY (SaM)”) that was declared in Executive Order 12808 on May 30, 1992, and was expanded in Executive Order 12934, issued on October 25, 1994, with respect to the Bosnian Serbs. This report also covers developments over the course of the past 6 months concerning the national emergency with respect to the FRY (SaM) and Kosovo that was declared in Executive Order 13088 on June 9, 1998, as supplemented by Executive Order 13121, issued on April 30, 1999, and as amended in Executive Order 13192 of January 17, 2001. This report is submitted pursuant to section 204(c) of the International Emergency Economic Powers Act, 50 U.S.C. 1703(c) (IEEPA), and section 401(c) of the National Emergencies Act, 50 U.S.C. 1641(c).

The Department of the Treasury effected a partial unblocking of assets on February 25, 2002. This unblocking was pursuant to the new general licenses issued by the Department of the Treasury’s Office of Foreign Assets Control (“OFAC”) in the “Federal Republic of Yugoslavia (Serbia and Montenegro) and Bosnian Serb-controlled Areas of the Republic of Bosnia and Herzegovina Sanctions Regulations,” 31 CFR Part 585 (the “Bosnia and Herzegovina Regulations”) and the “Federal Republic of Yugoslavia (Serbia and Montenegro) Kosovo Sanctions Regulations,” 31 CFR Part 586 (the “Kosovo Regulations”) on December 27, 2002, (67 Fed. Reg. 78973). The general licenses unblocked all remaining property and interests in property blocked under the Bosnia and Herzegovina Regulations and the Kosovo Regulations 60 days from December 27, 2002, with certain exceptions. Those exceptions kept blocked any property or interests in property of (1) diplomatic and/or consular missions of the former Socialist Federal Republic of Yugoslavia, (2) those persons who are presently subject to sanctions under the “Federal Republic of Yugoslavia (Serbia and Montenegro) Milosevic Regulations,” 31 CFR Part 587 (the “Milosevic Regulations”) or the “Western Balkans Stabilization Regulations,” 31 CFR Part 588, or (3) the central bank of the former Socialist Federal Republic of Yugoslavia (the National Bank of Yugoslavia). A copy of these regulatory amendments is attached.

There were no amendments to the Milosevic Regulations during this reporting period.

During this reporting period, OFAC issued no specific licenses under the Kosovo Regulations or the Milosevic Regulations. Letters were issued notifying applicants for specific licenses that property blocked under both the Bosnia and Herzegovina Regulations and

the Kosovo Regulations would be unblocked, subject to certain exceptions, under the general licenses described in Paragraph 1, without further action on their part.

In April 2003, the United States Government took steps, through a series of directive licenses, to transfer the assets of the National Bank of Yugoslavia that were blocked pursuant to the 1992 national emergency to the successor states of the former Socialist Federal Republic of Yugoslavia. In any cases where such assets have yet to be transferred, the assets remain blocked.

Since my last report, OFAC has collected four civil monetary penalties totaling more than \$43,000 for violations of the sanctions by two U.S. financial institutions and two U.S. companies. These violations involved payments either to the Government of the FRY (SaM), persons in the FRY (SaM), or to blocked entities owned or controlled by the Government of the FRY (SaM), or the importation of goods from the territory of the FRY during the effective period of the trade sanctions. An additional case is undergoing penalty action for violation of the Bosnia and Herzegovina Regulations and an additional 104 cases are undergoing penalty action for violation of the Kosovo Regulations.

The expenses incurred by the Federal Government in the 6-month period from December 1, 2002, through May 29, 2003, that are directly attributable to the declaration of the national emergencies made in 1992 and 1998 are estimated at approximately \$235,000, most of which represents wage and salary costs for Federal personnel. Personnel costs were largely centered in the Department of the Treasury (particularly in OFAC, the Chief Counsel's Office, and the U.S. Customs Service), the Departments of State and Commerce, and the National Security Council.

It is in the United States' foreign policy interest to support Serbia and Montenegro's freely elected government as it works toward building a stable, democratic, and economically vibrant society. Following Secretary of State Powell's May 2002 meeting with FRY Foreign Minister Svilanovic and then Serbian Prime Minister Djindjic, Secretary Powell formally certified to the Congress that the FRY was cooperating with the International Criminal Tribunal for the former Yugoslavia ("ICTY"). Subsequently, Secretary Powell requested that the Department of the Treasury take steps to begin the process of unblocking all previously frozen assets—except those linked to Slobodan Milosevic, his close associates and supporters and persons under indictment for war crimes by the ICTY.

The Departments of State and Treasury worked closely on a plan to unblock certain assets and to transfer others. Certain steps remain with respect to a small category of property that continues to be blocked. The funds transferred took on added importance for Serbia and Montenegro as it began to deal with the financial repercussions relating to the tragic assassination of Serbian Prime Minister Djindjic. The plan to unblock certain assets and transfer others also underscores the United States' continuing commitment to fully normalizing economic relations with Serbia and Montenegro.

31 CFR Parts 585 and 586

SUMMARY: The Office of Foreign Assets Control ("OFAC") of the U.S. Department of Treasury is issuing general licenses, to be effective February

25, 2003, unblocking certain property and interests in property presently blocked pursuant to the Federal Republic of Yugoslavia (Serbia & Montenegro) and Bosnian Serb-controlled areas of the Republic of Bosnia and Herzegovina Sanctions Regulations set forth at 31 CFR part 585 and the Federal Republic of Yugoslavia (Serbia & Montenegro) Kosovo Sanctions Regulations set forth at 31 CFR part 586. The general licenses effecting the unblocking under both of the above sets of regulations will not apply to property or interests in property of those persons who are presently subject to sanctions under either the Federal Republic of Yugoslavia (Serbia & Montenegro) Milosevic Regulations set forth at 31 CFR part 587 or the Western Balkans Transactions Regulations set forth at 31 CFR part 588, or who are otherwise subject to sanctions under other parts of 31 CFR chapter V. In addition, the general license effecting the unblocking under 31 CFR part 585 will not apply to property or interests in property of diplomatic and/or consular missions of the former Socialist Federal Republic of Yugoslavia or to the blocked property or interests in property of the National Bank of Yugoslavia subject to part 585. In order to allow for claims and encumbrances associated with the property and interests in property being unblocked to be addressed, OFAC is also issuing general licenses, effective December 27, 2002, authorizing any person or government to seek judicial or other legal protection of any rights they may have with respect to the property and interests in property being unblocked.

Background

Pursuant to Presidential Determination No. 96-7 of December 27, 1995 (61 FR 2887, January 29, 1996), and Executive Order 13192 of January 17, 2001 (66 FR 7379, Jan. 23, 2001), most Treasury-administered sanctions imposed upon the Federal Republic of Yugoslavia (Serbia & Montenegro) (the "FRY(S&M)") in response to the actions of the FRY(S&M) in Bosnia and Herzegovina from 1992 through 1995 and with respect to Kosovo from 1998 through 2000 have been suspended or lifted. Nevertheless, most property and interests in property blocked under either the Bosnia-related sanctions regulations (31 CFR part 585) or the Kosovo-related sanctions regulations (31 CFR part 586) have remained blocked, primarily to provide for the address of claims and encumbrances that may be associated with such property or interests in property, including potential claims of the successor states of the former Socialist Federal Republic of Yugoslavia.

As part of the U.S. Government's efforts to assist the FRY(S&M) in recovering from the effects of the Milosevic regime, certain steps are being taken to unblock much of the remaining property and interests in property blocked under either 31 CFR part 585 or 31 CFR part 586. On October 3, 2001 (66 FR 50506), OFAC issued an interim final rule amending 31 CFR part 586, which included authorization for the unblocking of certain Yugoslav debt and authorization for the release of certain blocked financial transfers. At present, OFAC is issuing general licenses, effective February 25, 2003, authorizing the unblocking of all remaining blocked property and interests in property, except (i) property or interests in property of diplomatic and/or consular missions of the former Socialist Federal

Republic of Yugoslavia, (ii) property or interests in property of those persons who are presently subject to sanctions under either the Federal Republic of Yugoslavia (Serbia & Montenegro) Milosevic Regulations set forth at 31 CFR part 587 or the Western Balkans Transactions Regulations set forth at 31 CFR part 588, or who are otherwise subject to sanctions under other parts of 31 CFR chapter V, and (iii) the property or interests in property of the central bank of the former Socialist Federal Republic of Yugoslavia, *i.e.*, the National Bank of Yugoslavia, that have been blocked pursuant to 31 CFR part 585. (Property and interests in property of the National Bank of Yugoslavia blocked pursuant to 31 CFR part 586 will be unblocked pursuant to the general license being issued at § 586.520.)

In order to allow for claims and encumbrances associated with the property and interests in property being unblocked to be addressed in a manner consistent with Presidential Determination No. 96-7 and Executive Order 13192, OFAC is also issuing general licenses, effective December 27, 2002, authorizing any person or government to seek judicial or other legal process with respect to property or interests in property being unblocked. These general licenses are intended to help persons and governments, including the successor states to the former Socialist Federal Republic of Yugoslavia, to protect any rights they may have with respect to such property or interests in property. These general licenses do not constitute a determination that any particular property or interest in property subject to the unblocking authorization would not be subject to defenses against any judicial or legal process, including claims of immunity.

Because the amendment of 31 CFR parts 585 and 586 involves a foreign affairs function, the provisions of Executive Order 12866 and the Administrative Procedure Act (5 U.S.C. 553) (the "APA") requiring notice of proposed rulemaking, opportunity for public participation, and delay in effective date, are inapplicable. Because no notice of proposed rulemaking is required for this rule, the Regulatory Flexibility Act (5 U.S.C. 601-612) does not apply.

Paperwork Reduction Act

The collections of information related to 31 CFR parts 585 and 586 are contained in 31 CFR part 501 (the "Reporting and Procedures Regulations"). Pursuant to the Paperwork Reduction Act of 1995 (44

U.S.C. 3507), those collections of information have been approved by the Office of Management and Budget under control number 1505-0164. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid control number.

**Drawbridge Operation Regulation;
Mississippi River, Dubuque, IA**

AGENCY: Coast Guard, DOT.

ACTION: Temporary rule.

SUMMARY: The Commander, Eighth Coast Guard District is temporarily changing the regulation governing the Illinois Central Railroad Drawbridge, Mile 579.9, Upper Mississippi River. From 12:01 a.m., December 19, 2002, until 7 a.m., March 1, 2003, the drawbridge shall open on signal if at least 24 hours advance notice is given. This temporary rule is issued to facilitate annual maintenance and repair on the bridge.

DATES: This temporary rule is effective 12:01 a.m. on December 19, 2002, to 7 a.m. on March 1, 2003.

ADDRESSES: Documents referred to in this rule are available for inspection or copying at room 2.107f in the Robert A. Young Federal Building at Eighth Coast Guard District, Bridge Branch, 1222 Spruce Street, St. Louis, MO 63103-2832, between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays. The telephone number is (314) 539-3900, extension 2378. Commander, Eighth Coast Guard District (obr) maintains the public docket for this rulemaking.

FOR FURTHER INFORMATION CONTACT: Mr. Roger K. Wiebusch, Bridge Administrator, (314) 539-3900, extension 2378.

SUPPLEMENTARY INFORMATION:**Good Cause for Not Publishing an NPRM**

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(3), the Coast Guard finds that good cause exists for not publishing an NPRM. This rule is being promulgated without an NPRM as a matter of public safety. Annual maintenance on the Illinois Central Railroad Drawbridge in Dubuque, Iowa is performed by a roving railroad maintenance crew whose schedule difficult to forecast. In order to keep up with maintenance of all drawbridges in the area, the maintenance crew must move quickly from one maintenance job to the next. Publishing an NPRM and allowing for the requisite comment

period would severely reduce the repair time and prevent the maintenance crew from completing annual maintenance to the drawbridge. Therefore, the Coast Guard finds the public safety is better served by not publishing an NPRM.

Good Cause for Making Rule Effective in Less Than 30 Days

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the *Federal Register*. For the same reasons that an NPRM was not published, the Coast Guard finds that public safety is better served by making this rule effective less than 30 days after its publication.

Background and Purpose

On November 19, 2002, the Canadian National/Illinois Central Railroad Company requested a temporary change to the operation of the Illinois Central Railroad Drawbridge across the Upper Mississippi River, Mile 579.9 at Dubuque, Iowa. Canadian National/Illinois Central Railroad Company requested that 24 hours advance notice be required to open the bridge during the maintenance period. The maintenance is necessary to ensure the continued safe operation of the drawbridge. Advance notice may be given by calling the Canadian National/Illinois Central Dispatcher's office at (800) 711-3477 at any time; or Mr. Mike McDermott, office (319) 236-9238 or cell phone (319) 269-2102.

The Illinois Central Railroad Drawbridge navigation span has a vertical clearance of 19.9 feet above normal pool in the closed to navigation position. Navigation on the waterway consists primarily of commercial tows and recreational watercraft. Presently, the draw opens on signal for passage of river traffic. The Canadian National/Illinois Central Railroad Company requested the drawbridge be permitted to remain closed to navigation from 12:01 a.m., December 19, 2002, until 7 a.m., March 1, 2003 unless 24 hours advance notice is given to open the drawbridge. Winter freezing of the Upper Mississippi River coupled with the closure of Army Corps of Engineer's Lock No. 17 (Mile 437.0 UMR), Lock No. 19 (Mile 364.1 UMR) until 7:30 a.m. March 1, 2003 and Lock No. 24 (Mile 273.4 UMR) until March 15, 2003 will reduce any significant navigation demands for the drawspan opening. The Illinois Central Railroad Drawbridge, Mile 579.9, Upper Mississippi River, is located upstream from Lock 17. Performing maintenance on the bridge during the winter, when the number of vessels likely to be impacted is minimal,
