WASHINGTON : 2020

THE WHITE HOUSE,  
*Washington, September 10, 2020.*

Hon. NANCY PELOSI,  
*Speaker of the House of Representatives,  
Washington, DC.*

DEAR MADAM SPEAKER: Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days before the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to the threat of foreign interference in or undermining public confidence in United States elections declared in Executive Order 13848 of September 12, 2018, is to continue in effect beyond September 12, 2020.

Although there has been no evidence of a foreign power altering the outcomes or vote tabulation in any United States election, foreign powers have historically sought to exploit America's free and open political system. In recent years, the proliferation of digital devices and internet-based communications has created significant vulnerabilities and magnified the scope and intensity of the threat of foreign interference. The ability of persons located, in whole or in substantial part, outside the United States to interfere in or undermine public confidence in United States elections, including through the unauthorized accessing of election and campaign infrastructure or the covert distribution of propaganda and disinformation, continues to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13848 with respect to the threat of foreign interference in or undermining public confidence in United States elections.

Sincerely,

DONALD J. TRUMP.

## NOTICE

### CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO FOREIGN INTERFERENCE IN OR UNDERMINING PUBLIC CON- FIDENCE IN THE UNITED STATES ELECTIONS

On September 12, 2018, by Executive Order 13848, I declared a national emergency pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 et seq.) to deal with the unusual and extraordinary threat to the national security and foreign policy of the United States constituted by the threat of foreign interference in or undermining public confidence in United States elections.

Although there has been no evidence of a foreign power altering the outcomes or vote tabulation in any United States election, foreign powers have historically sought to exploit America's free and open political system. In recent years, the proliferation of digital devices and internet-based communications has created significant vulnerabilities and magnified the scope and intensity of the threat of foreign interference. The ability of persons located, in whole or in substantial part, outside the United States to interfere in or undermine public confidence in United States elections, including through the unauthorized accessing of election and campaign infrastructure or the covert distribution of propaganda and disinformation, continues to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. For this reason, the national emergency declared on September 12, 2018, must continue in effect beyond September 12, 2020. Therefore, in accordance with section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)), I am continuing for 1 year the national emergency declared in Executive Order 13848 with respect to the threat of foreign interference in or undermining public confidence in United States elections.

This notice shall be published in the *Federal Register* and transmitted to the Congress.

DONALD J. TRUMP.

THE WHITE HOUSE, *September 10, 2020.*
