BATHYMETRIC MAP

BERING SEA
COLD BAY

See map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry compiled from NOAA hydrographic survey data have errors which compare with International Hydrographic Organization (IHO) Special Publication 44 accuracy standards at those used at the time of the survey. This information is not intended for navigational purposes.

Universal Transverse Mercator Grid (Zone 3, 100000 Meter Scale 1:1) are shown inside the map frame.

Offshore production survey data plotted in red, compiled by the Minerals Management Service. Heavy lines indicate series of MMS Chair-Commanded Head (CCH) Production Drills. The projections on this map are not for Federal Leasing purposes. For such purposes refer to the OCS Official Projection Diagram available from the Minerals Management Service.
