SEC. 230. AUTHORIZATION OF APPROPRIATIONS.

Subpart 1—Honorable Augustus F. Hawkins Centers of Excellence

SEC. 231. FINDINGS.

Congress finds the following:

(1) *Our Nation's schools are experiencing a severe teacher diversity gap that negatively impacts student achievement and school culture—50 percent of current students are students of color while only 18 percent of teachers are of color, according to a 2016 study by the Brookings Institution.*

(2) *A 2016 report conducted by the Department of Education shows that teachers of color tend to provide more culturally relevant teaching and better understand the situations that stu-*

dents of color may face. These factors help in the development of trusting teacher-student relationships. Researchers from Vanderbilt University also found that greater racial and ethnic diversity in the principal corps benefits students, especially students of color.

(3) Teachers and school leaders of color can also serve as cultural ambassadors who help students feel more welcome at school or as role models.

(4) Research consistently shows that increasing diversity in the teaching profession can have positive impacts on student educational experiences and outcomes. Students of color demonstrate greater academic achievement and social-emotional development in classes with teachers of color. Studies also suggest that all students, including white students, benefit from having teachers of color offering their distinctive knowledge, experiences, and role modeling to the student body as a whole.

SEC. 232. PURPOSE.

The purpose of this subpart is to strengthen and expand the recruitment, training, and retention of candidates of color into the teaching profession.

TITLE IV—STUDENT ASSISTANCE

PART A—GRANTS TO STUDENTS IN ATTENDANCE AT INSTITUTIONS OF HIGHER EDUCATION

* * * * *

Subpart 1—Federal Pell Grants

SEC. 401. FEDERAL PELL GRANTS: AMOUNT AND DETERMINATIONS; APPLICATIONS.

(a) PROGRAM AUTHORITY AND METHOD OF DISTRIBUTION.—(1) For each fiscal year 【through fiscal year 2017】, the Secretary shall pay to each eligible institution such sums as may be necessary to pay to each eligible student (defined in accordance with section 484) for each academic year during which that student is in attendance at an institution of higher education, as an undergraduate *or as a postbaccalaureate in accordance with subsection (c)(1)(B)*, a Federal Pell Grant in the amount for which that student is eligible, as determined pursuant to subsection (b). Not less than 85 percent of such sums shall be advanced to eligible institutions prior to the start of each payment period and shall be based upon an amount requested by the institution as needed to pay eligible students until such time as the Secretary determines and publishes in the Federal Register with an opportunity for comment, an alternative payment system that provides payments to institutions in an accurate and timely manner, except that this sentence shall not be construed to limit the authority of the Secretary to place an institution on a reimbursement system of payment.

(2) Nothing in this section shall be interpreted to prohibit the Secretary from paying directly to students, in advance of the begin-

ning of the academic term, an amount for which they are eligible, in cases where the eligible institution elects not to participate in the disbursement system required by paragraph (1).

(3) Grants made under this subpart shall be known as "Federal Pell Grants".

(b) PURPOSE AND AMOUNT OF GRANTS.—(1) The purpose of this subpart is to provide a Federal Pell Grant that in combination with reasonable family and student contribution and supplemented by the programs authorized under subparts 3 and 4 of this part, will meet at least 75 percent of a student's cost of attendance (as defined in section 472), unless the institution determines that a greater amount of assistance would better serve the purposes of this section.

(2)

(A) The amount of the Federal Pell Grant for a student eligible under this part shall be—

(i) the maximum Federal Pell Grant, as specified in the last enacted appropriation Act applicable to that award year, plus

(ii) the amount of the increase calculated under [paragraph (7)(B)] *paragraph (6)(B)* for that year, less

(iii) an amount equal to the amount determined to be the expected family contribution with respect to that student for that year.

(B) In any case where a student attends an institution of higher education on less than a full-time basis (including a student who attends an institution of higher education on less than a half-time basis) during any academic year, the amount of the Federal Pell Grant to which that student is entitled shall be reduced in proportion to the degree to which that student is not so attending on a full-time basis, in accordance with a schedule of reductions established by the Secretary for the purposes of this division, computed in accordance with this subpart. Such schedule of reductions shall be established by regulation and published in the Federal Register in accordance with section 482 of this Act.

(3) No Federal Pell Grant under this subpart shall exceed the difference between the expected family contribution for a student and the cost of attendance (as defined in section 472) at the institution at which that student is in attendance. If, with respect to any student, it is determined that the amount of a Federal Pell Grant plus the amount of the expected family contribution for that student exceeds the cost of attendance for that year, the amount of the Federal Pell Grant shall be reduced until the combination of expected family contribution and the amount of the Federal Pell Grant does not exceed the cost of attendance at such institution.

(4) No Federal Pell Grant shall be awarded to a student under this subpart if the amount of that grant for that student as determined under this subsection for any academic year is less than ten percent of the maximum amount of a Federal Pell Grant award determined under paragraph (2)(A) for such academic year.

(5) Notwithstanding any other provision of this subpart, the Secretary shall allow the amount of the Federal Pell Grant to be exceeded for students participating in a program of study abroad approved for credit by the institution at which the student is enrolled when the reasonable costs of such program are greater than the

cost of attendance at the student's home institution, except that the amount of such Federal Pell Grant in any fiscal year shall not exceed the maximum amount of a Federal Pell Grant award determined under paragraph (2)(A), for which a student is eligible during such award year. If the preceding sentence applies, the financial aid administrator at the home institution may use the cost of the study abroad program, rather than the home institution's cost, to determine the cost of attendance of the student.

[(6) No Federal Pell Grant shall be awarded under this subpart to any individual who is incarcerated in any Federal or State penal institution or who is subject to an involuntary civil commitment upon completion of a period of incarceration for a forcible or non-forcible sexual offense (as determined in accordance with the Federal Bureau of Investigation's Uniform Crime Reporting Program).]

(cc) rounded to the nearest \$5.

(iv) DEFINITIONS.—For purposes of this subparagraph—

(I) the term “annual adjustment percentage” as applied to an award year, is equal to the estimated percentage change in the Consumer Price Index (as determined by the Secretary, using the definition in section 478(f)) for the most recent calendar year ending prior to the beginning of that award year; and

(II) the term “total maximum Federal Pell Grant” as applied to a preceding award year, is equal to the sum of—

(aa) the maximum Federal Pell Grant for which a student is eligible during an award year, as specified in the last enacted appropriation Act applicable to that preceding award year; and

(bb) the amount of the increase in the maximum Federal Pell Grant required by this paragraph for that preceding award year.

(D) PROGRAM REQUIREMENTS AND OPERATIONS OTHERWISE UNAFFECTED.—Except as provided in subparagraphs (B) and (C), nothing in this paragraph shall be construed to alter the requirements and operations of the Federal Pell Grant Program as authorized under this section, or authorize the imposition of additional requirements or operations for the determination and allocation of Federal Pell Grants under this section.

(E) RATABLE INCREASES AND DECREASES.—The amounts specified in subparagraph (B) shall be ratably increased or decreased to the extent that funds available under sub-

paragraph (A) exceed or are less than (respectively) the amount required to provide the amounts specified in subparagraph (B).

(F) AVAILABILITY OF FUNDS.—The amounts made available by subparagraph (A) for any fiscal year shall be available beginning on October 1 of that fiscal year, and shall remain available through September 30 of the succeeding fiscal year.

(8)(A) Effective in the 2017–2018 award year and thereafter, the Secretary shall award an eligible student not more than one and one-half Federal Pell Grants during a single award year to permit such student to work toward completion of an eligible program if, during that single award year, the student—

(i) has received a Federal Pell Grant for an award year and is enrolled in an eligible program for one or more additional payment periods during the same award year that are not otherwise fully covered by the student's Federal Pell Grant; and

(ii) is enrolled on at least a half-time basis while receiving any funds under this section.

(B) In the case of a student receiving more than one Federal Pell Grant in a single award year under subparagraph (A), the total amount of Federal Pell Grants awarded to such student for the award year may exceed the maximum basic grant level specified in the appropriate appropriations Act for such award year.

(C) Any period of study covered by a Federal Pell Grant awarded under subparagraph (A) shall be included in determining a student's duration limit under subsection (c)(5).

(D) In any case where an eligible student is receiving a Federal Pell Grant for a payment period that spans two award years, the Secretary shall allow the eligible institution in which the student is enrolled to determine the award year to which the additional period shall be assigned, as it determines is most beneficial to students.

(c) PERIOD OF ELIGIBILITY FOR GRANTS.—**[(1) The period during which a student may receive Federal Pell Grants shall be the period required for the completion of the first undergraduate baccalaureate course of study being pursued by that student at the institution at which the student is in attendance except that any period during which the student is enrolled in a noncredit or remedial course of study as defined in paragraph (2) shall not be counted for the purpose of this paragraph.]**

(1) PERIOD OF ELIGIBILITY FOR GRANTS.—The period during which a student may receive Federal Pell Grants shall be the period required for the completion of the first undergraduate baccalaureate course of study being pursued by that student at the institution at which the student is in attendance except that—

(A) any period during which the student is enrolled in a noncredit or remedial course of study as defined in paragraph (2) shall not be counted for the purpose of this paragraph; and

(B) the period during which a student may receive Federal Pell Grants shall also include the period required for the completion of the first postbaccalaureate course of study at an eligible institution that meets the definition of institution of higher education in section 101, in a case in which—

(i) the student received a Federal Pell Grant during the period required for the completion of the student's first undergraduate baccalaureate course of study for fewer than 14 semesters, or the equivalent of fewer than 14 semesters, as determined under paragraph (5);

(ii) the student would otherwise be eligible for a Federal Pell Grant, but for the completion of such baccalaureate course of study; and

(iii) the period during which the student receives Federal Pell Grants does not exceed the student's duration limits under paragraph (5).

(2) Nothing in this section shall exclude from eligibility courses of study which are noncredit or remedial in nature (including courses in English language instruction) which are determined by the institution to be necessary to help the student be prepared for the pursuit of a first undergraduate baccalaureate degree or certificate or, in the case of courses in English language instruction, to be necessary to enable the student to utilize already existing knowledge, training, or skills. Nothing in this section shall exclude from eligibility programs of study abroad that are approved for credit by the home institution at which the student is enrolled.

(3) No student is entitled to receive Pell Grant payments concurrently from more than one institution or from the Secretary and an institution.

(4) Notwithstanding paragraph (1), the Secretary may allow, on a case-by-case basis, a student to receive a basic grant if the student—

(A) is carrying at least one-half the normal full-time work load for the course of study the student is pursuing, as determined by the institution of higher education; and

(B) is enrolled or accepted for enrollment in a postbaccalaureate program that does not lead to a graduate degree, and in courses required by a State in order for the student to receive a professional certification or licensing credential that is required for employment as a teacher in an elementary school or secondary school in that State,

except that this paragraph shall not apply to a student who is enrolled in an institution of higher education that offers a baccalaureate degree in education.

(5) *MAXIMUM PERIOD.*—

(A) *IN GENERAL.*—[The period] *Except as provided in subparagraph (B), the period during which a student may receive Federal Pell Grants shall not exceed [12] 14 semesters, or the equivalent of [12] 14 semesters, as determined by the Secretary by regulation. Such regulations shall provide, with respect to a student who received a Federal Pell Grant for a term but was enrolled at a fraction of full-time, that only that same fraction of such semester or equivalent shall count towards such duration limits.*

(B) EXCEPTION.—

(i) IN GENERAL.—Any Federal Pell Grant that a student received during a period described in subclause (I) or (II) of clause (ii) shall not count toward the student's duration limits under this paragraph.

(ii) APPLICABLE PERIODS.—Clause (i) shall apply with respect to any Federal Pell Grant awarded to a student to attend an institution—

(I) during a period—

(aa) for which the student received a loan under this title; and

(bb) for which the loan described in item (aa) is forgiven under—

(AA) section 437(c)(1) or 464(g)(1) due to the closing of the institution;

(BB) section 493H due to the student's successful assertion of a defense to repayment of the loan; or

(CC) section 432(a)(6), section 685.215 of title 34, Code of Federal Regulations (or a successor regulation), or any other loan forgiveness provision or regulation under this Act, as a result of a determination by the Secretary or a court that the institution committed fraud or other misconduct; or

(II) during a period for which the student did not receive a loan under this title but for which, if the student had received such a loan, the student would have qualified for loan forgiveness under subclause (I)(bb).

(d) APPLICATIONS FOR GRANTS.—(1) The Secretary shall from time to time set dates by which students shall file applications for Federal Pell Grants under this subpart.

(2) Each student desiring a Federal Pell Grant for any year shall file an application therefor containing such information and assurances as the Secretary may deem necessary to enable the Secretary to carry out the functions and responsibilities of this subpart.

(e) DISTRIBUTION OF GRANTS TO STUDENTS.—Payments under this section shall be made in accordance with regulations promulgated by the Secretary for such purpose, in such manner as will best accomplish the purpose of this section. Any disbursement allowed to be made by crediting the student's account shall be limited to tuition and fees and, in the case of institutionally owned housing, room and board. The student may elect to have the institution provide other such goods and services by crediting the student's account.

(f) CALCULATION OF ELIGIBILITY.—(1) [Each contractor processing applications for awards under this subpart (including a central processor, if any, designated by the Secretary) shall, in a timely manner, furnish to the student financial aid administrator (at each institution of higher education which a student awarded a Federal Pell Grant under this subpart is attending), as a part of its regular output document, the expected family contribution for each such student. Each such student financial aid administrator shall—] After receiving an application for a Federal Pell Grant under this subpart, the Secretary (including any contractor of the Secretary

processing applications for Federal Pell Grants under this subpart) shall, in a timely manner, furnish to the student financial aid administrator at each institution of higher education that a student awarded a Federal Pell Grant under this subpart is attending, the expected family contribution for each such student. Each such student financial administrator shall—

(A) examine and assess the data used to calculate the expected family contribution of the student furnished pursuant to this subsection;

(B) recalculate the expected family contribution of the student if there has been a change in circumstances of the student or in the data submitted;

(C) make the award to the student in the correct amount; and

(D) after making such award report the corrected data to such contractor and to a central processor (if any) designated by the Secretary for a confirmation of the correct computation of amount of the expected family contribution for each such student.

(2) Whenever a student receives an award under this subpart that, due to recalculation errors by the institution of higher education, is in excess of the amount which the student is entitled to receive under this subpart, such institution of higher education shall pay to the Secretary the amount of such excess unless such excess can be resolved in a subsequent disbursement to the institution.

(3) Each contractor processing applications for awards under this subpart shall for each academic year [after academic year 1986–1987] prepare and submit a report to the Secretary on the correctness of the computations of amount of the expected family contribution, and on the accuracy of the questions on the application form under this subpart for the previous academic year for which the contractor is responsible. The Secretary shall transmit the report, together with the comments and recommendations of the Secretary, to the Committee on Appropriations of the Senate, the Committee on Appropriations of the House of Representatives, and the authorizing committees.

(g) INSUFFICIENT APPROPRIATIONS.—If, for any fiscal year, the funds appropriated for payments under this subpart are insufficient to satisfy fully all entitlements, as calculated under subsection (b) (but at the maximum grant level specified in such appropriation), the Secretary shall promptly transmit a notice of such insufficiency to each House of the Congress, and identify in such notice the additional amount that would be required to be appropriated to satisfy fully all entitlements (as so calculated at such maximum grant level).

(h) USE OF EXCESS FUNDS.—(1) If, at the end of a fiscal year, the funds available for making payments under this subpart exceed the amount necessary to make the payments required under this subpart to eligible students by 15 percent or less, then all of the excess funds shall remain available for making payments under this subpart during the next succeeding fiscal year.

(2) If, at the end of a fiscal year, the funds available for making payments under this subpart exceed the amount necessary to make the payments required under this subpart to eligible students by

more than 15 percent, then all of such funds shall remain available for making such payments but payments may be made under this paragraph only with respect to entitlements for that fiscal year.

(i) TREATMENT OF INSTITUTIONS AND STUDENTS UNDER OTHER LAWS.—Any institution of higher education which enters into an agreement with the Secretary to disburse to students attending that institution the amounts those students are eligible to receive under this subpart shall not be deemed, by virtue of such agreement, a contractor maintaining a system of records to accomplish a function of the Secretary. Recipients of Pell Grants shall not be considered to be individual grantees for purposes of subtitle D of title V of Public Law 100–690.

(j) INSTITUTIONAL INELIGIBILITY BASED ON DEFAULT RATES.—

(1) IN GENERAL.—No institution of higher education shall be an eligible institution for purposes of this subpart if such institution of higher education is ineligible to participate in a loan program under part B or D as a result of a final default rate determination made by the Secretary under part B or D after the final publication of cohort default rates for fiscal year 1996 or a succeeding fiscal year, *or if such institution of higher education is subject to an ineligibility determination under section 435(a)(9) or 493I(b).*

(2) SANCTIONS SUBJECT TO APPEAL OPPORTUNITY.—No institution may be subject to the terms of this subsection unless the institution has had the opportunity to appeal the institution's default rate, *final adjusted cohort default rate, or on-time repayment rate* determination under regulations issued by the Secretary for the loan program authorized under part B or D, as applicable. This subsection shall not apply to an institution that was not participating in the loan program authorized under part B or D on the date of enactment of the Higher Education Amendments of 1998, unless the institution subsequently participates in the loan programs.

(k) JOB TRAINING FEDERAL PELL GRANT PROGRAM.—

(1) IN GENERAL.—*For the award year beginning on July 1, 2021, and each subsequent award year, the Secretary shall carry out a program through which the Secretary shall award job training Federal Pell Grants to students in eligible job training programs approved by the Secretary in accordance with paragraph (4).*

(2) TERMS AND CONDITIONS.—*Each job training Federal Pell Grant awarded under this subsection shall have the same terms and conditions, and be awarded in the same manner, as a Federal Pell Grant awarded under subsection (a), except as follows:*

(A) *A student who is eligible to receive a job training Federal Pell Grant under this subsection is a student who—*

(i) has not yet attained a postbaccalaureate degree; and

(ii) is enrolled, or accepted for enrollment, in an eligible job training program at an institution of higher education.

(B) *The amount of a job training Federal Pell Grant for an eligible student shall be determined under subsection (b), except that subsection (b)(4) shall not apply.*

(3) *TREATMENT OF JOB TRAINING FEDERAL PELL GRANT.—*

(A) *INCLUSION IN TOTAL ELIGIBILITY PERIOD.—*The period during which a student received a job training Federal Pell Grant under this subsection shall be included in calculating the duration limits with respect to such student under subsection (c)(5) and to the extent that such period was a fraction of a semester or the equivalent, only that same fraction of such semester or equivalent shall count towards such duration limits.

(B) *PREVENTION OF DOUBLE BENEFITS.—*No student may for the same payment period receive both a job training Federal Pell Grant under this subsection and a Federal Pell Grant under subsection (a).

(4) *APPROVAL OF ELIGIBLE JOB TRAINING PROGRAMS.—*

(A) *ELIGIBLE JOB TRAINING PROGRAM.—*An eligible job training program shall be a career and technical education program at an institution of higher education that the Secretary determines meets the following requirements:

(ii) The job training program provides training aligned with the requirements of high-skill, high-wage, or in-demand industry sectors or occupations in the State or local area in which the job training program is provided, as determined by an industry or sector partnership in such State or local area.

(iii) The job training program has been determined by the institution of higher education and by such industry or sector partnership to provide academic content, an amount of instructional time, and a recognized postsecondary credential that are sufficient to—

(I) meet the hiring requirements of potential employers in the sectors or occupations described in clause (ii); and

(II) satisfy any applicable educational prerequisite requirement for professional license or certification, so that a student who completes the program and seeks employment is qualified to take any licensure or certification examination needed to practice or find employment in such sectors or occupations.

(iv) The job training program prepares students to pursue related certificate or degree programs at an institution of higher education, including—

(I) by ensuring the acceptability of the credits received under the job training program toward meeting such certificate or degree program requirements (such as through an articulation agreement); and

(II) by ensuring that a student who completes noncredit coursework in the job training program, upon completion of the job training program and enrollment in such a related certificate or degree

program, will receive academic credit for such non-credit coursework that will be accepted toward meeting such certificate or degree program requirements.

(v) The job training program provides to the Secretary the annual earnings expected to be paid in the sectors or occupations for which the program provides training not later than 6 months after completion of such program (in this subsection referred to as the “expected earnings”), as such earnings are determined by an industry or sector partnership in the State or local area in which the program is provided, and which shall be—

(I) greater than the average or median annual earnings paid to individuals with only a high school diploma (or the equivalent) based on the most recently available data from the Bureau of Labor Statistics or the Bureau of the Census with respect to such State or local area, or the Nation as a whole, as selected by such program;

(II) validated by the Secretary; and

(III) used to review the job training program under subparagraph (C).

(vi) The job training program is part of a career pathway, and includes counseling for students to—

(I) support each such student in achieving the student’s education and career goals; and

(II) ensure that each such student receives information on—

(aa) the sectors or occupations described in clause (ii) for which the job training program provides training (including the expected earnings to be paid, and, if available, the mean and median earnings (described in subparagraph (C)(ii)) paid, in such sectors or occupations)); and

(bb) the related certificate or degree programs described in clause (iv) for which the job training program provides preparation.

(vii) The job training program meets the requirements under section 104 that are applicable to a program of training to prepare students for gainful employment in a recognized occupation.

(viii) The job training program does not exceed by more than 50 percent the minimum number of clock hours required by a State to receive a professional license or certification in the State.

(ix) The job training program is provided by an institution of higher education that—

(I) is approved by an accrediting agency or association that meets the requirements of section 496(a)(4)(C);

(II) during the preceding 5 years, has not been subject to any adverse actions or negative actions by the accrediting agency or association of the in-

stitution, State or Federal enforcement agencies, or the Secretary;

(III) is listed on the provider list under section 122(d) of the Workforce Innovation and Opportunity Act (29 U.S.C. 3152(d)); and

(IV) has a designated official responsible for engaging with the workforce development system in the State or local area in which the job training program is provided.

(x) The job training program has a verified completion rate and a verified annual earnings rate that meets the requirements of clauses (i) and (iii) of section 481(b)(2)(A), respectively, and satisfies the criteria described in clause (v) of such section.

(xi) The State board representing the State in which the job training program is provided certifies to the Secretary that the program meets the requirements of clauses (ii), (viii), and (ix)(III).

(B) *INITIAL APPROVAL BY THE SECRETARY.*—Not later than 180 days after the date on which a job training program is submitted for approval under this subparagraph, the Secretary shall make a determination as to whether such job training program is an eligible job training program in accordance with subparagraph (A).

(C) *REVIEW OF APPROVAL.*—

(i) *IN GENERAL.*—Not later than 3 years after the date an eligible job training program is approved under subparagraph (B), and not less than once every 3 years thereafter, the Secretary shall, using the data collected under paragraph (5) and such other information as the Secretary may require, determine whether such job training program continues to meet the requirements of subparagraph (A).

(ii) *REQUIREMENTS.*—Subject to clause (iii), a determination under clause (i) that a job training program continues to meet the requirements of subparagraph (A) shall, at a minimum, require the Secretary to determine that the mean or median earnings (whichever is higher) paid to students not later than 6 months after completing such program is equal to or greater than the expected earnings of the program.

(iii) *EXCEPTION AND APPEALS.*—

(I) *EXCEPTION.*—The Secretary may extend, by not more than an additional 6 months, the period by when, after completion of the job training program, the mean or median earnings (whichever is higher) paid to students meets the requirements of clause (ii), in a case in which the job training program requesting such extension provides sufficient justification for such extension (as determined by the Secretary).

(II) *APPEALS.*—Not later than 60 days after receiving notification from the Secretary of the loss of eligibility resulting from the review under subparagraph (C), a job training program may appeal

any loss of eligibility under this subparagraph by demonstrating extenuating circumstances.

(III) *SECRETARIAL REQUIREMENTS.*—The Secretary shall issue a decision on any appeal submitted by a job training program under subclause (II) not later than 45 days after its submission.

(5) *DATA COLLECTION.*—Using the postsecondary student data system established under section 132(l) or a successor system (whichever includes the most recent data) to streamline reporting requirements and minimize reporting burdens, and in coordination with the National Center for Education Statistics, the Secretary of Labor, and each institution of higher education offering an eligible job training program under this subsection, the Secretary shall, on at least an annual basis, collect data with respect to each such eligible job training program, including the following:

(A) The number and demographics of students who enroll in the program.

(B) The number of credits attempted and accumulated annually by students enrolled in the program.

(C) The share of such students who cease enrollment on or before the completion of 60 percent of the payment period or period of enrollment.

(D) The verified completion rate and the verified annual earnings rate described in clauses (i) and (iii) of section 481(b)(2)(A), respectively, for the program.

(E) The number and demographics of—

(i) students who complete the program; and

(IV) the option of the borrower to pay the interest that has accrued before the interest is capitalized *except that this subclause shall not apply with respect to any period of forbearance beginning on or after the date of enactment of the College Affordability Act*; and

(V) the borrower's option to discontinue the forbearance at any time; and

(D) shall contain provisions that specify that—

(i) forbearance for a period not to exceed 60 days may be granted if the lender reasonably determines that such a suspension of collection activity is warranted following a borrower's request for deferment, forbearance, a change in repayment plan, or a request to consolidate loans, in order to collect or process appropriate supporting documentation related to the request, and

(ii) during such period interest shall accrue but not be capitalized.

Guaranty agencies shall not be precluded from permitting the parties to such a loan from entering into a forbearance agreement solely because the loan is in default. The Secretary shall

permit lenders to exercise administrative forbearances that do not require the agreement of the borrower, under conditions authorized by the Secretary. Such forbearances shall include (i) forbearances for borrowers who are delinquent at the time of the granting of an authorized period of deferment under section 428(b)(1)(M) or 427(a)(2)(C), and (ii) if the borrower is less than 60 days delinquent on such loans at the time of sale or transfer, forbearances for borrowers on loans which are sold or transferred.

(4) DEFINITIONS.—For the purpose of this subsection, the terms “insurance beneficiary” and “default” have the meanings assigned to them by section 435.

(5) APPLICABILITY TO EXISTING LOANS.—In the case of any guaranty agreement with a guaranty agency, the Secretary may, in accordance with the terms of this subsection, undertake to guarantee loans described in paragraph (1) which are insured by such guaranty agency and are outstanding on the date of execution of the guaranty agreement, but only with respect to defaults occurring after the execution of such guaranty agreement or, if later, after its effective date.

(6) SECRETARY’S EQUITABLE SHARE.—(A) For the purpose of paragraph (2)(D), the Secretary’s equitable share of payments made by the borrower shall be that portion of the payments remaining after the guaranty agency with which the Secretary has an agreement under this subsection has deducted from such payments—

(i) a percentage amount equal to the complement of the reinsurance percentage in effect when payment under the guaranty agreement was made with respect to the loan; and

(ii) an amount equal to 24 percent of such payments for use in accordance with section 422B, except that—

(I) beginning October 1, 2003 and ending September 30, 2007, this clause shall be applied by substituting “23 percent” for “24 percent”; and

(II) beginning October 1, 2007, this clause shall be applied by substituting “16 percent” for “24 percent”.

(B) A guaranty agency shall—

(i) on or after October 1, 2006—

(I) not charge the borrower collection costs in an amount in excess of 18.5 percent of the outstanding principal and interest of a defaulted loan that is paid off through consolidation by the borrower under this title; and

(II) remit to the Secretary a portion of the collection charge under subclause (I) equal to 8.5 percent of the outstanding principal and interest of such defaulted loan; and

(ii) on and after October 1, 2009, remit to the Secretary the entire amount charged under clause (i)(I) with respect to each defaulted loan that is paid off with excess consolidation proceeds.

(C) For purposes of subparagraph (B), the term “excess consolidation proceeds” means, with respect to any guaranty agen-

cy for any Federal fiscal year beginning on or after October 1, 2009, the proceeds of consolidation of defaulted loans under this title that exceed 45 percent of the agency's total collections on defaulted loans in such Federal fiscal year.

(7) NEW PROGRAMS ELIGIBLE FOR 100 PERCENT REINSURANCE.—(A) Notwithstanding paragraph (1)(C), the amount to be paid a guaranty agency for any fiscal year—

(i) which begins on or after October 1, 1977 and ends before October 1, 1991; and

(ii) which is either the fiscal year in which such guaranty agency begins to actively carry on a student loan insurance program which is subject to a guaranty agreement under subsection (b) of this section, or is one of the 4 succeeding fiscal years,

shall be 100 percent of the amount expended by such guaranty agency in discharge of its insurance obligation insured under such program.

(B) Notwithstanding the provisions of paragraph (1)(C), the Secretary may pay a guaranty agency 100 percent of the amount expended by such agency in discharge of such agency's insurance obligation for any fiscal year which—

(i) begins on or after October 1, 1991; and

(ii) is the fiscal year in which such guaranty agency begins to actively carry on a student loan insurance program which is subject to a guaranty agreement under subsection (b) or is one of the 4 succeeding fiscal years.

(C) The Secretary shall continuously monitor the operations of those guaranty agencies to which the provisions of subparagraph (A) or (B) are applicable and revoke the application of such subparagraph to any such guaranty agency which the Secretary determines has not exercised reasonable prudence in the administration of such program.

(8) ASSIGNMENT TO PROTECT FEDERAL FISCAL INTEREST.—If the Secretary determines that the protection of the Federal fiscal interest so requires, a guaranty agency shall assign to the Secretary any loan of which it is the holder and for which the Secretary has made a payment pursuant to paragraph (1) of this subsection.

(9) GUARANTY AGENCY RESERVE LEVEL.—(A) Each guaranty agency which has entered into an agreement with the Secretary pursuant to this subsection shall maintain in the agency's Federal Student Loan Reserve Fund established under section 422A a current minimum reserve level of at least 0.25 percent of the total attributable amount of all outstanding loans guaranteed by such agency. For purposes of this paragraph, such total attributable amount does not include amounts of outstanding loans transferred to the guaranty agency from another guaranty agency pursuant to a plan of the Secretary in response to the insolvency of the latter such guaranty agency.

(B) The Secretary shall collect, on an annual basis, information from each guaranty agency having an agreement under this subsection to enable the Secretary to evaluate the financial solvency of each such agency. The information collected shall include the level of such agency's current reserves, cash disbursements and accounts receivable.

(C) If (i) any guaranty agency falls below the required minimum reserve level in any 2 consecutive years, (ii) any guaranty agency's Federal reimbursement payments are reduced to 85 percent pursuant to paragraph (1)(B)(i), or (iii) the Secretary determines that the administrative or financial condition of a guaranty agency jeopardizes such agency's continued ability to perform its responsibilities under its guaranty agreement, then the Secretary shall require the guaranty agency to submit and implement a management plan acceptable to the Secretary within 45 working days of any such event.

(D)(i) If the Secretary is not seeking to terminate the guaranty agency's agreement under subparagraph (E), or assuming the guaranty agency's functions under subparagraph (F), a management plan described in subparagraph (C) shall include the means by which the guaranty agency will improve its financial and administrative condition to the required level within 18 months.

(ii) If the Secretary is seeking to terminate the guaranty agency's agreement under subparagraph (E), or assuming the guaranty agency's functions under subparagraph (F), a management plan described in subparagraph (C) shall include the means by which the Secretary and the guaranty agency shall work together to ensure the orderly termination of the operations, and liquidation of the assets, of the guaranty agency.

(E) The Secretary may terminate a guaranty agency's agreement in accordance with subparagraph (F) if—

(i) a guaranty agency required to submit a management plan under this paragraph fails to submit a plan that is acceptable to the Secretary;

(ii) the Secretary determines that a guaranty agency has failed to improve substantially its administrative and financial condition;

(iii) the Secretary determines that the guaranty agency is in danger of financial collapse;

(iv) the Secretary determines that such action is necessary to protect the Federal fiscal interest; or

(v) the Secretary determines that such action is necessary to ensure the continued availability of loans to student or parent borrowers.

(F) If a guaranty agency's agreement under this subsection is terminated pursuant to subparagraph (E), then the Secretary shall assume responsibility for all functions of the guaranty agency under the loan insurance program of such agency. In performing such functions the Secretary is authorized to—

(i) permit the transfer of guarantees to another guaranty agency;

(ii) revoke the reinsurance agreement of the guaranty agency at a specified date, so as to require the merger, consolidation, or termination of the guaranty agency;

(iii) transfer guarantees to the Department of Education for the purpose of payment of such claims and process such claims using the claims standards of the guaranty agency, if such standards are determined by the Secretary to be in compliance with this Act;

- (iv) design and implement a plan to restore the guaranty agency's viability;
 - (v) provide the guaranty agency with additional advance funds in accordance with section 422(c)(7), with such restrictions on the use of such funds as is determined appropriate by the Secretary, in order to—
 - (I) meet the immediate cash needs of the guaranty agency;
 - (II) ensure the uninterrupted payment of claims; or
 - (III) ensure that the guaranty agency will make loans as the lender-of-last-resort, in accordance with subsection (j);
 - (vi) use all funds and assets of the guaranty agency to assist in the activities undertaken in accordance with this subparagraph and take appropriate action to require the return, to the guaranty agency or the Secretary, of any funds or assets provided by the guaranty agency, under contract or otherwise, to any person or organization; or
 - (vii) take any other action the Secretary determines necessary to ensure the continued availability of loans made under this part to residents of the State or States in which the guaranty agency did business, the full honoring of all guarantees issued by the guaranty agency prior to the Secretary's assumption of the functions of such agency, and the proper servicing of loans guaranteed by the guaranty agency prior to the Secretary's assumption of the functions of such agency, and to avoid disruption of the student loan program.
- (G) Notwithstanding any other provision of Federal or State law, if the Secretary has terminated or is seeking to terminate a guaranty agency's agreement under subparagraph (E), or has assumed a guaranty agency's functions under subparagraph (F)—
- (i) no State court may issue any order affecting the Secretary's actions with respect to such guaranty agency;
 - (ii) any contract with respect to the administration of a guaranty agency's reserve funds, or the administration of any assets purchased or acquired with the reserve funds of the guaranty agency, that is entered into or extended by the guaranty agency, or any other party on behalf of or with the concurrence of the guaranty agency, after the date of enactment of this subparagraph shall provide that the contract is terminable by the Secretary upon 30 days notice to the contracting parties if the Secretary determines that such contract includes an impermissible transfer of the reserve funds or assets, or is otherwise inconsistent with the terms or purposes of this section; and
 - (iii) no provision of State law shall apply to the actions of the Secretary in terminating the operations of a guaranty agency.
- (H) Notwithstanding any other provision of law, the Secretary's liability for any outstanding liabilities of a guaranty agency (other than outstanding student loan guarantees under this part), the functions of which the Secretary has assumed, shall not exceed the fair market value of the reserves of the

guaranty agency, minus any necessary liquidation or other administrative costs.

(I) The Secretary shall not take any action under subparagraph (E) or (F) without giving the guaranty agency notice and the opportunity for a hearing that, if commenced after September 24, 1998, shall be on the record.

(J) Notwithstanding any other provision of law, the information transmitted to the Secretary pursuant to this paragraph shall be confidential and exempt from disclosure under section 552 of title 5, United States Code, relating to freedom of information, or any other Federal law.

(K) The Secretary, within 6 months after the end of each fiscal year, shall submit to the authorizing committees a report specifying the Secretary's assessment of the fiscal soundness of the guaranty agency system.

(10) DOCUMENTATION OF FORBEARANCE AGREEMENTS.—For the purposes of paragraph (3), the terms of forbearance agreed to by the parties shall be documented by confirming the agreement of the borrower by notice to the borrower from the lender, and by recording the terms in the borrower's file.

(d) USURY LAWS INAPPLICABLE.—No provision of any law of the United States (other than this Act and section 207 of the Servicemembers Civil Relief Act (50 U.S.C. App. 527)) or of any State (other than a statute applicable principally to such State's student loan insurance program) which limits the rate or amount of interest payable on loans shall apply to a loan—

(1) which bears interest (exclusive of any premium for insurance) on the unpaid principal balance at a rate not in excess of the rate specified in this part; and

(2) which is insured (i) by the United States under this part, or (ii) by a guaranty agency under a program covered by an agreement made pursuant to subsection (b) of this section.

(f) PAYMENTS OF CERTAIN COSTS.—

(1) PAYMENT FOR CERTAIN ACTIVITIES.—

(A) IN GENERAL.—The Secretary—

(i) for loans originated during fiscal years beginning on or after October 1, 1998, and before October 1, 2003, and in accordance with the provisions of this paragraph, shall, except as provided in subparagraph (C), pay to each guaranty agency, a loan processing and issuance fee equal to 0.65 percent of the total principal amount of the loans on which insurance was issued under this part during such fiscal year by such agency; and

(ii) for loans originated on or after October 1, 2003, and first disbursed before July 1, 2010, and in accordance with the provisions of this paragraph, shall, except as provided in subparagraph (C), pay to each guaranty agency, a loan processing and issuance fee equal to 0.40 percent of the total principal amount of the loans on which insurance was issued under this part during such fiscal year by such agency.

(B) PAYMENT.—The payment required by subparagraph (A) shall be paid on a quarterly basis. The guaranty agency shall be deemed to have a contractual right against the

United States to receive payments according to the provisions of this paragraph. Payments shall be made promptly and without administrative delay to any guaranty agency submitting an accurate and complete application under this subparagraph.

(C) REQUIREMENT FOR PAYMENT.—No payment may be made under this paragraph for loans for which the disbursement checks have not been cashed or for which electronic funds transfers have not been completed.

(g) ACTION ON INSURANCE PROGRAM AND GUARANTY AGREEMENTS.—If a nonprofit private institution or organization—

(1) applies to enter into an agreement with the Secretary under subsections (b) and (c) with respect to a student loan insurance program to be carried on in a State with which the Secretary does not have an agreement under subsection (b), and

(2) as provided in the application, undertakes to meet the requirements of section 422(c)(6)(B) (i), (ii), and (iii), the Secretary shall consider and act upon such application within 180 days, and shall forthwith notify the authorizing committees of his actions.

(i) MULTIPLE DISBURSEMENT OF LOANS.—

(1) ESCROW ACCOUNTS ADMINISTERED BY ESCROW AGENT.—Any guaranty agency or eligible lender (hereafter in this subsection referred to as the “escrow agent”) may enter into an agreement with any other eligible lender that is not an eligible institution or an agency or instrumentality of the State (hereafter in this subsection referred to as the “lender”) for the purpose of authorizing disbursements of the proceeds of a loan to a student. Such agreement shall provide that the lender will pay the proceeds of such loans into an escrow account to be administered by the escrow agent in accordance with the provisions of paragraph (2) of this subsection. Such agreement may allow the lender to make payments into the escrow account in amounts that do not exceed the sum of the amounts required for disbursement of initial or subsequent installments to borrowers and to make such payments not more than 10 days prior to the date of the disbursement of such installment to such borrowers. Such agreement shall require the lender to notify promptly the eligible institution when funds are escrowed under this subsection for a student at such institution.

(2) AUTHORITY OF ESCROW AGENT.—Each escrow agent entering into an agreement under paragraph (1) of this subsection is authorized to—

(A) make the disbursements in accordance with the note evidencing the loan;

(B) commingle the proceeds of all loans paid to the escrow agent pursuant to the escrow agreement entered into under such paragraph (1);

(C) invest the proceeds of such loans in obligations of the Federal Government or obligations which are insured or guaranteed by the Federal Government;

(D) retain interest or other earnings on such investment; and

(E) return to the lender undisbursed funds when the student ceases to carry at an eligible institution at least one-half of the normal full-time academic workload as determined by the institution.

(j) LENDERS-OF-LAST-RESORT.—

(1) GENERAL REQUIREMENT.—In each State, the guaranty agency or an eligible lender in the State described in section 435(d)(1)(D) of this Act shall, before July 1, 2010, make loans directly, or through an agreement with an eligible lender or lenders, to eligible students and parents who are otherwise unable to obtain loans under this part (except for consolidation loans under section 428C) or who attend an institution of higher education in the State that is designated under paragraph (4). Loans made under this subsection shall not exceed the amount of the need of the borrower, as determined under subsection (a)(2)(B), nor be less than \$200. No loan under section 428, 428B, or 428H that is made pursuant to this subsection shall be made with interest rates, origination or default fees, or other terms and conditions that are more favorable to the borrower than the maximum interest rates, origination or default fees, or other terms and conditions applicable to that type of loan under this part. The guaranty agency shall consider the request of any eligible lender, as defined under section 435(d)(1)(A) of this Act, to serve as the lender-of-last-resort pursuant to this subsection.

(2) RULES AND OPERATING PROCEDURES.—The guaranty agency shall develop rules and operating procedures for the lender-of-last-resort program designed to ensure that—

(A) the program establishes operating hours and methods of application designed to facilitate application by students and ensure a response within 60 days after the student's original complete application is filed under this subsection;

(B) consistent with standards established by the Secretary, students applying for loans under this subsection shall not be subject to additional eligibility requirements or requests for additional information beyond what is required under this title in order to receive a loan under this part from an eligible lender, nor, in the case of students and parents applying for loans under this subsection because of an inability to otherwise obtain loans under this part (except for consolidation loans under section 428C), be required to receive more than two rejections from eligible lenders in order to obtain a loan under this subsection;

(C) information about the availability of loans under the program is made available to institutions of higher education in the State; and

(D) appropriate steps are taken to ensure that borrowers receiving loans under the program are appropriately counseled on their loan obligation.

(3) ADVANCES TO GUARANTY AGENCIES FOR LENDER-OF-LAST-RESORT SERVICES.—(A) In order to ensure the availability of loan capital, the Secretary is authorized to provide a guaranty agency designated for a State with additional advance funds in accordance with subparagraph (C) and section 422(c)(7), with

such restrictions on the use of such funds as are determined appropriate by the Secretary, in order to ensure that the guaranty agency will make loans as the lender-of-last-resort. Such agency shall make such loans in accordance with this subsection and the requirements of the Secretary.

(B) Notwithstanding any other provision in this part, a guaranty agency serving as a lender-of-last-resort under this paragraph shall be paid a fee, established by the Secretary, for making such loans in lieu of interest and special allowance subsidies, and shall be required to assign such loans to the Secretary on demand. Upon such assignment, the portion of the advance represented by the loans assigned shall be considered repaid by such guaranty agency.

(C) The Secretary shall exercise the authority described in subparagraph (A) only if the Secretary determines that eligible borrowers are seeking and are unable to obtain loans under this part or designates an institution of higher education for participation in the program under this subsection under paragraph (4), and that the guaranty agency designated for that State has the capability to provide lender-of-last-resort loans in a timely manner, in accordance with the guaranty agency's obligations under paragraph (1), but cannot do so without advances provided by the Secretary under this paragraph. If the Secretary makes the determinations described in the preceding sentence and determines that it would be cost-effective to do so, the Secretary may provide advances under this paragraph to such guaranty agency. If the Secretary determines that such guaranty agency does not have such capability, or will not provide such loans in a timely fashion, the Secretary may provide such advances to enable another guaranty agency, that the Secretary determines to have such capability, to make lender-of-last-resort loans to eligible borrowers in that State who are experiencing loan access problems or to eligible borrowers who attend an institution in the State that is designated under paragraph (4).

(4) INSTITUTION-WIDE STUDENT QUALIFICATION.—Upon the request of an institution of higher education and pursuant to standards developed by the Secretary, the Secretary shall designate such institution for participation in the lender-of-last-resort program under this paragraph. If the Secretary designates an institution under this paragraph, the guaranty agency designated for the State in which the institution is located shall make loans, in the same manner as such loans are made under paragraph (1), to students and parent borrowers of the designated institution, regardless of whether the students or parent borrowers are otherwise unable to obtain loans under this part (other than a consolidation loan under section 428C).

(5) STANDARDS DEVELOPED BY THE SECRETARY.—In developing standards with respect to paragraph (4), the Secretary may require—

(A) an institution of higher education to demonstrate that, despite due diligence on the part of the institution, the institution has been unable to secure the commitment of eligible lenders willing to make loans under this part to a significant number of students attending the institution;

(B) that, prior to making a request under such paragraph for designation for participation in the lender-of-last-resort program, an institution of higher education shall demonstrate that the institution has met a minimum threshold, as determined by the Secretary, for the number or percentage of students at such institution who have received rejections from eligible lenders for loans under this part; and

(C) any other standards and guidelines the Secretary determines to be appropriate.

(6) EXPIRATION OF AUTHORITY.—The Secretary's authority under paragraph (4) to designate institutions of higher education for participation in the program under this subsection shall expire on June 30, 2010.

(7) EXPIRATION OF DESIGNATION.—The eligibility of an institution of higher education, or borrowers from such institution, to participate in the program under this subsection pursuant to a designation of the institution by the Secretary under paragraph (4) shall expire on June 30, 2010. After such date, borrowers from an institution designated under paragraph (4) shall be eligible to participate in the program under this subsection as such program existed on the day before the date of enactment of the Ensuring Continued Access to Student Loans Act of 2008.

(8) PROHIBITION ON INDUCEMENTS AND MARKETING.—Each guaranty agency or eligible lender that serves as a lender-of-last-resort under this subsection—

(A) shall be subject to the prohibitions on inducements contained in subsection (b)(3) and the requirements of section 435(d)(5); and

(B) shall not advertise, market, or otherwise promote loans under this subsection, except that nothing in this paragraph shall prohibit a guaranty agency from fulfilling its responsibilities under paragraph (2)(C).

(9) DISSEMINATION AND REPORTING.—

(A) IN GENERAL.—The Secretary shall—

(i) broadly disseminate information regarding the availability of loans made under this subsection;

(ii) during the period beginning July 1, 2008 and ending June 30, 2011, provide to the authorizing committees and make available to the public—

(I) copies of any new or revised plans or agreements made by guaranty agencies or the Department related to the authorities under this subsection;

(II) quarterly reports on—

(aa) the number and amounts of loans originated or approved pursuant to this subsection by each guaranty agency and eligible lender; and

(bb) any related payments by the Department, a guaranty agency, or an eligible lender; and

(III) a budget estimate of the costs to the Federal Government (including subsidy and adminis-

trative costs) for each 100 dollars loaned, of loans made pursuant to this subsection between the date of enactment of the Ensuring Continued Access to Student Loans Act of 2008 and June 30, 2010, disaggregated by type of loan, compared to such costs to the Federal Government during such time period of comparable loans under this part and part D, disaggregated by part and by type of loan; and

(k) INFORMATION ON DEFAULTS.—

(1) PROVISION OF INFORMATION TO ELIGIBLE INSTITUTIONS.—Notwithstanding any other provision of law, in order to notify eligible institutions of former students who are in default of their continuing obligation to repay student loans, each guaranty agency shall, upon the request of an eligible institution, furnish information with respect to students who were enrolled at the eligible institution and who are in default on the repayment of any loan made, insured, or guaranteed under this part. The information authorized to be furnished under this subsection shall include the names and addresses of such students.

(2) PUBLIC DISSEMINATION NOT AUTHORIZED.—Nothing in paragraph (1) of this subsection shall be construed to authorize public dissemination of the information described in paragraph (1).

(3) BORROWER LOCATION INFORMATION.—Any information provided by the institution relating to borrower location shall be used by the guaranty agency in conducting required skip-tracing activities.

(4) PROVISION OF INFORMATION TO BORROWERS IN DEFAULT.—Each guaranty agency that has received a default claim from a lender regarding a borrower, shall provide the borrower in default, on not less than two separate occasions, with a notice, in simple and understandable terms, of not less than the following information:

(A) The options available to the borrower to remove the borrower's loan from default.

(B) The relevant fees and conditions associated with each option.

(l) **DEFAULT AVERSION ASSISTANCE.**—

(1) **ASSISTANCE REQUIRED.**—Upon receipt of a complete request from a lender received not earlier than the 60th day of delinquency, a guaranty agency having an agreement with the Secretary under subsection (c) shall engage in default aversion activities designed to prevent the default by a borrower on a loan covered by such agreement.

(B) **AMOUNT.**—The default aversion fee shall be equal to 1 percent of the total unpaid principal and accrued interest on the loan at the time the request is submitted by the lender. A guaranty agency may transfer such fees earned under this subsection not more frequently than monthly. Such a fee shall not be paid more than once on any loan for which the guaranty agency averts the default unless—

(i) at least 18 months has elapsed between the date the borrower entered current repayment status and the date the lender filed a subsequent default aversion assistance request; and

(ii) during the period between such dates, the borrower was not more than 30 days past due on any payment of principal and interest on the loan.

(C) **DEFINITION.**—For the purpose of earning the default aversion fee, the term “current repayment status” means that the borrower is not delinquent in the payment of any principal or interest on the loan.

(m) **[INCOME CONTINGENT AND] INCOME-BASED REPAYMENT.**—

[(1) AUTHORITY OF SECRETARY TO REQUIRE.—The Secretary may require borrowers who have defaulted on loans made under this part that are assigned to the Secretary under subsection (c)(8) to repay those loans under an income contingent repayment plan or income-based repayment plan, the terms and conditions of which shall be established by the Secretary and the same as, or similar to, an income contingent repayment plan established for purposes of part D of this title or an income-based repayment plan under section 493C, as the case may be.]

(n) **BLANKET CERTIFICATE OF LOAN GUARANTY.**—

(1) **IN GENERAL.**—Subject to paragraph (3), any guaranty agency that has entered into or enters into any insurance program agreement with the Secretary under this part may—

(5) AMORTIZATION.—The amount of the periodic payment and the repayment schedule for any loan made pursuant to this section shall be established by assuming an interest rate equal to the applicable rate of interest at the time the repayment of the principal amount of the loan commences. At the option of the lender, the note or other written evidence of the loan may require that—

(A) the amount of the periodic payment will be adjusted annually, or

(B) the period of repayment of principal will be lengthened or shortened,

in order to reflect adjustments in interest rates occurring as a consequence of section 427A(c)(4).

(e) REFINANCING.—

(1) REFINANCING TO SECURE COMBINED PAYMENT.—An eligible lender may at any time consolidate loans held by it which are made under this section to a borrower, including loans which were made under section 428B as in effect prior to the enactment of the Higher Education Amendments of 1986, under a single repayment schedule which provides for a single principal payment and a single payment of interest, and shall calculate the repayment period for each included loan from the date of the commencement of repayment of the most recent included loan. Unless the consolidated loan is obtained by a borrower who is electing to obtain variable interest under paragraph (2) or (3), such consolidated loan shall bear interest at the weighted average of the rates of all included loans. The extension of any repayment period of an included loan pursuant to this paragraph shall be reported (if required by them) to the Secretary or guaranty agency insuring the loan, as the case may be, but no additional insurance premiums shall be payable with respect to any such extension. The extension of the repayment period of any included loan shall not require the formal extension of the promissory note evidencing the in-

cluded loan or the execution of a new promissory note, but shall be treated as an administrative forbearance of the repayment terms of the included loan.

(2) REFINANCING TO SECURE VARIABLE INTEREST RATE.—An eligible lender may reissue a loan which was made under this section before July 1, 1987, or under section 428B as in effect prior to the enactment of the Higher Education Amendments of 1986 in order to permit the borrower to obtain the interest rate provided under section 427A(c)(4). A lender offering to reissue a loan or loans for such purpose may charge a borrower an amount not to exceed \$100 to cover the administrative costs of reissuing such loan or loans, not more than one-half of which shall be paid to the guarantor of the loan being reissued to cover costs of reissuance. Reissuance of a loan under this paragraph shall not affect any insurance applicable with respect to the loan, and no additional insurance fee may be charged to the borrower with respect to the loan.

(3) REFINANCING BY DISCHARGE OF PREVIOUS LOAN.—A borrower who has applied to an original lender for reissuance of a loan under paragraph (2) and who is denied such reissuance may obtain a loan from another lender for the purpose of discharging the loan from such original lender. A loan made for such purpose—

(B) shall not result in the extension of the duration of the note (other than as permitted under subsection (d)(5)(B));

(D) shall be applied to discharge the borrower from any remaining obligation to the original lender with respect to the original loan.

(4) CERTIFICATION IN LIEU OF PROMISSORY NOTE PRESENTATION.—Each new lender may accept certification from the original lender of the borrower's original loan in lieu of presentation of the original promissory note.

(f) VERIFICATION OF IMMIGRATION STATUS AND SOCIAL SECURITY NUMBER.—A parent who wishes to borrow funds under this section shall be subject to verification of the parent's—

(1) immigration status in the same manner as immigration status is verified for students under section 484(g); and

(2) social security number in the same manner as social security numbers are verified for students under section 484(p).

The Secretary shall not offer such loans if, in the Secretary's judgment, the Department of Education does not have the necessary origination and servicing arrangements in place for such loans.

(6) NONDISCRIMINATION IN LOAN CONSOLIDATION.—An eligible lender that makes consolidation loans under this section shall not discriminate against any borrower seeking such a loan—

(2) REPAYMENT SCHEDULES.—(A) Notwithstanding any other provision of this part, to the extent authorized by its certificate of insurance under subsection (b)(2) and approved by the issuer of such certificate, the lender of a consolidation loan shall establish repayment terms as will promote the objectives of this section, which shall include the establishment of graduated, income-sensitive, or income-based repayment schedules, established by the lender in accordance with the regulations of the Secretary. Except as required by such income-sensitive or income-based repayment schedules, or by the terms of repayment pursuant to income contingent repayment offered by the Secretary under subsection (b)(5), such repayment terms shall require that if the sum of the consolidation loan and the amount outstanding on other student loans to the individual—

(3) ADDITIONAL REPAYMENT REQUIREMENTS.—Notwithstanding paragraph (2)—

(A) except in the case of an income-based repayment schedule under section 493C, a repayment schedule established with respect to a consolidation loan shall require that the minimum installment payment be an amount equal to not less than the accrued unpaid interest;

(B) except as required by the terms of repayment pursuant to income contingent repayment offered by the Sec-

(G) DEFAULT DUE TO ERROR.—A loan that does not meet the requirements of subparagraph (A) may also be eligible for sale or assignment under this paragraph upon a determination that the loan was in default due to clerical or data processing error and would not, in the absence of such error, be in a delinquent status.

(2) USE OF PROCEEDS OF SALES.—Amounts received by the Secretary pursuant to the sale of such loans by a guaranty agency under paragraph (1)(A)(i) shall be deducted from the calculations of the amount of reimbursement for which the agency is eligible under paragraph (1)(D)(ii)(I) for the fiscal year in which the amount was received, notwithstanding the fact that the default occurred in a prior fiscal year.

(3) BORROWER ELIGIBILITY.—Any borrower whose loan is sold or assigned under paragraph (1)(A) shall not be precluded by section 484 from receiving additional loans or grants under this title (for which he or she is otherwise eligible) on the basis of defaulting on the loan prior to such loan sale or assignment.

An institution whose cohort default rate (as determined under section 435(m)) for each of the three most recent fiscal years for which data are available is less than 10 percent shall be exempt from the requirements of this paragraph. Notwithstanding section 422(d)

of the Higher Education Amendments of 1998, the second sentence of this paragraph shall be effective beginning on the date of enactment of the Higher Education Reconciliation Act of 2005.

(3) notwithstanding subsection (a)(2), may, with the permission of the borrower, be disbursed by the lender on a weekly or monthly basis, provided that the proceeds of the loan are disbursed by the lender in substantially equal weekly or monthly installments, as the case may be, over the period of enrollment for which the loan is made.

(c) **DETERMINATION OF AMOUNT OF LOAN.**—The determination of the amount of a loan by an eligible institution under subsection (b) shall be calculated by subtracting from the estimated cost of attendance at the eligible institution any estimated financial assistance reasonably available to such student. An eligible institution may not, in carrying out the provisions of subsection (b) of this section, provide a statement which certifies the eligibility of any student to receive any loan under this section in excess of the amount calculated under the preceding sentence.

(II) \$7,000 for coursework necessary for a professional credential or certification from a State required for employment as a teacher in an elementary or secondary school,

except in cases where the Secretary determines that a higher amount is warranted in order to carry out the purpose of this part with respect to students engaged in specialized training requiring exceptionally high costs of education, but the annual insurable limit per student shall not be deemed to be exceeded by a line of credit under which actual payments by the lender to the borrower will not be made in any years in excess of the annual limit.

(3) LIMITS FOR UNDERGRADUATE DEPENDENT STUDENTS.—

(A) ANNUAL LIMITS.—The maximum annual amount of loans under this section an undergraduate dependent student (except an undergraduate dependent student whose parents are unable to borrow under section 428B or the Federal Direct PLUS Loan Program) may borrow in any academic year (as defined in section 481(a)(2)) or its equivalent shall be the sum of the amount determined under paragraph (1), plus \$2,000.

(I) \$6,000, if such student is enrolled in a program whose length is at least one academic year in length; or

(II) if such student is enrolled in a program of undergraduate education which is less than one academic year, the maximum annual loan amount that such student may receive may not exceed the amount that bears the same ratio to the amount specified in subclause (I) as the length of such program measured in semester, trimester, quarter, or clock hours bears to one academic year;

(ii) in the case of such a student at an eligible institution who has successfully completed such first and second years but has not successfully completed the remainder of a program of undergraduate education—

(I) \$7,000; or

(II) if such student is enrolled in a program of undergraduate education, the remainder of which is less than one academic year, the maximum annual loan amount that such student may receive may not exceed the amount that bears the same ratio to the amount specified in subclause (I) as such remainder measured in semester, trimester, quarter, or clock hours bears to one academic year; and

(e) PAYMENT OF PRINCIPAL AND INTEREST.—

(1) COMMENCEMENT OF REPAYMENT.—Repayment of principal on loans made under this section shall begin at the beginning of the repayment period described in section 428(b)(7). Not less than 30 days prior to the anticipated commencement of such repayment period, the holder of such loan shall provide notice to the borrower that interest will accrue before repayment be-

gins and of the borrower's option to begin loan repayment at an earlier date.

(2) CAPITALIZATION OF INTEREST.—(A) Except as provided in subparagraph (C), interest on loans made under this section for which payments of principal are not required during the in-school and grace periods or for which payments are deferred under sections 427(a)(2)(C) and 428(b)(1)(M) shall, if agreed upon by the borrower and the lender—

(i) be paid monthly or quarterly; or

(ii) be added to the principal amount of the loan by the lender only—

(I) when the loan enters repayment;

(II) at the expiration of a grace period, in the case of a loan that qualifies for a grace period;

(III) at the expiration of a period of deferment or forbearance, *except that with respect to a period of deferment described in clause (i)(II), (ii), (iii), or (iv) of section 427(a)(2)(C) or clause (i)(II), (ii), (iii), (iv), or (v) of section 428(b)(1)(M), or any period of forbearance, beginning on or after the date of enactment of the College Affordability Act on a loan made, insured, or guaranteed under this section, interest shall not be added to the principal amount of the loan at the expiration of such period of deferment or forbearance;* or

(5) AMORTIZATION.—The amount of the periodic payment and the repayment schedule for any loan made pursuant to this section shall be established by assuming an interest rate equal to the applicable rate of interest at the time the repayment of the principal amount of the loan commences. At the option of the lender, the note or other written evidence of the loan may require that—

(A) the amount of the periodic payment will be adjusted annually; or

(B) the period of repayment of principal will be lengthened or shortened,

in order to reflect adjustments in interest rates occurring as a consequence of section 427A(c)(4).

(6) REPAYMENT PERIOD.—For purposes of calculating the repayment period under section 428(b)(9), such period shall commence at the time the first payment of principal is due from the borrower.

(7) QUALIFICATION FOR FORBEARANCE.—A lender may grant the borrower of a loan under this section a forbearance for a

period not to exceed 60 days if the lender reasonably determines that such a forbearance from collection activity is warranted following a borrower's request for forbearance, deferment, or a change in repayment plan, or a request to consolidate loans in order to collect or process appropriate supporting documentation related to the request. (f) AUDIT OF FINANCIAL TRANSACTIONS.—

(1) COMPTROLLER GENERAL AND INSPECTOR GENERAL AUTHORITY.—The Comptroller General and the Inspector General of the Department of Education shall each have the authority to conduct an audit of the financial transactions of—

(A) any guaranty agency operating under an agreement with the Secretary pursuant to section 428(b);

(B) any eligible lender as defined in section 435(d)(1); and

(C) a representative sample of eligible lenders under this part, upon the request of either of the authorizing committees, with respect to the payment of the special allowance under section 438 in order to evaluate the program authorized by this part.

(2) ACCESS TO RECORDS.—For the purpose of carrying out this subsection, the records of any entity described in subparagraph (A), (B), (C), or (D) of paragraph (1) shall be available to the Comptroller General and the Inspector General of the Department of Education. For the purpose of section 716(c) of title 31, United States Code, such records shall be considered to be records to which the Comptroller General has access by law, and for the purpose of section 6(a)(4) of the Inspector General Act of 1978, such records shall be considered to be records necessary in the performance of functions assigned by that Act to the Inspector General.

(g) CIVIL PENALTIES.—

(1) AUTHORITY TO IMPOSE PENALTIES.—Upon determination, after reasonable notice and opportunity for a hearing, that a lender or a guaranty agency—

(A) has violated or failed to carry out any provision of this part or any regulation prescribed under this part, or

(B) has engaged in substantial misrepresentation of the nature of its financial charges,

the Secretary may impose a civil penalty upon such lender or agency of not to exceed \$25,000 for each violation, failure, or misrepresentation.

(2) LIMITATIONS.—No civil penalty may be imposed under paragraph (1) of this subsection unless the Secretary determines that—

(A) the violation, failure, or substantial misrepresentation referred to in that paragraph resulted from a violation, failure, or misrepresentation that is material; and

(B) the lender or guaranty agency knew or should have known that its actions violated or failed to carry out the provisions of this part or the regulations thereunder.

(3) CORRECTION OF FAILURE.—A lender or guaranty agency has no liability under paragraph (1) of this subsection if, prior to the notification by the Secretary under that paragraph, the lender or guaranty agency cures or corrects the violation or failure or notifies the person who received the substantial misrepresentation of the actual nature of the financial charges involved.

(4) CONSIDERATION AS SINGLE VIOLATION.—For the purpose of paragraph (1) of this subsection, violations, failures, or substantial misrepresentations arising from a specific practice of a lender or guaranty agency, and occurring prior to notification by the Secretary under that paragraph, shall be deemed to be a single violation, failure, or substantial misrepresentation even if the violation, failure, or substantial misrepresentation affects more than one loan or more than one borrower, or both. The Secretary may only impose a single civil penalty for each such violation, failure, or substantial misrepresentation.

(5) ASSIGNEES NOT LIABLE FOR VIOLATIONS BY OTHERS.—If a loan affected by a violation, failure, or substantial misrepresentation is assigned to another holder, the lender or guaranty agency responsible for the violation, failure, or substantial misrepresentation shall remain liable for any civil money penalty provided for under paragraph (1) of this subsection, but the assignee shall not be liable for any such civil money penalty.

(6) COMPROMISE.—Until a matter is referred to the Attorney General, any civil penalty under paragraph (1) of this subsection may be compromised by the Secretary. In determining the amount of such penalty, or the amount agreed upon in compromise, the Secretary shall consider the appropriateness of the penalty to the resources of the lender or guaranty agency subject to the determination; the gravity of the violation, failure, or substantial misrepresentation; the frequency and persistence of the violation, failure, or substantial misrepresentation; and the amount of any losses resulting from the violation, failure, or substantial misrepresentation. The amount of such penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owing by the United States to the lender or agency charged, unless the lender or agency has, in the case of a final agency determination, commenced proceedings for judicial review within 90 days of the determination, in which case the deduction may not be made during the pendency of the proceeding.

(h) AUTHORITY OF THE SECRETARY TO IMPOSE AND ENFORCE LIMITATIONS, SUSPENSIONS, AND TERMINATIONS.—

(1) IMPOSITION OF SANCTIONS.—(A) If the Secretary, after a reasonable notice and opportunity for hearing to an eligible lender, finds that the eligible lender—

(i) has substantially failed—

(I) to exercise reasonable care and diligence in the making and collecting of loans under the provisions of this part,

(II) to make the reports or statements under section 428(a)(4), or

(III) to pay the required loan insurance premiums to any guaranty agency, or

(ii) has engaged in—

(I) fraudulent or misleading advertising or in solicitations that have resulted in the making of loans insured or guaranteed under this part to borrowers who are ineligible; or

(II) the practice of making loans that violate the certification for eligibility provided in section 428,

the Secretary shall limit, suspend, or terminate that lender from participation in the insurance programs operated by guaranty agencies under this part.

(B) The Secretary shall not lift any such limitation, suspension, or termination until the Secretary is satisfied that the lender's failure under subparagraph (A)(i) of this paragraph or practice under subparagraph (A)(ii) of this paragraph has ceased and finds that there are reasonable assurances that the lender will—

(i) exercise the necessary care and diligence,

(ii) comply with the requirements described in subparagraph (A)(i), or

(iii) cease to engage in the practices described in subparagraph (A)(ii),

as the case may be.

(2) REVIEW OF SANCTIONS ON LENDERS.—(A) The Secretary shall review each limitation, suspension, or termination imposed by any guaranty agency pursuant to section 428(b)(1)(U) within 60 days after receipt by the Secretary of a notice from the guaranty agency of the imposition of such limitation, suspension, or termination, unless the right to such review is waived in writing by the lender. The Secretary shall uphold the imposition of such limitation, suspension, or termination in the student loan insurance program of each of the guaranty agencies under this part, and shall notify such guaranty agencies of such sanction—

(i) if such review is waived; or

(ii) if such review is not waived, unless the Secretary determines that the limitation, suspension, or termination was not imposed in accordance with requirements of such section.

(B) The Secretary's review under this paragraph of the limitation, suspension, or termination imposed by a guaranty agency pursuant to section 428(b)(1)(U) shall be limited to—

(i) a review of the written record of the proceedings in which the guaranty agency imposed such sanctions; and

(ii) a determination as to whether the guaranty agency complied with section 428(b)(1)(U) and any notice and hearing requirements prescribed in regulations of the Secretary under this part.

(C) The Secretary shall not lift any such sanction until the Secretary is satisfied that the lender has corrected the failures which led to the limitation, suspension, or termination, and finds that there are reasonable assurances that the lender will, in the future, comply with the requirements of this part. The Secretary shall notify each guaranty agency of the lifting of any such sanction.

(3) REVIEW OF SANCTIONS ON ELIGIBLE INSTITUTIONS.—(A) The Secretary shall review each limitation, suspension, or termination imposed by any guaranty agency pursuant to section 428(b)(1)(T) within 60 days after receipt by the Secretary of a notice from the guaranty of the imposition of such limitation, suspension, or termination, unless the right to such review is waived in writing by the institution. The Secretary shall uphold the imposition of such limitation, suspension, or termination in the student loan insurance program of each of the guaranty agencies under this part, and shall notify such guaranty agencies of such sanctions—

(i) if such review is waived; or

(ii) if such review is not waived, unless the Secretary determines that the limitation, suspension, or termination was not imposed in accordance with requirements of such section.

(B) The Secretary's review under this paragraph of the limitation, suspension, or termination imposed by a guaranty agency pursuant to section 428(b)(1)(T) shall be limited to—

(i) a review of the written record of the proceedings in which the guaranty agency imposed such sanctions; and

(ii) a determination as to whether the guaranty agency complied with section 428(b)(1)(T) and any notice and hearing requirements prescribed in regulations of the Secretary under this part.

(C) The Secretary shall not lift any such sanction until the Secretary is satisfied that the institution has corrected the failures which led to the limitation, suspension, or termination, and finds that there are reasonable assurances that the institution will, in the future, comply with the requirements of this part. The Secretary shall notify each guaranty agency of the lifting of any such sanction.

(i) AUTHORITY TO SELL DEFAULTED LOANS.—In the event that all other collection efforts have failed, the Secretary is authorized to sell defaulted student loans assigned to the United States under this part to collection agencies, eligible lenders, guaranty agencies, or other qualified purchaser on such terms as the Secretary determines are in the best financial interests of the United States. A loan may not be sold pursuant to this subsection if such loan is in repayment status.

(j) AUTHORITY OF THE SECRETARY TO TAKE EMERGENCY ACTIONS AGAINST LENDERS.—

(1) IMPOSITION OF SANCTIONS.—If the Secretary—

(A) receives information, determined by the Secretary to be reliable, that a lender is violating any provision of this title, any regulation prescribed under this title, or any applicable special arrangement, agreement, or limitation;

(B) determines that immediate action is necessary to prevent misuse of Federal funds; and

(C) determines that the likelihood of loss outweighs the importance of following the limitation, suspension, or termination procedures authorized in subsection (h);

the Secretary shall, effective on the date on which a notice and statement of the basis of the action is mailed to the lender (by registered mail, return receipt requested), take emergency action to stop the issuance of guarantee commitments and the payment of interest benefits and special allowance to the lender.

(2) LENGTH OF EMERGENCY ACTION.—An emergency action under this subsection may not exceed 30 days unless a limitation, suspension, or termination proceeding is initiated against the lender under subsection (h) before the expiration of that period.

(3) OPPORTUNITY TO SHOW CAUSE.—The Secretary shall provide the lender, if it so requests, an opportunity to show cause that the emergency action is unwarranted.

(k) PROGRAM OF ASSISTANCE FOR BORROWERS.—

(1) IN GENERAL.—The Secretary shall undertake a program to encourage corporations and other private and public employers, including the Federal Government, to assist borrowers in repaying loans received under this title, including providing employers with options for payroll deduction of loan payments and offering loan repayment matching provisions as part of employee benefit packages.

(2) PUBLICATION.—The Secretary shall publicize models for providing the repayment assistance described in paragraph (1) and each year select entities that deserve recognition, through means devised by the Secretary, for the development of innovative plans for providing such assistance to employees.

(3) RECOMMENDATION.—The Secretary shall recommend to the appropriate committees in the Senate and House of Representatives changes to statutes that could be made in order to further encourage such efforts.

(l) UNIFORM ADMINISTRATIVE AND CLAIMS PROCEDURES.—

(1) IN GENERAL.—The Secretary shall, by regulation developed in consultation with guaranty agencies, lenders, institutions of higher education, secondary markets, students, third party servicers and other organizations involved in providing loans under this part, prescribe standardized forms and procedures regarding—

- (A) origination of loans;
- (B) electronic funds transfer;
- (C) guaranty of loans;
- (D) deferments;
- (E) forbearance;
- (F) servicing;
- (G) claims filing;

(H) borrower status change and anticipated graduation date; and

(I) cures.

(2) SPECIAL RULES.—(A) The forms and procedures described in paragraph (1) shall include all aspects of the loan process as such process involves eligible lenders and guaranty agencies and shall be designed to minimize administrative costs and burdens (other than the costs and burdens involved in the transition to new forms and procedures) involved in exchanges of data to and from borrowers, schools, lenders, secondary markets, and the Department.

(B) Nothing in this paragraph shall be construed to limit the development of electronic forms and procedures.

(3) SIMPLIFICATION REQUIREMENTS.—Such regulations shall include—

(A) standardization of computer formats, forms design, and guaranty agency procedures relating to the origination, servicing, and collection of loans made under this part;

(B) authorization of alternate means of document retention, including the use of microfilm, microfiche, laser disc, compact disc, and other methods allowing the production of a facsimile of the original documents;

(C) authorization of the use of computer or similar electronic methods of maintaining records relating to the performance of servicing, collection, and other regulatory requirements under this Act; and

(D) authorization and implementation of electronic data linkages for the exchange of information to and from lenders, guarantors, institutions of higher education, third party servicers, and the Department of Education for student status confirmation reports, claim filing, interest and special allowance billing, deferment processing, and all other administrative steps relating to loans made pursuant to this part where using electronic data linkage is feasible.

(4) ADDITIONAL RECOMMENDATIONS.—The Secretary shall review regulations prescribed pursuant to paragraph (1) and seek additional recommendations from guaranty agencies, lenders, institutions of higher education, students, secondary markets, third party servicers and other organizations involved in providing loans under this part, not less frequently than annually, for additional methods of simplifying and standardizing the administration of the programs authorized by this part.

(m) COMMON FORMS AND FORMATS.—

(1) COMMON GUARANTEED STUDENT LOAN APPLICATION FORM AND PROMISSORY NOTE.—

(A) IN GENERAL.—The Secretary, in cooperation with representatives of guaranty agencies, eligible lenders, and organizations involved in student financial assistance, shall prescribe common application forms and promissory notes, or master promissory notes, to be used for applying for loans under part B of this title.

(B) REQUIREMENTS.—The forms prescribed by the Secretary shall—

(i) use clear, concise, and simple language to facilitate understanding of loan terms and conditions by applicants; and

(ii) be formatted to require the applicant to clearly indicate a choice of lender.

(C) **FREE APPLICATION FORM.**—For academic year 1999–2000 and succeeding academic years, the Secretary shall prescribe the form developed under section 483 as the application form under this part, other than for loans under sections 428B and 428C.

(D) **MASTER PROMISSORY NOTE.**—

(i) **IN GENERAL.**—The Secretary shall develop and require the use of master promissory note forms for loans made under this part and part D. Such forms shall be available for periods of enrollment beginning not later than July 1, 2000. Each form shall allow eligible borrowers to receive, in addition to initial loans, additional loans for the same or subsequent periods of enrollment through a student confirmation process approved by the Secretary. Such forms shall be used for loans made under this part or part D as directed by the Secretary. Unless otherwise notified by the Secretary, each institution of higher education that participates in the program under this part or part D may use a master promissory note for loans under this part and part D.

(ii) **CONSULTATION.**—In developing the master promissory note under this subsection, the Secretary shall consult with representatives of guaranty agencies, eligible lenders, institutions of higher education, students, and organizations involved in student financial assistance.

(iii) **SALE; ASSIGNMENT; ENFORCEABILITY.**—Notwithstanding any other provision of law, each loan made under a master promissory note under this subsection may be sold or assigned independently of any other loan made under the same promissory note and each such loan shall be separately enforceable in all Federal and State courts on the basis of an original or copy of the master promissory note in accordance with the terms of the master promissory note.

(iv) **STUDENT LOAN CONTRACT.**—

(I) **IN GENERAL.**—*Any master promissory note form described in this subparagraph that is developed or used for loans made under part D for periods of enrollment beginning on or after the date of enactment of the College Affordability Act shall be referred to as a “student loan contract”.*

(II) **CLARIFICATION ON USE.**—*Notwithstanding clause (i), each student loan contract for a part D loan made for periods of enrollment beginning on or after the date of enactment of the College Affordability Act shall—*

(aa) not be entered into by a student unless the student has completed all required coun-

seling related to such loan, including counseling required under section 485(l);

(bb) be signed by the student entering such student loan contract after completion of such counseling; and

(cc) be used only for the academic year for which the initial loans are made under the contract, and shall not be valid for additional loans for the same or subsequent periods of enrollment.

(v) LOAN DISCLOSURES.—For loans made for periods of enrollment beginning on or after the date of enactment of the College Affordability Act, the Secretary shall take such steps as are necessary to streamline the student loan disclosure requirements under this Act. The Secretary shall ensure that information required to be disclosed to a student who is applying for, receiving, or preparing to repay a loan under part D of this Act shall be streamlined in a manner that—

(I) based upon consumer testing, reduces and simplifies the paperwork students are required to complete; and

(II) limits the number of times students are presented with disclosures by incorporating the streamlined disclosures into required student loan counseling under section 485(l), the student loan contract under this subparagraph, or both.

(E) PERFECTION OF SECURITY INTERESTS IN STUDENT LOANS.—

(i) IN GENERAL.—Notwithstanding the provisions of any State law to the contrary, including the Uniform Commercial Code as in effect in any State, a security interest in loans made under this part, on behalf of any eligible lender (as defined in section 435(d)) shall attach, be perfected, and be assigned priority in the manner provided by the applicable State's law for perfection of security interests in accounts, as such law may be amended from time to time (including applicable transition provisions). If any such State's law provides for a statutory lien to be created in such loans, such statutory lien may be created by the entity or entities governed by such State law in accordance with the applicable statutory provisions that created such a statutory lien.

(ii) COLLATERAL DESCRIPTION.—In addition to any other method for describing collateral in a legally sufficient manner permitted under the laws of the State, the description of collateral in any financing statement filed pursuant to this subparagraph shall be deemed legally sufficient if it lists such loans, or refers to records (identifying such loans) retained by the secured party or any designee of the secured party identified in such financing statement, including the debt- or any loan servicer.

(iii) SALES.—Notwithstanding clauses (i) and (ii) and any provisions of any State law to the contrary, other than any such State's law providing for creation of a statutory lien, an outright sale of loans made under this part shall be effective and perfected automatically upon attachment as defined in the Uniform Commercial Code of such State.

(2) COMMON DEFERMENT FORM.—The Secretary, in cooperation with representatives of guaranty agencies, institutions of higher education, and lenders involved in loans made under part B of this title, shall prescribe a common deferment reporting form to be used for the processing of deferments of loans made under this title.

(3) COMMON REPORTING FORMATS.—The Secretary shall promulgate standards including necessary rules, regulations (including the definitions of all relevant terms), and procedures so as to require all lenders and guaranty agencies to report information on all aspects of loans made under this part in uniform formats, so as to permit the direct comparison of data submitted by individual lenders, servicers, or guaranty agencies.

(4) ELECTRONIC FORMS.—Nothing in this section shall be construed to limit the development and use of electronic forms and procedures.

(n) DEFAULT REDUCTION MANAGEMENT.—

(1) AUTHORIZATION.—There are authorized to be appropriated \$25,000,000 for fiscal year 1999 and each of the four succeeding fiscal years, for the Secretary to expend for default reduction management activities for the purposes of establishing a performance measure that will reduce defaults by 5 percent relative to the prior fiscal year. Such funds shall be in addition to, and not in lieu of, other appropriations made for such purposes.

(2) ALLOWABLE ACTIVITIES.—Allowable activities for which such funds shall be expended by the Secretary shall include the following: (A) program reviews; (B) audits; (C) debt management programs; (D) training activities; and (E) such other management improvement activities approved by the Secretary.

(3) PLAN FOR USE REQUIRED.—The Secretary shall submit a plan, for inclusion in the materials accompanying the President's budget each fiscal year, detailing the expenditure of funds authorized by this section to accomplish the 5 percent reduction in defaults. At the conclusion of the fiscal year, the Secretary shall report the Secretary's findings and activities concerning the expenditure of funds and whether the performance measure was met. If the performance measure was not met, the Secretary shall report the following:

(A) why the goal was not met, including an indication of any managerial deficiencies or of any legal obstacles;

(B) plans and a schedule for achieving the established performance goal;

(C) recommended legislative or regulatory changes necessary to achieve the goal; and

(D) if the performance standard or goal is impractical or infeasible, why that is the case and what action is rec-

ommended, including whether the goal should be changed or the program altered or eliminated.

This report shall be submitted to the Appropriations Committees of the House of Representatives and the Senate and to the authorizing committees.

(o) CONSEQUENCES OF GUARANTY AGENCY INSOLVENCY.—In the event that the Secretary has determined that a guaranty agency is unable to meet its insurance obligations under this part, the holder of loans insured by the guaranty agency may submit insurance claims directly to the Secretary and the Secretary shall pay to the holder the full insurance obligation of the guaranty agency, in accordance with insurance requirements no more stringent than those of the guaranty agency. Such arrangements shall continue until the Secretary is satisfied that the insurance obligations have been transferred to another guarantor who can meet those obligations or a successor will assume the outstanding insurance obligations.

(p) REPORTING REQUIREMENT.—All officers and directors, and those employees and paid consultants of eligible institutions, eligible lenders, guaranty agencies, loan servicing agencies, accrediting agencies or associations, State licensing agencies or boards, and entities acting as secondary markets (including the Student Loan Marketing Association), who are engaged in making decisions as to the administration of any program or funds under this title or as to the eligibility of any entity or individual to participate under this title, shall report to the Secretary, in such manner and at such time as the Secretary shall require, on any financial interest which such individual may hold in any other entity participating in any program assisted under this title.

SEC. 435. DEFINITIONS FOR STUDENT LOAN INSURANCE PROGRAM.

As used in this part:

(a) **ELIGIBLE INSTITUTION.**—

(1) **IN GENERAL.**—Except as provided in paragraph (2), the term “eligible institution” means an institution of higher education, as defined in section 102, except that, for the purposes of sections 427(a)(2)(C)(i) and 428(b)(1)(M)(i), an eligible institution includes any institution that is within this definition without regard to whether such institution is participating in any program under this title and includes any institution ineligible for participation in any program under this part pursuant to paragraph (2) of this subsection.

(2) **INELIGIBILITY BASED ON HIGH DEFAULT RATES BEFORE FISCAL YEAR 2018.**—(A) An institution whose cohort default rate is equal to or greater than the threshold percentage specified in subparagraph (B) for each of the three most recent fiscal years for which data are available shall not be eligible to participate in a program under this part for the fiscal year for which the determination is made and for the two succeeding fiscal years, unless, within 30 days of receiving notification from the Secretary of the loss of eligibility under this paragraph, the institution appeals the loss of its eligibility to the Secretary. The Secretary shall issue a decision on any such appeal within 45 days after its submission. Such decision may permit the insti-

tution to continue to participate in a program under this part if—

- (i) the institution demonstrates to the satisfaction of the Secretary that the Secretary's calculation of its cohort default rate is not accurate, and that recalculation would reduce its cohort default rate for any of the three fiscal years below the threshold percentage specified in subparagraph (B);
- (ii) there are exceptional mitigating circumstances within the meaning of paragraph (5); or
- (iii) there are, in the judgment of the Secretary, other exceptional mitigating circumstances that would make the application of this paragraph inequitable.

If an institution continues to participate in a program under this part, and the institution's appeal of the loss of eligibility is unsuccessful, the institution shall be required to pay to the Secretary an amount equal to the amount of interest, special allowance, reinsurance, and any related payments made by the Secretary (or which the Secretary is obligated to make) with respect to loans made under this part to students attending, or planning to attend, that institution during the pendency of such appeal. During such appeal, the Secretary may permit the institution to continue to participate in a program under this part.

(B) For purposes of determinations under subparagraph (A), the threshold percentage is—

- (i) 35 percent for fiscal year 1991 and 1992;
- (ii) 30 percent for fiscal year 1993;
- (iii) 25 percent for fiscal year 1994 through fiscal year 2011; and
- (iv) 30 percent for fiscal year 2012 [and any succeeding fiscal year] *through fiscal year 2017*.

(C) Until July 1, 1999, this paragraph shall not apply to any institution that is—

- (i) a part B institution within the meaning of section 322(2) of this Act;
- (ii) a tribally controlled college or university, as defined in section 2(a)(4) of the Tribally Controlled Colleges and Universities Assistance Act of 1978; or
- (iii) a Navajo Community College under the Navajo Community College Act.

(D) Notwithstanding the first sentence of subparagraph (A), the Secretary shall restore the eligibility to participate in a program under subpart 1 of part A, part B, or part D of an institution that did not appeal its loss of eligibility within 30 days of receiving notification if the Secretary determines, on a case-by-case basis, that the institution's failure to appeal was substantially justified under the circumstances, and that—

- (i) the institution made a timely request that the appropriate guaranty agency correct errors in the draft data used to calculate the institution's cohort default rate;
- (ii) the guaranty agency did not correct the erroneous data in a timely fashion; and
- (iii) the institution would have been eligible if the erroneous data had been corrected by the guaranty agency.

(3) APPEALS FOR REGULATORY RELIEF.—An institution whose cohort default rate, calculated in accordance with subsection (m), is equal to or greater than the threshold percentage specified in paragraph (2)(B)(iv) for any two consecutive fiscal years may, not later than 30 days after the date the institution receives notification from the Secretary, file an appeal demonstrating exceptional mitigating circumstances, as defined in paragraph (5). The Secretary shall issue a decision on any such appeal not later than 45 days after the date of submission of the appeal. If the Secretary determines that the institution demonstrates exceptional mitigating circumstances, the Secretary may not subject the institution to provisional certification based solely on the institution's cohort default rate.

(4) APPEALS BASED UPON ALLEGATIONS OF IMPROPER LOAN SERVICING.—An institution that—

(A) is subject to loss of eligibility for the Federal Family Education Loan Program pursuant to paragraph (2)(A) of this subsection;

(B) is subject to loss of eligibility for the Federal Supplemental Loans for Students pursuant to section 428A(a)(2); or

(C) is an institution whose cohort default rate equals or exceeds 20 percent for the most recent year for which data are available;

may include in its appeal of such loss or rate a defense based on improper loan servicing (in addition to other defenses). In any such appeal, the Secretary shall take whatever steps are necessary to ensure that such institution has access for a reasonable period of time, not to exceed 30 days, to a representative sample (as determined by the Secretary) of the relevant loan servicing and collection records used by a guaranty agency in determining whether to pay a claim on a defaulted loan or by the Department in determining an institution's default rate in the loan program under part D of this title. The Secretary shall reduce the institution's cohort default rate to reflect the percentage of defaulted loans in the representative sample that are required to be excluded pursuant to subsection (m)(1)(B).

(5) DEFINITION OF MITIGATING CIRCUMSTANCES.—(A) For purposes of this subsection, an institution of higher education shall be treated as having exceptional mitigating circumstances that make application of paragraph (2) inequitable, and that provide for regulatory relief under paragraph (3), if such institution, in the opinion of an independent auditor, meets the following criteria:

(i) For a 12-month period that ended during the 6 months immediately preceding the fiscal year for which the cohort of borrowers used to calculate the institution's cohort default rate is determined, at least two-thirds of the students enrolled on at least a half-time basis at the institution—

(I) are eligible to receive a Federal Pell Grant award that is at least equal to one-half the Federal Pell Grant amount, determined under section 401(b)(2)(A), for which a student would be eligible based on the student's enrollment status; or

(II) have an adjusted gross income that when added with the adjusted gross income of the student's parents (unless the student is an independent student), of less than the poverty level, as determined by the Department of Health and Human Services.

(ii) In the case of an institution of higher education that offers an associate, baccalaureate, graduate or professional degree, 70 percent or more of the institution's regular students who were initially enrolled on a full-time basis and were scheduled to complete their programs during the same 12-month period described in clause (i)—

(I) completed the educational programs in which the students were enrolled;

(II) transferred from the institution to a higher level educational program;

(III) at the end of the 12-month period, remained enrolled and making satisfactory progress toward completion of the student's educational programs; or

(IV) entered active duty in the Armed Forces of the United States.

(iii)(I) In the case of an institution of higher education that does not award a degree described in clause (ii), had a placement rate of 44 percent or more with respect to the institution's former regular students who—

(aa) remained in the program beyond the point the students would have received a 100 percent tuition refund from the institution;

(bb) were initially enrolled on at least a half-time basis; and

(cc) were originally scheduled, at the time of enrollment, to complete their educational programs during the same 12-month period described in clause (i).

(II) The placement rate shall not include students who are still enrolled and making satisfactory progress in the educational programs in which the students were originally enrolled on the date following 12 months after the date of the student's last date of attendance at the institution.

(III) The placement rate is calculated by determining the percentage of all those former regular students who—

(aa) are employed, in an occupation for which the institution provided training, on the date following 12 months after the date of their last day of attendance at the institution;

(bb) were employed, in an occupation for which the institution provided training, for at least 13 weeks before the date following 12 months after the date of their last day of attendance at the institution; or

(cc) entered active duty in the Armed Forces of the United States.

(IV) The placement rate shall not include as placements a student or former student for whom the institution is the employer.

(B) For purposes of determining a rate of completion and a placement rate under this paragraph, a student is originally

scheduled, at the time of enrollment, to complete the educational program on the date when the student will have been enrolled in the program for the amount of time normally required to complete the program. The amount of time normally required to complete the program for a student who is initially enrolled full-time is the period of time specified in the institution's enrollment contract, catalog, or other materials, for completion of the program by a full-time student. For a student who is initially enrolled less than full-time, the period is the amount of time it would take the student to complete the program if the student remained enrolled at that level of enrollment throughout the program.

(6) REDUCTION OF DEFAULT RATES AT CERTAIN MINORITY INSTITUTIONS.—

(A) BENEFICIARIES OF EXCEPTION REQUIRED TO ESTABLISH MANAGEMENT PLAN.—After July 1, 1999, any institution that has a cohort default rate that equals or exceeds 25 percent for each of the three most recent fiscal years for which data are available and that relies on the exception in subparagraph (B) to continue to be an eligible institution shall—

(i) submit to the Secretary a default management plan which the Secretary, in the Secretary's discretion, after consideration of the institution's history, resources, dollars in default, and targets for default reduction, determines is acceptable and provides reasonable assurance that the institution will, by July 1, 2004, have a cohort default rate that is less than 25 percent;

(ii) engage an independent third party (which may be paid with funds received under section 317 or part B of title III) to provide technical assistance in implementing such default management plan; and

(iii) provide to the Secretary, on an annual basis or at such other intervals as the Secretary may require, evidence of cohort default rate improvement and successful implementation of such default management plan.

(B) DISCRETIONARY ELIGIBILITY CONDITIONED ON IMPROVEMENT.—Notwithstanding the expiration of the exception in paragraph (2)(C), the Secretary may, in the Secretary's discretion, continue to treat an institution described in subparagraph (A) of this paragraph as an eligible institution for each of the 1-year periods beginning on July 1 of 1999 through 2003, only if the institution submits by the beginning of such period evidence satisfactory to the Secretary that—

(i) such institution has complied and is continuing to comply with the requirements of subparagraph (A); and

(ii) such institution has made substantial improvement, during each of the preceding 1-year periods, in the institution's cohort default rate.

(7) DEFAULT PREVENTION AND ASSESSMENT OF ELIGIBILITY BASED ON HIGH DEFAULT RATES.—

(A) FIRST YEAR.—

(i) IN GENERAL.—An institution whose cohort default rate is equal to or greater than the threshold percentage specified in paragraph (2)(B)(iv) in any fiscal year shall establish a default prevention task force to prepare a plan to—

(I) identify the factors causing the institution's cohort default rate to exceed such threshold;

(II) establish measurable objectives and the steps to be taken to improve the institution's cohort default rate; and

(III) specify actions that the institution can take to improve student loan repayment, including appropriate counseling regarding loan repayment options.

(ii) TECHNICAL ASSISTANCE.—Each institution subject to this subparagraph shall submit the plan under clause (i) to the Secretary, who shall review the plan and offer technical assistance to the institution to promote improved student loan repayment.

(iii) *DEFAULT MANAGEMENT PLAN.*—*The default management plan required under clause (i) may not include placing students in forbearance as a means of reducing the cohort default rate or the adjusted cohort default rate of the institution.*

(B) SECOND CONSECUTIVE YEAR.—

(i) IN GENERAL.—An institution whose cohort default rate is equal to or greater than the threshold percentage specified in paragraph (2)(B)(iv) for two consecutive fiscal years, shall require the institution's default prevention task force established under subparagraph (A) to review and revise the plan required under such subparagraph, and shall submit such revised plan to the Secretary.

(ii) REVIEW BY THE SECRETARY.—The Secretary shall review each revised plan submitted in accordance with this subparagraph, and may direct that such plan be amended to include actions, with measurable objectives, that the Secretary determines, based on available data and analyses of student loan defaults, will promote student loan repayment.

(8) PARTICIPATION RATE INDEX.—

(A) IN GENERAL.—An institution that demonstrates to the Secretary that the institution's participation rate index is equal to or less than 0.0375 for any of the 3 most recent fiscal years for which data is available shall not be subject to paragraph (2). The participation rate index shall be determined by multiplying the institution's cohort default rate for loans under part B or D, or weighted average cohort default rate for loans under parts B and D, by the percentage of the institution's regular students, enrolled on at least a half-time basis, who received a loan made under part B or D for a 12-month period ending during the 6 months immediately preceding the fiscal year for which

the cohort of borrowers used to calculate the institution's cohort default rate is determined.

(B) DATA.—An institution shall provide the Secretary with sufficient data to determine the institution's participation rate index within 30 days after receiving an initial notification of the institution's draft cohort default rate.

(C) NOTIFICATION.—Prior to publication of a final cohort default rate for an institution that provides the data described in subparagraph (B), the Secretary shall notify the institution of the institution's compliance or noncompliance with subparagraph (A).

(9) *INELIGIBILITY BASED ON HIGH ADJUSTED COHORT DEFAULT RATES.*—

(A) *IN GENERAL.*—*Except as provided in subparagraphs (B) and (D), beginning on the date that is one year after the date on which the final adjusted cohort default rates are published by the Secretary for not less than 3 fiscal years, in a case in which one of the following determinations is made with respect to an institution, such institution shall be ineligible to participate in a program under this title for the fiscal year for which the determination is made and for the two succeeding fiscal years:*

(i) *The institution's adjusted cohort default rate is greater than 20 percent for each of the 3 most recent fiscal years for which the final adjusted cohort default rates are published.*

(ii) *With respect to the 6 most recent fiscal years for which the final adjusted cohort default rates are published—*

(I) *the institution's adjusted cohort default rate is greater than 15 percent for each such fiscal year; and*

(II) *the Secretary determines that, during such 6-year period, the institution has not made adequate progress in meeting standards for student achievement established by the relevant accrediting agency or association pursuant to section 496(a)(5)(A).*

(iii) *With respect to the 8 most recent fiscal years for which the final adjusted cohort default rates are published—*

(I) *the institution's adjusted cohort default rate is greater than 10 percent for each such fiscal year; and*

(II) *the Secretary determines that, during such 8-year period, the institution has not made adequate progress in meeting standards for student achievement established by the relevant accrediting agency or association pursuant to section 496(a)(5)(A).*

(B) *EXCEPTIONS FOR CERTAIN CATEGORIES OF EDUCATIONAL PROGRAMS.*—*With respect to an institution that loses eligibility to participate in a program under this title in accordance with subparagraph (A)(ii), such institution may request and be granted an exception to such loss of eli-*

gibility for a category of educational programs at such institution by demonstrating to the Secretary that the adjusted cohort default rate for the category of educational programs is 15 percent or less for each fiscal year of the 6-year period on which such loss of eligibility for the institution is based.

(C) DETERMINATION OF THE ADJUSTED COHORT RATE FOR A CATEGORY OF EDUCATIONAL PROGRAMS.—In determining the adjusted cohort default rate for a category of educational programs for purposes of this paragraph—

(i) subsection (m) shall be applied—

(I) in paragraph (1)—

(aa) in subparagraph (A), by substituting “received for enrollment in the category of educational programs for which such rate is being determined” for “received for attendance at the institution”; and

(bb) in subparagraph (E)(i)(II), by substituting, “percentage of students enrolled in the category of educational programs for which such rate is being determined” for “percentage of students enrolled at the institution”; and

(II) as if the following were added at the end of paragraph (2):

“(E) In the case of a student who has received a loan for enrollment in more than one category of educational programs, the student (and such student’s subsequent repayment or default) is attributed to the last category of educational programs in which such student was enrolled.”.

(D) TRANSITION EXCEPTION.—

(i) IN GENERAL.—A covered institution with an adjusted cohort default rate that is greater than 20 percent for the first fiscal year for which such rates are published by the Secretary may request that any determination of such institution’s ineligibility under paragraph (9)(A) not be based on the adjusted cohort default rate of such institution for any or all of the first 3 fiscal years for which such rates are published by the Secretary.

(ii) REQUIREMENT.—To be granted a request under clause (i), an institution shall submit to the Secretary a default management plan as specified in paragraph (7).

(iii) DEFINITION OF COVERED INSTITUTION.—In this subparagraph, the term “covered institution” means—

(I) a public institution of higher education;

(II) a part B institution (as defined in section 322); or

(10) *APPLICATION OF ADJUSTED COHORT DEFAULT RATE.*—Beginning on the date on which the final adjusted cohort default rates are published by the Secretary for not less than 3 fiscal years—

(A) *paragraph (1) shall be applied by substituting “paragraph (9)” for “paragraph (2)”.*

(B) *paragraph (3) shall be applied by substituting “adjusted cohort default rate, calculated in accordance with subsection (m)(1)(D), is greater than 20 percent for any 3 consecutive fiscal years” for “cohort default rate, calculated in accordance with subsection (m), is equal to or greater than the threshold percentage specified in paragraph (2)(B)(iv) for any two consecutive fiscal years”;*

(C) *paragraph (4) shall be applied—*

(i) *in subparagraph (C), by substituting “adjusted cohort default rate is greater than 15 percent” for “cohort default rate equals or exceeds 20 percent”;* and

(ii) *in the matter following subparagraph (C), by substituting “adjusted cohort default rate to reflect the percentage of defaulted loans in the representative sample that are required to be excluded pursuant to subsection (m)(1)(B)” for “cohort default rate to reflect the percentage of defaulted loans in the representative sample that are required to be excluded pursuant to subsection (m)(1)(B)”;*

(D) *paragraph (5)(A) shall be applied by substituting “paragraph (9)” for “paragraph (2)”;* and

(2) REQUIREMENTS FOR ELIGIBLE INSTITUTIONS.—

(A) IN GENERAL.—To be an eligible lender under this part, an eligible institution—

(i) shall employ at least one person whose full-time responsibilities are limited to the administration of programs of financial aid for students attending such institution;

(ii) shall not be a home study school;

(iii) shall not—

(I) make a loan to any undergraduate student;

(II) make a loan other than a loan under section 428 or 428H to a graduate or professional student; or

(III) make a loan to a borrower who is not enrolled at that institution;

(iv) shall award any contract for financing, servicing, or administration of loans under this title on a competitive basis;

(v) shall offer loans that carry an origination fee or an interest rate, or both, that are less than such fee or rate authorized under the provisions of this title;

(vi) shall not have a cohort default rate (as defined in subsection (m)) greater than 10 percent;

(vii) shall, for any year for which the institution engages in activities as an eligible lender, provide for a compliance audit conducted in accordance with section 428(b)(1)(U)(iii)(I), and the regulations thereunder, and submit the results of such audit to the Secretary;

(ix) shall have met the requirements of subparagraphs (A) through (F) of this paragraph as in effect on the day before the date of enactment of the Higher Education Reconciliation Act of 2005, and made loans under this part, on or before April 1, 2006.

(B) ADMINISTRATIVE EXPENSES.—An eligible lender under subparagraph (A) shall be permitted to use a portion of the proceeds described in subparagraph (A)(viii) for reasonable and direct administrative expenses.

(C) SUPPLEMENT, NOT SUPPLANT.—An eligible lender under subparagraph (A) shall ensure that the proceeds described in subparagraph (A)(viii) are used to supplement, and not to supplant, non-Federal funds that would otherwise be used for need-based grant programs.

(3) DISQUALIFICATION FOR HIGH DEFAULT RATES.—The term “eligible lender” does not include any eligible institution in any fiscal year immediately after the fiscal year in which the Secretary determines, after notice and opportunity for a hearing, that for each of 2 consecutive years, 15 percent or more of the total amount of such loans as are described in section 428(a)(1) made by the institution with respect to students at that institution and repayable in each such year, are in default, as defined in subsection (m).

(4) WAIVER OF DISQUALIFICATION.—Whenever the Secretary determines that—

(A) there is reasonable possibility that an eligible institution may, within 1 year after a determination is made under paragraph (3), improve the collection of loans described in section 428(a)(1), so that the application of paragraph (3) would be a hardship to that institution, or

(B) the termination of the lender’s status under paragraph (3) would be a hardship to the present or for prospective students of the eligible institution, after considering the management of that institution, the ability of that institution to improve the collection of loans, the opportunities that institution offers to economically disadvantaged students, and other related factors,

the Secretary shall waive the provisions of paragraph (3) with respect to that institution. Any determination required under this paragraph shall be made by the Secretary prior to the termination of an eligible institution as a lender under the exception of paragraph (3). Whenever the Secretary grants a waiver pursuant to this paragraph, the Secretary shall provide technical assistance to the institution concerned in order to improve the collection rate of such loans.

(5) DISQUALIFICATION FOR USE OF CERTAIN INCENTIVES.—The term “eligible lender” does not include any lender that the Secretary determines, after notice and opportunity for a hearing, has—

(A) offered, directly or indirectly, points, premiums, payments (including payments for referrals and for processing or finder fees), prizes, stock or other securities, travel, entertainment expenses, tuition payment or reimbursement, the provision of information technology equipment at below-market value, additional financial aid funds, or

other inducements, to any institution of higher education, any employee of an institution of higher education, or any individual or entity in order to secure applicants for loans under this part;

(B) conducted unsolicited mailings, by postal or electronic means, of student loan application forms to students enrolled in secondary schools or postsecondary institutions, or to family members of such students, except that applications may be mailed, by postal or electronic means, to students or borrowers who have previously received loans under this part from such lender;

(C) entered into any type of consulting arrangement, or other contract to provide services to a lender, with an employee who is employed in the financial aid office of an institution of higher education, or who otherwise has responsibilities with respect to student loans or other financial aid of the institution;

(D) compensated an employee who is employed in the financial aid office of an institution of higher education, or who otherwise has responsibilities with respect to student loans or other financial aid of the institution, and who is serving on an advisory board, commission, or group established by a lender or group of lenders for providing such service, except that the eligible lender may reimburse such employee for reasonable expenses incurred in providing such service;

(E) performed for an institution of higher education any function that such institution of higher education is required to perform under this title, except that a lender shall be permitted to perform functions on behalf of such institution in accordance with section 485(b) or 485(l);

(F) paid, on behalf of an institution of higher education, another person to perform any function that such institution of higher education is required to perform under this title, except that a lender shall be permitted to perform functions on behalf of such institution in accordance with section 485(b) or 485(l);

(G) provided payments or other benefits to a student at an institution of higher education to act as the lender's representative to secure applications under this title from individual prospective borrowers, unless such student—

(i) is also employed by the lender for other purposes; and

(ii) made all appropriate disclosures regarding such employment;

(H) offered, directly or indirectly, loans under this part as an inducement to a prospective borrower to purchase a policy of insurance or other product; or

(I) engaged in fraudulent or misleading advertising.

It shall not be a violation of this paragraph for a lender to provide technical assistance to institutions of higher education comparable to the kinds of technical assistance provided to institutions of higher education by the Department.

(6) **REBATE FEE REQUIREMENT.**—To be an eligible lender under this part, an eligible lender shall pay rebate fees in accordance with section 428C(f).

(7) **ELIGIBLE LENDER TRUSTEES.**—Notwithstanding any other provision of this subsection, an eligible lender may not make or hold a loan under this part as trustee for an institution of higher education, or for an organization affiliated with an institution of higher education, unless—

(A) the eligible lender is serving as trustee for that institution or organization as of the date of enactment of the Third Higher Education Extension Act of 2006 under a contract that was originally entered into before the date of enactment of such Act and that continues in effect or is renewed after such date; and

(B) the institution or organization, and the eligible lender, with respect to its duties as trustee, each comply on and after January 1, 2007, with the requirements of paragraph (2), except that—

(i) the requirements of clauses (i), (ii), (vi), and (viii) of paragraph (2)(A) shall, subject to clause (ii) of this subparagraph, only apply to the institution (including both an institution for which the lender serves as trustee and an institution affiliated with an organization for which the lender serves as trustee);

(ii) in the case of an organization affiliated with an institution—

(I) the requirements of clauses (iii) and (v) of paragraph (2)(A) shall apply to the organization; and

(II) the requirements of clause (viii) of paragraph (2)(A) shall apply to the institution or the organization (or both), if the institution or organization receives (directly or indirectly) the proceeds described in such clause;

(iii) the requirements of clauses (iv) and (ix) of paragraph (2)(A) shall not apply to the eligible lender, institution, or organization; and

(iv) the eligible lender, institution, and organization shall ensure that the loans made or held by the eligible lender as trustee for the institution or organization, as the case may be, are included in a compliance audit in accordance with clause (vii) of paragraph (2)(A).

(8) **SCHOOL AS LENDER PROGRAM AUDIT.**—Each institution serving as an eligible lender under paragraph (1)(E), and each eligible lender serving as a trustee for an institution of higher education or an organization affiliated with an institution of higher education, shall annually complete and submit to the Secretary a compliance audit to determine whether—

(A) the institution or lender is using all proceeds from special allowance payments and interest payments from borrowers, interest subsidies received from the Department, and any proceeds from the sale or other disposition of loans, for need-based grant programs, in accordance with paragraph (2)(A)(viii);

(B) the institution or lender is using not more than a reasonable portion of the proceeds described in paragraph (2)(A)(viii) for direct administrative expenses; and

(C) the institution or lender is ensuring that the proceeds described in paragraph (2)(A)(viii) are being used to supplement, and not to supplant, Federal and non-Federal funds that would otherwise be used for need-based grant programs.

(e) **LINE OF CREDIT.**—The term “line of credit” means an arrangement or agreement between the lender and the borrower whereby a loan is paid out by the lender to the borrower in annual installments, or whereby the lender agrees to make, in addition to the initial loan, additional loans in subsequent years.

(f) **DUE DILIGENCE.**—The term “due diligence” requires the utilization by a lender, in the servicing and collection of loans insured under this part, of servicing and collection practices at least as extensive and forceful as those generally practiced by financial institutions for the collection of consumer loans.

(i) **HOLDER.**—The term “holder” means an eligible lender who owns a loan.

(j) **GUARANTY AGENCY.**—The term “guaranty agency” means any State or nonprofit private institution or organization with which the Secretary has an agreement under section 428(b).

(k) **INSURANCE BENEFICIARY.**—The term “insurance beneficiary” means the insured or its authorized representative assigned in accordance with section 429(d).

(l) **DEFAULT.**—Except as provided in subsection (m), the term “default” includes only such defaults as have existed for (1) 270 days in the case of a loan which is repayable in monthly installments, or (2) 330 days in the case of a loan which is repayable in less frequent installments.

(m) **COHORT DEFAULT RATE.**—

(1) **IN GENERAL.**—(A) Except as provided in paragraph (2), the term “cohort default rate” means, for any fiscal year in which 30 or more current and former students at the institution enter repayment on loans under section 428, 428A, or 428H, received for attendance at the institution, the percentage of those current and former students who enter repayment on such loans (or on the portion of a loan made under section 428C that is used to repay any such loans) received for attendance at that institution in that fiscal year who default before the end of the second fiscal year following the fiscal year in which the students entered repayment. The Secretary shall require that each guaranty agency that has insured loans for current or former students of the institution afford such institution a reasonable opportunity (as specified by the Secretary) to review and correct errors in the information required to be provided to the Secretary by the guaranty agency for the purposes of calculating a cohort default rate for such institution, prior to the calculation of such rate.

(B) In determining the number of students who default before the end of such second fiscal year, the Secretary shall include only loans for which the Secretary or a guaranty agency

has paid claims for insurance. In considering appeals with respect to cohort default rates pursuant to subsection (a)(3), the Secretary shall exclude, from the calculation of the number of students who entered repayment and from the calculation of the number of students who default, any loans which, due to improper servicing or collection, would, as demonstrated by the evidence submitted in support of the institution's timely appeal to the Secretary, result in an inaccurate or incomplete calculation of such cohort default rate.

(C) For any fiscal year in which fewer than 30 of the institution's current and former students enter repayment, the term "cohort default rate" means the percentage of such current and former students who entered repayment on such loans (or on the portion of a loan made under section 428C that is used to repay any such loans) in any of the three most recent fiscal years, who default before the end of the second fiscal year following the year in which they entered repayment.

(D)(i) *With respect to a cohort default rate calculated for an institution under this paragraph for fiscal year 2018 and for each succeeding fiscal year, such cohort default rate shall be adjusted as follows:*

(I) In determining the number of current and former students at an institution who enter repayment for such fiscal year—

(aa) any such student who is in nonmandatory forbearance for such fiscal year for a period of greater than 18 months but less than 36 months shall not be counted as entering repayment for such fiscal year;

(bb) such a student shall be counted as entering repayment for the first fiscal year for which the student ceases to be in a period of forbearance and otherwise meets the requirements for being in repayment; and

(cc) any such student who is in a period of forbearance for 3 or more years shall be counted as in default and included in the institution's total number of students in default.

(II) Such rate shall be multiplied by the percentage of students enrolled at the institution for such fiscal year who are borrowing a loan under part D of this title.

(ii) The result obtained under this subparagraph for an institution shall be referred to in this Act as the "adjusted cohort default rate".

(2) SPECIAL RULES.—(A) In the case of a student who has attended and borrowed at more than one school, the student (and such student's subsequent repayment or default) is attributed to each school for attendance at which the student received a loan that entered repayment in the fiscal year.

(B) A loan on which a payment is made by the school, such school's owner, agent, contractor, employee, or any other entity or individual affiliated with such school, in order to avoid default by the borrower, is considered as in default for purposes of this subsection.

(C) Any loan which has been rehabilitated before the end of the second fiscal year following the year in which the loan entered repayment is not considered as in default for purposes of

this subsection. The Secretary may require guaranty agencies to collect data with respect to defaulted loans in a manner that will permit the identification of any defaulted loan for which (i) the borrower is currently making payments and has made not less than 6 consecutive on-time payments by the end of such second fiscal year, and (ii) a guaranty agency has renewed the borrower's title IV eligibility as provided in section 428F(b).

(D) For the purposes of this subsection, a loan made in accordance with section 428A (or the portion of a loan made under section 428C that is used to repay a loan made under section 428A) shall not be considered to enter repayment until after the borrower has ceased to be enrolled in a course of study leading to a degree or certificate at an eligible institution on at least a half-time basis (as determined by the institution) and ceased to be in a period of forbearance based on such enrollment. Each eligible lender of a loan made under section 428A (or a loan made under section 428C a portion of which is used to repay a loan made under section 428A) shall provide the guaranty agency with the information necessary to determine when the loan entered repayment for purposes of this subsection, and the guaranty agency shall provide such information to the Secretary.

(3) REGULATIONS TO PREVENT EVASIONS.—The Secretary shall prescribe regulations designed to prevent an institution from evading the application to that institution of a default rate determination under this subsection through the use of such measures as branching, consolidation, change of ownership or control, or any similar device.

(4) COLLECTION AND REPORTING OF COHORT DEFAULT RATES AND LIFE OF COHORT DEFAULT RATES.—(A) The Secretary shall publish not less often than once every fiscal year a report showing cohort default data and life of cohort default rates for each category of institution, including: (i) four-year public institutions; (ii) four-year private nonprofit institutions; (iii) two-year public institutions; (iv) two-year private nonprofit institutions; (v) four-year proprietary institutions; (vi) two-year proprietary institutions; and (vii) less than two-year proprietary institutions. For purposes of this subparagraph, for any fiscal year in which one or more current and former students at an institution enter repayment on loans under section 428, 428B, or 428H, received for attendance at the institution, the Secretary shall publish the percentage of those current and former students who enter repayment on such loans (or on the portion of a loan made under section 428C that is used to repay any such loans) received for attendance at the institution in that fiscal year who default before the end of each succeeding fiscal year.

(B) The Secretary may designate such additional subcategories within the categories specified in subparagraph (A) as the Secretary deems appropriate.

(C) The Secretary shall publish not less often than once every fiscal year a report showing default data for each institution for which a cohort default rate is calculated under this subsection.

(D) The Secretary shall publish the report described in subparagraph (C) by September 30 of each year.

(5) *ADJUSTED COHORT DEFAULT RATES* Beginning on the date on which the final adjusted cohort default rates for fiscal year 2018 are made available for publication by the Secretary, paragraph (4) shall be applied by substituting “adjusted cohort default” for “cohort default” each place it appears.

(o) ECONOMIC HARDSHIP.—

(1) IN GENERAL.—For purposes of this part and part E, a borrower shall be considered to have an economic hardship if—

(A) such borrower is working full-time and is earning an amount which does not exceed the greater of—

(i) the minimum wage rate described in section 6 of the Fair Labor Standards Act of 1938; or

(ii) an amount equal to 150 percent of the poverty line applicable to the borrower’s family size as determined in accordance with section 673(2) of the Community Services Block Grant Act; or

(B) such borrower meets such other criteria as are established by the Secretary by regulation in accordance with paragraph (2).

(2) CONSIDERATIONS.—In establishing criteria for purposes of paragraph (1)(B), the Secretary shall consider the borrower’s income and debt-to-income ratio as primary factors.

(p) ELIGIBLE NOT-FOR-PROFIT HOLDER.—

(1) DEFINITION.—Subject to the limitations in paragraph (2) and the prohibition in paragraph (3), the term “eligible not-for-profit holder” means an eligible lender under subsection (d) (except for an eligible lender described in subsection (d)(1)(E)) that requests a special allowance payment under section 438(b)(2)(I)(vi)(II) or a payment under section 781 and that is—

(2) LIMITATIONS.—

(A) EXISTING ON DATE OF ENACTMENT.—

(i) IN GENERAL.—An eligible lender shall not be an eligible not-for-profit holder under this Act unless such lender—

date of the enactment of the College Cost Reduction and Access Act, acting as an eligible lender under subsection (d) (other than an eligible lender described in subsection (d)(1)(E)); or

(II) is acting as a trustee on behalf of a State, political subdivision, authority, agency, instrumentality, or other entity described in subparagraph (A), (B), or (C) of paragraph (1), regardless of whether such State, political subdivision, authority, agency, instrumentality, or other entity is an eligible lender under subsection (d), and such State, political subdivision, authority, agency, instrumentality, or other entity, on the date of enactment of the College Cost Reduction and Access Act, was the sole beneficial owner of a loan eligible for any special allowance payment under section 438.

(ii) EXCEPTION.—Notwithstanding clause (i), a State may elect, in accordance with regulations of the Secretary, to waive the requirements of this subparagraph for a new not-for-profit holder determined by the State to be necessary to carry out a public purpose of such State, except that a State may not make such election with respect the requirements of clause (i)(II).

(B) NO FOR-PROFIT OWNERSHIP OR CONTROL.—

(i) IN GENERAL.—No State, political subdivision, authority, agency, instrumentality, or other entity described in paragraph (1)(A), (B), or (C) shall be an eligible not-for-profit holder under this Act if such State, political subdivision, authority, agency, instrumentality, or other entity is owned or controlled, in whole or in part, by a for-profit entity.

(ii) TRUSTEES.—A trustee described in paragraph (1)(D) shall not be an eligible not-for-profit holder under this Act with respect to a State, political subdivision, authority, agency, instrumentality, or other entity described in subparagraph (A), (B), or (C) of paragraph (1), regardless of whether such State, political subdivision, authority, agency, instrumentality, or other entity is an eligible lender under subsection (d), if such State, political subdivision, authority, agency, instrumentality, or other entity is owned or controlled, in whole or in part, by a for-profit entity.

(C) SOLE OWNERSHIP OF LOANS AND INCOME.—No State, political subdivision, authority, agency, instrumentality, trustee, or other entity described in paragraph (1)(A), (B), (C), or (D) shall be an eligible not-for-profit holder under this Act with respect to any loan, or income from any loan, unless—

(i) such State, political subdivision, authority, agency, instrumentality, or other entity is the sole beneficial owner of such loan and the income from such loan; or

(ii) such trustee holds the loan on behalf of a State, political subdivision, authority, agency, instrumen-

tality, or other entity described in subparagraph (A), (B), or (C) of paragraph (1), regardless of whether such State, political subdivision, authority, agency, instrumentality, or other entity is an eligible lender under subsection (d), and such State, political subdivision, authority, agency, instrumentality, or other entity is the sole beneficial owner of such loan and the income from such loan.

(D) TRUSTEE COMPENSATION LIMITATIONS.—A trustee described in paragraph (1)(D) shall not receive compensation as consideration for acting as an eligible lender on behalf of a State, political subdivision, authority, agency, instrumentality, or other entity described in subparagraph (A), (B), or (C) of paragraph (1), regardless of whether such State, political subdivision, authority, agency, instrumentality, or other entity is an eligible lender under subsection (d), in excess of reasonable and customary fees.

(E) RULE OF CONSTRUCTION.—For purposes of subparagraphs (A), (B), (C), and (D) of this paragraph, a State, political subdivision, authority, agency, instrumentality, or other entity described in subparagraph (A), (B), or (C) of paragraph (1), regardless of whether such State, political subdivision, authority, agency, instrumentality, or other entity is an eligible lender under subsection (d), shall not—

(i) be deemed to be owned or controlled, in whole or in part, by a for-profit entity; or

(ii) lose its status as the sole owner of a beneficial interest in a loan and the income from a loan,

by such State, political subdivision, authority, agency, instrumentality, or other entity, or by the trustee described in paragraph (1)(D), granting a security interest in, or otherwise pledging as collateral, such loan, or the income from such loan, to secure a debt obligation for which such State, political subdivision, authority, agency, instrumentality, or other entity is the issuer of the debt obligation.

(3) PROHIBITION.—In the case of a loan for which the special allowance payment is calculated under section 438(b)(2)(I)(vi)(II) and that is sold by the eligible not-for-profit holder holding the loan to an entity that is not an eligible not-for-profit holder under this Act, the special allowance payment for such loan shall, beginning on the date of the sale, no longer be calculated under section 438(b)(2)(I)(vi)(II) and shall be calculated under section 438(b)(2)(I)(vi)(I) instead.

(4) REGULATIONS.—Not later than 1 year after the date of enactment of the College Cost Reduction and Access Act, the Secretary shall promulgate regulations in accordance with the provisions of this subsection.

(1) IN GENERAL.—If a student borrower who has received a loan described in subparagraph (A) or (B) of section 428(a)(1) dies or becomes permanently and totally disabled (as determined in accordance with regulations of the Secretary), or if a student borrower who has received such a loan is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death, has lasted for a continuous period of not less than 60 months, or can be expected to last for a continuous period of not less than 60 months then the Secretary shall discharge the borrower's liability on the loan by repaying the amount owed on the loan. The Secretary may develop such safeguards as the Secretary determines necessary to prevent fraud and abuse in the discharge of liability under this subsection. Notwithstanding any other provision of this subsection, the Secretary may promulgate regulations to reinstate the obligation of, and resume collection on, loans discharged under this subsection in any case in which—

(A) a borrower received a discharge of liability under this subsection and after the discharge the borrower—

(i) receives a loan made, insured, or guaranteed under this title; or

(ii) has earned income in excess of the poverty line; or

(B) the Secretary determines the reinstatement and resumption to be necessary.

(2) DISABILITY DETERMINATIONS.—A borrower who has been determined by the Secretary of Veterans Affairs to be unemployable due to a service-connected condition and who provides documentation of such determination to the Secretary of Education, shall be considered permanently and totally disabled for the purpose of discharging such borrower's loans under this subsection, and such borrower shall not be required to present additional documentation for purposes of this subsection.

(3) AUTOMATIC INCOME MONITORING.—

(A) IN GENERAL.—*Not later than 2 years after the date of enactment of the College Affordability Act, the Secretary shall establish and implement, with respect to any borrower described in subparagraph (B), procedures to—*

(i) obtain (for each year of the income-monitoring period described in subparagraph (B) and without further action by the borrower) such information as is reasonably necessary regarding the income of such borrower for the purpose of determining the borrower's continued eligibility for the loan discharge described in subparagraph (B) for such year, and any other information necessary to determine such continued eligibility of the borrower for such year, except that in the case of a borrower whose returns and return information indicate that the borrower has no earned income for any year of such income-monitoring period, such borrower shall be treated as not having earned income in excess of the poverty line for such year subject to clause (ii);

(ii) allow the borrower, at any time, to opt out of clause (i) and prevent the Secretary from obtaining information under such clause without further action by the borrower; and

(b) *PAYMENT OF CLAIMS ON LOANS IN BANKRUPTCY.*—The Secretary shall pay to the holder of a loan described in section 428(a)(1) (A) or (B), 428A, 428B, 428C, or 428H, the amount of the unpaid balance of principal and interest owed on such loan—

(3) for loans described in section 523(a)(8)(A) of such title, when the borrower files for relief under chapter 7 or 11 of such title.

(c) *DISCHARGE.*—

(1) *IN GENERAL.*—If a borrower who received, on or after January 1, 1986, a loan made, insured, or guaranteed under this part and the student borrower, or the student on whose behalf a parent borrowed, is unable to complete the program in which such student is enrolled due to the closure of the institution or if such student's eligibility to borrow under this part was falsely certified by the eligible institution or was falsely certified as a result of a crime of identity theft, or if the institution failed to make a refund of loan proceeds which the institution owed to such student's lender, then the Secretary shall discharge the borrower's liability on the loan (including interest and collection fees) by repaying the amount owed on the loan and shall subsequently pursue any claim available to such borrower against the institution and its affiliates and principals or settle the loan obligation pursuant to the financial responsibility authority under subpart 3 of part H. In the case of a discharge based upon a failure to refund, the amount of the discharge shall not exceed that portion of the loan which should have been refunded. The Secretary shall report to the authorizing committees annually as to the dollar amount of loan discharges attributable to failures to make refunds.

(2) *AUTOMATIC CLOSED SCHOOL DISCHARGE.*—

[(3)] (4) *ELIGIBILITY FOR ADDITIONAL ASSISTANCE.*—*The period of a student's attendance at an institution at which the student was unable to complete a course of study due to the closing of the institution shall not be considered for purposes of calculating the student's period of eligibility for additional assistance under this title.*

[(4)] (5) *SPECIAL RULE.*—*A borrower whose loan has been discharged pursuant to this subsection shall not be precluded from receiving additional grants, loans, or work assistance under this title for which the borrower would be otherwise eligible (but for the default on such discharged loan). The amount discharged under this subsection shall be treated the same as loans under section 465(a)(5) of this title.*

(2) *DISABILITY.*—

(A) *IN GENERAL.*—*The Secretary shall discharge a parent's liability on a loan described in section 428B by repaying the amount owed on the loan if the student on whose behalf the parent has received the loan—*

[SEC. 442. ALLOCATION OF FUNDS.

[(a) ALLOCATION BASED ON PREVIOUS ALLOCATION.—(1) From the amount appropriated pursuant to section 441(b) for each fiscal year, the Secretary shall first allocate to each eligible institution for each succeeding fiscal year, an amount equal to 100 percent of the amount such institution received under subsections (a) and (b) for fiscal year 1999 (as such subsections were in effect with respect to allocations for such fiscal year).

[(2)(A) From the amount so appropriated, the Secretary shall next allocate to each eligible institution that began participation in the program under this part after fiscal year 1999 but is not a first or second time participant, an amount equal to the greater of—

[(i) \$5,000; or

[(ii) 90 percent of the amount received and used under this part for the first year it participated in the program.

[(B) From the amount so appropriated, the Secretary shall next allocate to each eligible institution that began participation in the program under this part after fiscal year 1999 and is a first or second time participant, an amount equal to the greatest of—

[(ii) an amount equal to (I) 90 percent of the amount received and used under this part in the second preceding fiscal

year by eligible institutions offering comparable programs of instruction, divided by (II) the number of students enrolled at such comparable institutions in such fiscal year, multiplied by (III) the number of students enrolled at the applicant institution in such fiscal year; or

[(iii) 90 percent of the institution's allocation under this part for the preceding fiscal year.

[(C) Notwithstanding subparagraphs (A) and (B) of this paragraph, the Secretary shall allocate to each eligible institution which—

[(i) was a first-time participant in the program in fiscal year 2000 or any subsequent fiscal year, and

[(ii) received a larger amount under this subsection in the second year of participation, an amount equal to 90 percent of the amount it received under this subsection in its second year of participation.

[(3)(A) If the amount appropriated for any fiscal year is less than the amount required to be allocated to all institutions under paragraph (1) of this subsection, then the amount of the allocation to each such institution shall be ratably reduced.

[(B) If the amount appropriated for any fiscal year is more than the amount required to be allocated to all institutions under paragraph (1) but less than the amount required to be allocated to all institutions under paragraph (2), then—

[(4)(A) Notwithstanding any other provision of this section, the Secretary may allocate an amount equal to not more than 10 percent of the amount by which the amount appropriated in any fiscal year to carry out this part exceeds \$700,000,000 among eligible institutions described in subparagraph (B).

[(2) For any eligible institution, the excess eligible amount is the amount, if any, by which—

[(A)(i) the amount of that institution's need (as determined under subsection (c)), divided by (ii) the sum of the need of all

[(B) the amount required to be allocated to that institution under subsection (a).

[(c) DETERMINATION OF INSTITUTION'S NEED.—(1) The amount of an institution's need is equal to the sum of the self-help need of the institution's eligible undergraduate students and the self-help need of the institution's eligible graduate and professional students.

[(D) multiply the number of eligible dependent students in each income category by the lesser of—

[(i) 25 percent of the average cost of attendance for all undergraduate students determined under subparagraph (C); or

[(ii) the average cost of attendance for all undergraduate students minus the expected family contribution determined under subparagraph (B) for that income category, except that the amount computed by such subtraction shall not be less than zero;

[(F) multiply the number of eligible independent students in each income category by the lesser of—

[(i) 25 percent of the average cost of attendance for all undergraduate students determined under subparagraph (C); or

[(ii) the average cost of attendance for all undergraduate students minus the expected family contribution determined under subparagraph (B) for that income category, except that the amount computed by such subtraction for any income category shall not be less than zero;

[(G) add the amounts determined under subparagraph (F) for each income category of independent students; and

[(H) add the amounts determined under subparagraphs (E) and (G).

[(3) To determine the self-help need of an institution's eligible graduate and professional students, the Secretary shall—

[(A) establish various income categories of graduate and professional students;

[(B) establish an expected family contribution for each income category of graduate and professional students, determined on the basis of the average expected family contribution

(computed in accordance with part F of this title) of a representative sample within each income category for the second preceding fiscal year;

[(C) determine the average cost of attendance for all graduate and professional students;

[(D) subtract from the average cost of attendance for all graduate and professional students (determined under subparagraph (C)), the expected family contribution (determined under subparagraph (B)) for each income category, except that the amount computed by such subtraction for any income category shall not be less than zero;

[(E) multiply the amounts determined under subparagraph (D) by the number of eligible students in each category; and

(ii) use the proportions determined in accordance with clause (i) and the interest rate applicable for each component loan, as determined under subparagraph (B), to calculate the weighted average of the interest rates on the loans consolidated into the loan under section 428C or the Federal Direct Consolidation Loan; and

(iii) apply the weighted average calculated under clause (ii) as the interest rate for the refinanced Federal Direct Consolidation Loan.

(B) *INTEREST RATES FOR COMPONENT LOANS.*—The interest rates for the component loans of a loan made under section 428C or a Federal Direct Consolidation Loan shall be the following:

[(1) IN GENERAL.—]

[(A)] (1) *LOANS FOR NEW UNDERGRADUATE FEDERAL PERKINS LOAN BORROWERS.*—Through September 30, 2017, an institution of higher education may make a loan under this part to an eligible undergraduate student who, on the date of disbursement of a loan made under this part, has no outstanding balance of principal or interest on a loan made under this part from the student loan fund established under this part by the institution, but only if the institution has awarded all Federal Direct Loans, as referenced under subparagraphs (A) and (D) of section 455(a)(2), for which such undergraduate student is eligible.

SEC. 462. ALLOCATION OF FUNDS.

(a) ALLOCATION BASED ON PREVIOUS ALLOCATION.—(1) [From] *For any fiscal year before fiscal year 2021, from* the amount appropriated pursuant to section 461(b) for each fiscal year, the Secretary shall first allocate to each eligible institution an amount equal to—

(A) 100 percent of the amount received under subsections (a) and (b) of this section for fiscal year 1999 (as such subsections were in effect with respect to allocations for such fiscal year), multiplied by

(B) the institution's default penalty, as determined under subsection (e),

except that if the institution has a cohort default rate in excess of the applicable maximum cohort default rate under subsection (f), the institution may not receive an allocation under this paragraph.

(2)(A) From the amount so appropriated, the Secretary shall next allocate to each eligible institution that began participation in the program under this part after fiscal year 1999 but is not a first or second time participant, an amount equal to the greater of—

(i) \$5,000; or

(ii) 100 percent of the amount received and expended under this part for the first year it participated in the program.

(B) From the amount so appropriated, the Secretary shall next allocate to each eligible institution that began participation in the program under this part after fiscal year 1999 and is a first or second time participant, an amount equal to the greatest of—

(i) \$5,000;

(ii) an amount equal to (I) 90 percent of the amount received and used under this part in the second preceding fiscal year by

eligible institutions offering comparable programs of instruction, divided by (II) the number of students enrolled at such comparable institutions in such fiscal year, multiplied by (III) the number of students enrolled at the applicant institution in such fiscal year; or

(iii) 90 percent of the institution's allocation under this part for the preceding fiscal year.

(C) Notwithstanding subparagraphs (A) and (B) of this paragraph, the Secretary shall allocate to each eligible institution which—

(i) was a first-time participant in the program in fiscal year 2000 or any subsequent fiscal year, and

(ii) received a larger amount under this subsection in the second year of participation,

an amount equal to 90 percent of the amount it received under this subsection in its second year of participation.

(D) For any fiscal year after a fiscal year in which an institution receives an allocation under subparagraph (A), (B), or (C), the Secretary shall allocate to such institution an amount equal to the product of—

(i) the amount determined under subparagraph (A), (B), or (C), multiplied by

(ii) the institution's default penalty, as determined under subsection (e),

except that if the institution has a cohort default rate in excess of the applicable maximum cohort default rate under subsection (f), the institution may not receive an allocation under this paragraph.

(3)(A) If the amount appropriated for any fiscal year is less than the amount required to be allocated to all institutions under paragraph (1) of this subsection, then the amount of the allocation to each such institution shall be ratably reduced.

(B) If the amount appropriated for any fiscal year is more than the amount required to be allocated to all institutions under paragraph (1) but less than the amount required to be allocated to all institutions under paragraph (2), then—

(2) For any eligible institution, the excess eligible amount is the amount, if any, by which—

(A)(i) that institution's eligible amount (as determined under paragraph (3)), divided by (ii) the sum of the eligible amounts of all institutions (as so determined), multiplied by (iii) the amount appropriated pursuant to section 461(b) for the fiscal year; exceeds

(B) the amount required to be allocated to that institution under subsection (a),

except that an eligible institution which has a cohort default rate in excess of the applicable maximum cohort default rate under subsection (f) may not receive an allocation under this paragraph.

(3) For any eligible institution, the eligible amount of that institution is equal to—

(A) the amount of the institution's self-help need, as determined under subsection (c); minus

(B) the institution's anticipated collections; multiplied by

(C) the institution's default penalty, as determined under subsection (e);

except that, if the institution has a cohort default rate in excess of the applicable maximum cohort default rate under subsection (f), the eligible amount of that institution is zero.

(c) DETERMINATION OF INSTITUTION'S SELF-HELP NEED.—(1) The amount of an institution's self-help need is equal to the sum of the self-help need of the institution's eligible undergraduate students and the self-help need of the institution's eligible graduate and professional students.

(2) To determine the self-help need of an institution's eligible undergraduate students, the Secretary shall—

(A) establish various income categories for dependent and independent undergraduate students;

(B) establish an expected family contribution for each income category of dependent and independent undergraduate students, determined on the basis of the average expected family contribution (computed in accordance with part F of this title) of a representative sample within each income category for the second preceding fiscal year;

(C) compute 25 percent of the average cost of attendance for all undergraduate students;

(D) multiply the number of eligible dependent students in each income category by the lesser of—

(i) 25 percent of the average cost of attendance for all undergraduate students determined under subparagraph (C); or

(ii) the average cost of attendance for all undergraduate students minus the expected family contribution determined under subparagraph (B) for that income category, except that the amount computed by such subtraction shall not be less than zero;

(E) add the amounts determined under subparagraph (D) for each income category of dependent students;

(F) multiply the number of eligible independent students in each income category by the lesser of—

(i) 25 percent of the average cost of attendance for all undergraduate students determined under subparagraph (C); or

- (ii) the average cost of attendance for all undergraduate students minus the expected family contribution determined under subparagraph (B) for that income category, except that the amount computed by such subtraction for any income category shall not be less than zero;
 - (G) add the amounts determined under subparagraph (F) for each income category of independent students; and
 - (H) add the amounts determined under subparagraphs (E) and (G).
- (3) To determine the self-help need of an institution's eligible graduate and professional students, the Secretary shall—
 - (A) establish various income categories for graduate and professional students;
 - (B) establish an expected family contribution for each income category of graduate and professional students, determined on the basis of the average expected family contribution (computed in accordance with part F of this title) of a representative sample within each income category for the second preceding fiscal year;
 - (C) determine the average cost of attendance for all graduate and professional students;
 - (D) subtract from the average cost of attendance for all graduate and professional students (determined under subparagraph (C)), the expected family contribution (determined under subparagraph (B)) for each income category, except that the amount computed by such subtraction for any income category shall not be less than zero;
 - (E) multiply the amounts determined under subparagraph (D) by the number of eligible students in each category;
 - (F) add the amounts determined under subparagraph (E) for each income category.
- (4)(A) For purposes of paragraphs (2) and (3), the term "average cost of attendance" means the average of the attendance costs for undergraduate students and for graduate and professional students, which shall include (i) tuition and fees determined in accordance with subparagraph (B), (ii) standard living expenses determined in accordance with subparagraph (C), and (iii) books and supplies determined in accordance with subparagraph (D).
- (B) The average undergraduate and graduate and professional tuition and fees described in subparagraph (A)(i) shall be computed on the basis of information reported by the institution to the Secretary, which shall include (i) total revenue received by the institution from undergraduate and graduate tuition and fees for the second year preceding the year for which it is applying for an allocation, and (ii) the institution's enrollment for such second preceding year.
- (C) The standard living expense described in subparagraph (A)(ii) is equal to 150 percent of the difference between the income protection allowance for a family of five with one in college and the income protection allowance for a family of six with one in college for a single independent student.
- (D) The allowance for books and supplies described in subparagraph (A)(iii) is equal to \$600.
- (d) ANTICIPATED COLLECTIONS.—(1) An institution's anticipated collections are equal to the amount which was collected during the

second year preceding the beginning of the award period, multiplied by 1.21.

(2) The Secretary shall establish an appeals process by which the anticipated collections required in paragraph (1) may be waived for institutions with low cohort default rates in the program assisted under this part.

(e) DEFAULT PENALTIES.—

(1) YEARS PRECEDING FISCAL YEAR 2000.—For any fiscal year preceding fiscal year 2000, any institution with a cohort default rate that—

(A) equals or exceeds 15 percent, shall establish a default reduction plan pursuant to regulations prescribed by the Secretary, except that such plan shall not be required with respect to an institution that has a default rate of less than 20 percent and that has less than 100 students who have loans under this part in such academic year;

(B) equals or exceeds 20 percent, but is less than 25 percent, shall have a default penalty of 0.9;

(C) equals or exceeds 25 percent, but is less than 30 percent, shall have a default penalty of 0.7; and

(D) equals or exceeds 30 percent shall have a default penalty of zero.

(2) YEARS FOLLOWING FISCAL YEAR 2000.—For fiscal year 2000 and any succeeding fiscal year, any institution with a cohort default rate (as defined under subsection (g)) that equals or exceeds 25 percent shall have a default penalty of zero.

(3) INELIGIBILITY.—

(A) IN GENERAL.—For fiscal year 2000 and any succeeding fiscal year, any institution with a cohort default rate (as defined in subsection (g)) that equals or exceeds 50 percent for each of the 3 most recent years for which data are available shall not be eligible to participate in a program under this part for the fiscal year for which the determination is made and the 2 succeeding fiscal years, unless, within 30 days of receiving notification from the Secretary of the loss of eligibility under this paragraph, the institution appeals the loss of eligibility to the Secretary. The Secretary shall issue a decision on any such appeal within 45 days after the submission of the appeal. Such decision may permit the institution to continue to participate in a program under this part if—

(i) the institution demonstrates to the satisfaction of the Secretary that the calculation of the institution's cohort default rate is not accurate, and that recalculation would reduce the institution's cohort default rate for any of the 3 fiscal years below 50 percent; or

(ii) there are, in the judgment of the Secretary, such a small number of borrowers entering repayment that the application of this subparagraph would be inequitable.

(B) CONTINUED PARTICIPATION.—During an appeal under subparagraph (A), the Secretary may permit the institution to continue to participate in a program under this part.

(C) RETURN OF FUNDS.—Within 90 days after the date of any termination pursuant to subparagraph (A), or the conclusion of any appeal pursuant to subparagraph (B), whichever is later, the balance of the student loan fund established under this part by the institution that is the subject of the termination shall be distributed as follows:

(i) The Secretary shall first be paid an amount which bears the same ratio to such balance (as of the date of such distribution) as the total amount of Federal capital contributions to such fund by the Secretary under this part bears to the sum of such Federal capital contributions and the capital contributions to such fund made by the institution.

(ii) The remainder of such student loan fund shall be paid to the institution.

(D) USE OF RETURNED FUNDS.—Any funds returned to the Secretary under this paragraph shall be reallocated to institutions of higher education pursuant to subsection (i).

(E) DEFINITION.—For the purposes of subparagraph (A), the term “loss of eligibility” shall be defined as the mandatory liquidation of an institution’s student loan fund, and assignment of the institution’s outstanding loan portfolio to the Secretary.

(f) APPLICABLE MAXIMUM COHORT DEFAULT RATE.—

(1) AWARD YEARS PRIOR TO 2000.—For award years prior to award year 2000, the applicable maximum cohort default rate is 30 percent.

(g) DEFINITION OF COHORT DEFAULT RATE.—

(1)(A) The term “cohort default rate” means, for any award year in which 30 or more current and former students at the institution enter repayment on loans under this part (received for attendance at the institution), the percentage of those current and former students who enter repayment on such loans (received for attendance at that institution) in that award year who default before the end of the following award year.

(B) For any award year in which less than 30 of the institution’s current and former students enter repayment, the term “cohort default rate” means the percentage of such current and former students who entered repayment on such loans in any of the three most recent award years and who default before the end of the award year immediately following the year in which they entered repayment.

(C) A loan on which a payment is made by the institution of higher education, its owner, agency, contractor, employee, or any other entity or individual affiliated with such institution, in order to avoid default by the borrower, is considered as in default for the purposes of this subsection.

(D) In the case of a student who has attended and borrowed at more than one school, the student (and his or her subsequent repayment or default) is attributed to the school for attendance at which the student received the loan that entered repayment in the award year.

(E) In determining the number of students who default before the end of such award year, the institution, in calculating the cohort default rate, shall exclude—

(i) any loan on which the borrower has, after the time periods specified in paragraph (2)—

- (I) voluntarily made 6 consecutive payments;
- (II) voluntarily made all payments currently due;
- (III) repaid in full the amount due on the loan; or

(IV) received a deferment or forbearance, based on a condition that began prior to such time periods;

(ii) any loan which has, after the time periods specified in paragraph (2), been rehabilitated or canceled; and

(iii) any other loan that the Secretary determines should be excluded from such determination.

(F) The Secretary shall prescribe regulations designed to prevent an institution from evading the application to that institution of a cohort default rate determination under this subsection through the use of such measures as branching, consolidation, change of ownership or control or other means as determined by the Secretary.

(2) For purposes of calculating the cohort default rate under this subsection, a loan shall be considered to be in default—

(A) 240 days (in the case of a loan repayable monthly),

or

(B) 270 days (in the case of a loan repayable quarterly), after the borrower fails to make an installment payment when due or to comply with other terms of the promissory note.

(h) FILING DEADLINES.—The Secretary shall, from time to time, set dates before which institutions must file applications for allocations under this part.

(i) REALLOCATION OF EXCESS ALLOCATIONS.—

(1) IN GENERAL.—(A) If an institution of higher education returns to the Secretary any portion of the sums allocated to such institution under this section *for any fiscal year, for any fiscal year before fiscal year 2021*, the Secretary shall reallocate 80 percent of such returned portions to participating institutions in an amount not to exceed such participating institution's excess eligible amounts as determined under paragraph (2).

(B) For the purpose of this subsection, the term “participating institution” means an institution of higher education that—

(i) was a participant in the program assisted under this part in fiscal year 1999; and

(ii) did not receive an allocation under subsection (a) in the fiscal year for which the reallocation determination is made.

(2) EXCESS ELIGIBLE AMOUNT.—For any participating institution, the excess eligible amount is the amount, if any, by which—

(A)(i) that institution's eligible amount (as determined under subsection (b)(3)), divided by (ii) the sum of the eligible amounts of all participating institutions (as determined under paragraph (3)), multiplied by (iii) the amount

of funds available for reallocation under this subsection; exceeds

(B) the amount required to be allocated to that institution under subsection (b).

(3) REMAINDER.—The Secretary shall reallocate the remainder of such returned portions in accordance with regulations of the Secretary.

(4) ALLOCATION REDUCTIONS.—If under paragraph (1) of this subsection an institution returns more than 10 percent of its allocation, the institution's allocation for the next fiscal year shall be reduced by the amount returned. The Secretary may waive this paragraph for a specific institution if the Secretary finds that enforcing it is contrary to the interest of the program.

SEC. 462A. FEDERAL DIRECT PERKINS LOAN ALLOCATION.

(a) PURPOSE.—*The purpose of this section is to make funds available, in accordance with section 452, to each participating institution in an amount not to exceed the sum of an institution's allocation of funds under subsection (b)(1)(B) to enable each such participating institution to make Federal Direct Perkins Loans under section 455A to eligible students at such participating institution.*

(b) AVAILABLE DIRECT PERKINS ANNUAL LOAN AUTHORITY.—

(1) AVAILABILITY AND ALLOCATIONS.—

(3) ELIGIBILITY FOR ADDITIONAL ASSISTANCE.—The period during which a student was unable to complete a course of study due to the closing of the institution shall not be considered for purposes of calculating the student's period of eligibility for additional assistance under this title.

(4) SPECIAL RULE.—A borrower whose loan has been discharged pursuant to this subsection shall not be precluded, because of that discharge, from receiving additional grant, loan, or work assistance under this title for which the borrower would be otherwise eligible (but for the default on the discharged loan). The amount discharged under this subsection shall be treated as an amount canceled under section 465(a).

(5) REPORTING.—The Secretary or institution, as the case may be, shall report to consumer reporting agencies with respect to loans that have been discharged pursuant to this subsection.

(h) REHABILITATION OF LOANS.—

(1) REHABILITATION.—

(A) IN GENERAL.—If the borrower of a loan made under this part *before July 1, 2021*, who has defaulted on the loan makes 9 on-time, consecutive, monthly payments of amounts owed on the loan, as determined by the institution, or by the Secretary in the case of a loan held by the Secretary, the loan shall be considered rehabilitated, and the institution that made that loan (or the Secretary, in the case of a loan held by the Secretary) shall request that any consumer reporting agency to which the default was reported remove the default from the borrower's credit history.

(B) COMPARABLE CONDITIONS.—As long as the borrower continues to make scheduled repayments on a loan rehabilitated under this paragraph, the rehabilitated loan shall be subject to the same terms and conditions, and qualify for the same benefits and privileges, as other loans made under this part.

(C) ADDITIONAL ASSISTANCE.—The borrower of a rehabilitated loan shall not be precluded by section 484 from receiving additional grant, loan, or work assistance under this title (for which the borrower is otherwise eligible) on the basis of defaulting on the loan prior to such rehabilitation.

(D) LIMITATIONS.—A borrower only once may obtain the benefit of this paragraph with respect to rehabilitating a loan under this part.

(2) RESTORATION OF ELIGIBILITY.—If the borrower of a loan made under this part *before July 1, 2021*, who has defaulted on that loan makes 6 ontime, consecutive, monthly payments of amounts owed on such loan, the borrower's eligibility for grant, loan, or work assistance under this title shall be restored to the extent that the borrower is otherwise eligible. A borrower only once may obtain the benefit of this paragraph with respect to restored eligibility.

[(b) DISTRIBUTION OF LATE COLLECTIONS.—Beginning October 1, 2017, each institution with which the Secretary has made an agreement under this part, shall pay to the Secretary the same proportionate share of amounts received by this institution after September 30, 2017, in payment of principal and interest on student loans made from the student loan fund established pursuant to such agreement (which amount shall be determined after deduction of any costs of litigation incurred in collection of the principal or interest on loans from the fund and not already reimbursed from the fund or from such payments of principal or interest), as was determined for the Secretary under subsection (a).

[(c) DISTRIBUTION OF EXCESS CAPITAL.—(1) Upon a finding by the institution or the Secretary prior to October 1, 2017, that the liquid assets of a student loan fund established pursuant to an agreement under this part exceed the amount required for loans or otherwise in the foreseeable future, and upon notice to such institution or to the Secretary, as the case may be, there shall be, subject to such limitations as may be included in regulations of the Secretary or in such agreement, a capital distribution from such fund. (B) WAIVERS.—The Secretary is authorized to waive, for an institution of higher education participating in the demonstration program, any requirements under this title, or regulations prescribed under this title, that will make the demonstration program unworkable, except that the Secretary shall not waive any provisions with respect to the maximum award amounts for grants and loans under this title.

(7) OUTREACH.—The Secretary shall make appropriate efforts to notify States of the demonstration program under this subsection. Upon determination of participating States, the Secretary shall continue to make efforts to notify institutions of higher education and dependent students within participating States of the opportunity to participate in the demonstration program and of the participation requirements.

(8) EVALUATION.—The Secretary shall conduct a rigorous evaluation of the demonstration program to measure the program's benefits and adverse effects, as the benefits and effects relate to the purpose and objectives of the program described in paragraph (1). In conducting the evaluation, the Secretary shall—

(A) determine whether receiving financial aid estimates one year prior to the year in which the student plans to enroll in an institution of higher education, has a positive

impact on the higher education aspirations and plans of such student;

(C) determine what operational changes are required to implement the program on a larger scale;

(D) identify any changes to Federal law that are necessary to implement the program on a permanent basis;

(9) CONSULTATION.—The Secretary shall consult, as appropriate, with the Advisory Committee on Student Financial Assistance established under section 491 on the design, implementation, and evaluation of the demonstration program.

[(f) REDUCTION OF INCOME AND ASSET INFORMATION TO DETERMINE ELIGIBILITY FOR STUDENT FINANCIAL AID.—

[(1) CONTINUATION OF CURRENT FAFSA SIMPLIFICATION EFFORTS.—The Secretary shall continue to examine—

[(A) how the Internal Revenue Service can provide to the Secretary income and other data needed to compute an expected family contribution for taxpayers and dependents of taxpayers, and when in the application cycle the data can be made available;

[(B) whether data provided by the Internal Revenue Service can be used to—

[(i) prepopulate the electronic version of the FAFSA with student and parent taxpayer data; or

[(ii) generate an expected family contribution without additional action on the part of the student and taxpayer; and

[(C) whether the data elements collected on the FAFSA that are needed to determine eligibility for student aid, or to administer the Federal student financial aid programs under this title, but are not needed to compute an expected family contribution, such as information regarding the student's citizenship or permanent residency status, registration for selective service, or driver's license number, can be reduced without adverse effects.

[(2) REPORT ON FAFSA SIMPLIFICATION EFFORTS TO DATE.—Not later than 90 days after the date of enactment of the Higher Education Opportunity Act, the Secretary shall provide a written report to the authorizing committees on the work the Department has done with the Secretary of the Treasury regarding—

[(A) how the expected family contribution of a student can be calculated using substantially less income and asset information than was used on March 31, 2008;

[(B) the extent to which the reduced income and asset information will result in a redistribution of Federal grants and subsidized loans under this title, State aid, or institutional aid, or in a change in the composition of the group of recipients of such aid, and the amount of such redistribution;

[(C) how the alternative approaches for calculating the expected family contribution will—

[(i) rely mainly, in the case of students and parents who file income tax returns, on information available on the 1040, 1040EZ, and 1040A; and

[(ii) include formulas for adjusting income or asset information to produce similar results to the existing approach with less data;

[(D) how the Internal Revenue Service can provide to the Secretary of Education income and other data needed to compute an expected family contribution for taxpayers and dependents of taxpayers, and when in the application cycle the data can be made available;

[(E) whether data provided by the Internal Revenue Service can be used to—

[(i) prepopulate the electronic version of the FAFSA with student and parent taxpayer data; or

[(ii) generate an expected family contribution without additional action on the part of the student and taxpayer;

[(F) the extent to which the use of income data from two years prior to a student's planned enrollment date will change the expected family contribution computed in accordance with part F, and potential adjustments to the need analysis formula that will minimize the change; and

[(G) the extent to which the data elements collected on the FAFSA on March 31, 2008, that are needed to determine eligibility for student aid or to administer the Federal student financial aid programs, but are not needed to compute an expected family contribution, such as information regarding the student's citizenship or permanent residency status, registration for selective service, or driver's license number, can be reduced without adverse effects.

[(3) STUDY.—

[(A) FORMATION OF STUDY GROUP.—Not later than 90 days after the date of enactment of the Higher Education Opportunity Act, the Comptroller General shall convene a study group the membership of which shall include the Secretary of Education, the Secretary of the Treasury, the Director of the Office of Management and Budget, the Director of the Congressional Budget Office, representatives of institutions of higher education with expertise in Federal and State financial aid assistance, State chief executive officers of higher education with a demonstrated commitment to simplifying the FAFSA, and such other individuals as the Comptroller General and the Secretary of Education may designate.

[(B) STUDY REQUIRED.—The Comptroller General, in consultation with the study group convened under subparagraph (A) shall—

[(i) review and build on the work of the Secretary of Education and the Secretary of the Treasury, and individuals with expertise in analysis of financial need, to assess alternative approaches for calculating the expected family contribution under the statutory need analysis formula in effect on the day before the date of enactment of the Higher Education Opportunity Act and under a new calculation that will use substantially less income and asset information than was used for the 2008–2009 FAFSA;

[(ii) conduct an additional analysis if necessary; and

[(iii) make recommendations to the authorizing committees.

[(C) OBJECTIVES OF STUDY.—The objectives of the study required under subparagraph (B) are—

[(i) to determine methods to shorten the FAFSA and make the FAFSA easier and less time-consuming to complete, thereby increasing higher education access for low-income students;

[(ii) to identify changes to the statutory need analysis formula that will be necessary to reduce the amount of financial information students and families need to provide to receive a determination of eligibility for student financial aid without causing significant redistribution of Federal grants and subsidized loans under this title; and

[(iii) to review State and institutional needs and uses for data collected on the FAFSA, and to determine the best means of addressing such needs in the case of modification of the FAFSA as described in clause (i), or modification of the need analysis formula as described in clause (ii).

[(D) REQUIRED SUBJECTS OF STUDY.—The study required under subparagraph (B) shall examine—

[(i) with respect to simplification of the financial aid application process using the statutory requirements for need analysis—

[(I) additional steps that can be taken to simplify the financial aid application process for students who (or, in the case of dependent students, whose parents) are not required to file a Federal income tax return for the prior taxable year;

[(II) information on State use of information provided on the FAFSA, including—

[(aa) whether a State uses, as of the time of the study, or can use, a student's expected family contribution based on data from two years prior to the student's planned enrollment date;

[(bb) the extent to which States and institutions will accept the data provided by the Internal Revenue Service to prepopulate the

electronic version of the FAFSA to determine the distribution of State and institutional student financial aid funds;

[(cc) what data are used by States, as of the time of the study, to determine eligibility for State student financial aid, and whether the data are used for merit- or need-based aid;

[(dd) whether State data are required by State law, State regulations, or policy directives; and

[(ee) the extent to which any State-specific information requirements can be met by completion of a State application linked to the electronic version of the FAFSA; and

[(III) information on institutional needs, including the extent to which institutions of higher education are already using supplemental forms to collect additional data from students and their families to determine eligibility for institutional funds; and

[(ii) ways to reduce the amount of financial information students and families need to provide to receive a determination of eligibility for student financial aid, taking into account—

[(I) the amount of redistribution of Federal grants and subsidized loans under this title caused by such a reduction, and the benefits to be gained by having an application process that will be easier for students and their families;

[(II) students and families who do not file income tax returns;

[(III) the extent to which the full array of income and asset information collected on the FAFSA, as of the time of the study, plays an important role in the awarding of need-based State financial aid, and whether the State can use an expected family contribution generated by the FAFSA, instead of income and asset information or a calculation with reduced data elements, to support determinations of eligibility for such State aid programs and, if not, what additional information will be needed or what changes to the FAFSA will be required; and

[(IV) information on institutional needs, including the extent to which institutions of higher education are already using supplemental forms to collect additional data from students and their families to determine eligibility for institutional funds; and

[(V) changes to this Act or other laws that will be required to implement a modified need analysis system.

[(4) CONSULTATION.—The Secretary shall consult with the Advisory Committee on Student Financial Assistance estab-

lished under section 491 as appropriate in carrying out this subsection.

[SEC. 487A. REGULATORY RELIEF AND IMPROVEMENT.

[(a) QUALITY ASSURANCE PROGRAM.—

[(1) IN GENERAL.—The Secretary is authorized to select institutions for voluntary participation in a Quality Assurance Program that provides participating institutions with an alternative management approach through which individual schools develop and implement their own comprehensive systems, related to processing and disbursement of student financial aid, verification of student financial aid application data, and entrance and exit interviews, thereby enhancing program integrity within the student aid delivery system.

[(2) CRITERIA AND CONSIDERATION.—The Quality Assurance Program authorized by this section shall be based on criteria that include demonstrated institutional performance, as determined by the Secretary, and shall take into consideration current quality assurance goals, as determined by the Secretary. The selection criteria shall ensure the participation of a diverse group of institutions of higher education with respect to size, mission, and geographical distribution.

[(3) WAIVER.—The Secretary is authorized to waive for any institution participating in the Quality Assurance Program any regulations dealing with reporting or verification requirements in this title that are addressed by the institution's alternative management system, and may substitute such quality assurance reporting as the Secretary determines necessary to ensure accountability and compliance with the purposes of the programs under this title. The Secretary shall not modify or waive any statutory requirements pursuant to this paragraph.

[(4) DETERMINATION.—The Secretary is authorized to determine—

[(A) when an institution that is unable to administer the Quality Assurance Program shall be removed from such program; and

[(B) when institutions desiring to cease participation in such program will be required to complete the current award year under the requirements of the Quality Assurance Program.

[(5) REVIEW AND EVALUATION.—The Secretary shall review and evaluate the Quality Assurance Program conducted by each participating institution and, on the basis of that evaluation, make recommendations regarding amendments to this Act that will streamline the administration and enhance the integrity of Federal student assistance programs. Such recommendations shall be submitted to the authorizing committees.

[(b) REGULATORY IMPROVEMENT AND STREAMLINING EXPERIMENTS.—

[(1) IN GENERAL.—The Secretary shall continue the voluntary participation of any experimental sites in existence as of July 1, 2007, unless the Secretary determines that such site's participation has not been successful in carrying out the purposes of this section. Any experimental sites approved by

the Secretary prior to such date that have not been successful in carrying out the purposes of this section shall be discontinued not later than June 30, 2010.

[(2) REPORT.—The Secretary shall review and evaluate the experience of institutions participating as experimental sites and shall, on a biennial basis, submit a report based on the review and evaluation to the authorizing committees. Such report shall include—

[(A) a list of participating institutions and the specific statutory or regulatory waivers granted to each institution;

[(B) the findings and conclusions reached regarding each of the experiments conducted; and

[(C) recommendations for amendments to improve and streamline this Act, based on the results of the experiment.

[(3) SELECTION.—

[(A) IN GENERAL.—The Secretary is authorized to periodically select a limited number of additional institutions for voluntary participation as experimental sites to provide recommendations to the Secretary on the impact and effectiveness of proposed regulations or new management initiatives.

[(B) WAIVERS.—The Secretary is authorized to waive, for any institution participating as an experimental site under subparagraph (A), any requirements in this title, including requirements related to the award process and disbursement of student financial aid (such as innovative delivery systems for modular or compressed courses, or other innovative systems), verification of student financial aid application data, entrance and exit interviews, or other management procedures or processes as determined in the negotiated rulemaking process under section 492, or regulations prescribed under this title, that will bias the results of the experiment, except that the Secretary shall not waive any provisions with respect to award rules (other than an award rule related to an experiment in modular or compressed schedules), grant and loan maximum award amounts, and need analysis requirements unless the waiver of such provisions is authorized by another provision under this title.

[(4) DETERMINATION OF SUCCESS.—For the purposes of paragraph (1), the Secretary shall make a determination of success regarding an institution's participation as an experimental site based on—

[(A) the ability of the experimental site to reduce administrative burdens to the institution, as documented in the Secretary's biennial report under paragraph (2), without creating costs for the taxpayer; and

[(B) whether the experimental site has improved the delivery of services to, or otherwise benefitted, students.

[(c) DEFINITIONS.—For purposes of this section, the term "current award year" means the award year during which the participating institution indicates the institution's intention to cease participation.]

(B) the institution demonstrates to the satisfaction of the Secretary that there has been improper loan servicing, which, if remedied, would increase its on-time repayment rate above the applicable threshold percentage specified in subsection (b)(1)(B) for the period on which the determina-

During such appeal, the Secretary may permit the institution to continue to participate in a program under this title.

(g) **LIMITATION ON SCOPE OF CRITERIA.**—Nothing in this Act shall be construed to permit the Secretary to establish criteria for accrediting agencies or associations that are not required by this section. Nothing in this Act shall be construed to prohibit or limit any accrediting agency or association from adopting additional standards not provided for in this section. Nothing in this section shall be construed to permit the Secretary to establish any criteria that specifies, defines, or prescribes the standards that accrediting agencies or associations shall use to assess any institution's success with respect to student achievement.

(1) is related to the religious mission or affiliation of the institution; and

(2) is not related to the accreditation criteria provided for in this section.

(l) LIMITATION, SUSPENSION, OR TERMINATION OF RECOGNITION.—

(1) If the Secretary determines that an accrediting agency or association has failed to apply effectively the criteria in this section, or is otherwise not in compliance with the requirements of this section, the Secretary shall—

(2) The Secretary may determine that an accrediting agency or association has failed to apply effectively the standards provided in this section if an institution of higher education seeks and receives accreditation from the accrediting agency or association during any period in which the institution is the subject of any interim action by another accrediting agency or association, described in paragraph (2)(A)(i), (2)(B), or (2)(C) of subsection (a) of this section, leading to the suspension, revocation, or termination of accreditation or the institution has been notified of the threatened loss of accreditation, and the due process procedures required by such suspension, revocation, termination, or threatened loss have not been completed.

(m) LIMITATION ON THE SECRETARY'S AUTHORITY.—The Secretary may only recognize accrediting agencies or associations which accredit institutions of higher education for the purpose of enabling such institutions to establish eligibility to participate in the programs under this Act or which accredit institutions of higher education or higher education programs for the purpose of enabling them to establish eligibility to participate in other programs ad-

ministered by the Department of Education or other Federal agencies. *Nothing in this section shall prohibit the Secretary from implementing a process of recognition under this section which differs for the accrediting agencies or associations described in subsection (a)(2)(A)(ii) for the purposes of participation in programs (other than the programs under this Act) administered by the Department or other Federal agencies if such differentiation would be beneficial to taxpayers and the performance of such agencies or associations.*

(n) INDEPENDENT EVALUATION.—(1) The Secretary shall conduct a comprehensive review and evaluation of the performance of all accrediting agencies or associations which seek recognition by the Secretary in order to determine whether such accrediting agencies or associations meet the criteria established by this section. The Secretary shall conduct an independent evaluation of the information provided by such agency or association, *which shall include information on at least one institution of higher education representing each of the sectors subject to the jurisdiction of the accrediting agency or association (including public, nonprofit, and proprietary, as applicable) of the representative member institutions.* Such evaluation shall include—

(A) the solicitation of third-party information concerning the performance of the accrediting agency or association, *and for purposes of facilitating such third-party information, the Secretary shall make publicly available the application of the accrediting agency or association seeking recognition by the Secretary upon publishing in the Federal Register the solicitation for such third-party information;* and

(B) site visits, including unannounced site visits as appropriate, at accrediting agencies and associations, and, at the Secretary's discretion, at representative member institutions.

(2) The Secretary shall place a priority for review of accrediting agencies or associations on those agencies or associations that accredit institutions of higher education that participate most extensively in the programs authorized by this title and on those agencies or associations which have been the subject of the most complaints or legal actions.

(3) The Secretary shall consider all available relevant information concerning the compliance of the accrediting agency or association with the criteria provided for in this section, including any complaints or legal actions against such agency or association. In cases where deficiencies in the performance of an accreditation agency or association with respect to the requirements of this section are noted, the Secretary shall take these deficiencies into account in the recognition process. The Secretary shall not, under any circumstances, base decisions on the recognition or denial of recognition of accreditation agencies or associations on criteria other than those contained in this section. When the Secretary decides to recognize an accrediting agency or association, the Secretary shall determine the agency or association's scope of recognition. If the agency or association reviews institutions offering distance education courses or programs and the Secretary determines that the agency or association meets the requirements of this section, then the agency shall be recognized and the scope of recognition shall include accreditation of institutions offering distance education courses or programs.

(4) The Secretary shall maintain sufficient documentation to support the conclusions reached in the recognition process, and, if the Secretary does not recognize any accrediting agency or association, shall make publicly available the reason for denying recognition, including reference to the specific criteria under this section which have not been fulfilled.

(5) *In the case in which an official of the Department (other than the Secretary) makes a decision on the recognition of an accrediting agency or association that differs from the recommendation made by the National Advisory Committee on Institutional Quality and Integrity on such recognition, without regard to whether any appeals process with respect to such decision has been concluded, the official shall submit to the authorizing committees the rationale and evidence for such decision.*

(6) *During the first 90-day period of each fiscal year, the Secretary shall submit to the authorizing committees the following information with respect to the preceding fiscal year—*

(B) the recommendation of the National Advisory Committee on Institutional Quality and Integrity about whether to recognize such accrediting agency or association and the rationale for such recommendation;

(C) in the case in which an official of the Department (other than the Secretary) makes a decision on the recognition of such accrediting agency or association (without regard to whether any appeals process with respect to such decision has been concluded), such decision and the rationale for such decision; and

(D) the final decision of the Secretary on the recognition of such accrediting agency or association and the rationale for such final decision.

(o) REGULATIONS.—The Secretary shall by regulation provide procedures for the recognition of accrediting agencies or associations and for the appeal of the Secretary's decisions. Notwithstanding any other provision of law, the Secretary shall not promulgate any regulation with respect to the standards of an accreditation agency or association described in subsection (a)(5).

(p) RULE OF CONSTRUCTION.—Nothing in subsection (a)(5) shall be construed to restrict the ability of—

(1) an accrediting agency or association to set, with the involvement of its members, and to apply, accreditation standards for or to institutions or programs that seek review by the agency or association; or

(2) an institution to develop and use institutional standards to show its success with respect to student achievement, which achievement may be considered as part of any accreditation review.

(q) REVIEW OF SCOPE CHANGES.—The Secretary shall require a review, at the next available meeting of the National Advisory Committee on Institutional Quality and Integrity, of any change in scope undertaken by an agency or association under subsection (a)(4)(B)(i)(II) if the enrollment of an institution that offers distance education or correspondence education that is accredited by such agency or association increases by 50 percent or more within any one institutional fiscal year.

Such criteria shall take into account any differences in generally accepted accounting principles, and the financial statements required thereunder, that are applicable to for-profit, public, and nonprofit institutions. The Secretary shall take into account an institution's total financial circumstances in making a determination of its ability to meet the standards herein required.

(3) The Secretary shall determine an institution to be financially responsible, notwithstanding the institution's failure to meet the criteria under paragraphs (1) and (2), if—

GRANT ADJUSTMENTS

SEC. 111. (a)(1) If the sums appropriated for any fiscal year pursuant to section [110(a)(2)] 3(a)(2) for grants under section 107 are not sufficient to pay in full the total amount which approved applicants are eligible to receive under such section for such fiscal year—

(A) the Secretary shall first allocate to each such applicant which received funds under section 107 for the preceding fiscal year an amount equal to 95 percent of the payment received by such applicant under section 108;

(B) the Secretary shall next allocate to applicants who did not receive funds under such section for the preceding fiscal year an amount equal to 100 per centum of the product of—

(i) the per capita payment for the preceding fiscal year;

and

(ii) the applicant's projected Indian student count for the academic year for which payment is being made; in the order in which such applicants have qualified for assistance in accordance with such section so that no amount shall be allocated to a later qualified applicant until each earlier qualified applicant is allocated an amount equal to such product; and

(C) if additional funds remain after making the allocations required by subparagraphs (A) and (B), the Secretary shall allocate such funds by—

(i) ratably increasing the amounts of the grants determined under subparagraph (A) until such grants are equal to 100 per centum of the product described in such subparagraph; and

(ii) then ratably increasing the amounts of both (I) the grants determined under subparagraph (A), as increased under clause (i) of this subparagraph, and (II) the grants determined under subparagraph (B).

(2) For purposes of paragraph (1) of this subsection, the term "per capita payment" for any fiscal year shall be determined by dividing the amount available for grants to tribally controlled colleges or universities under section 107 for such fiscal year by the sum of the Indian student counts of such colleges or universities

for such fiscal year. The Secretary shall, on the basis of the most satisfactory data available, compute the Indian student count for any fiscal year for which such count was not used for the purpose of making allocations under this title.

(b)(1) If the sums appropriated for any fiscal year for grants under section 107 are not sufficient to pay in full the total amount of the grants determined pursuant to subsection (a)(1)(A), the amount which applicants described in such subsection are eligible to receive under section 107 for such fiscal year shall be ratably reduced.

(2) If any additional funds become available for making payments under section 107 for any fiscal year to which subsection (a) or paragraph (1) of this subsection applies, such additional amounts shall be allocated by first increasing grants reduced under paragraph (1) of this subsection on the same basis as they were reduced and by then allocating the remainder in accordance with subsection (a). Sums appropriated in excess of the amount necessary to pay in full the total amounts for which applicants are eligible under section 107 shall be allocated by ratably increasing such total amounts.

(3) References in this subsection and subsection (a) to section 107 shall, with respect to fiscal year 1983, be deemed to refer to section 106 as in effect at the beginning of such fiscal year.

(c) In any fiscal year in which the amounts for which grant recipients are eligible to receive have been reduced under the first sentence of subsection (a) of this section, and in which additional funds have not been made available to pay in full the total of such amounts under the second sentence of such subsection, each grantee shall report to the Secretary any unused portion of received funds ninety days prior to the grant expiration date. The amounts so reported by any grant recipient shall be made available for allocation to eligible grantees on a basis proportionate to the amount which is unfunded as a result of the ratable reduction, but no grant recipient shall receive, as a result of such reallocation, more than the amount provided for under section 107(a) of this title.

PROTECTION OF THE RIGHTS AND PRIVACY OF PARENTS AND
STUDENTS

SEC. 444. (a)(1)(A) No funds shall be made available under any applicable program to any educational agency or institution which has a policy of denying, or which effectively prevents, the parents of students who are or have been in attendance at a school of such agency or at such institution, as the case may be, the right to inspect and review the educational records of their children. If any material or document in the education record of a student includes information on more than one student, the parents of one of such students shall have the right to inspect and review only such part of such material or document as relates to such student or to be informed of the specific information contained in such part of such material. Each educational agency or institution shall establish appropriate procedures for the granting of a request by parents for access to the education records of their children within a reasonable period of time, but in no case more than forty-five days after the request has been made.

(B) No funds under any applicable program shall be made available to any State educational agency (whether or not that agency is an educational agency or institution under this section) that has a policy of denying, or effectively prevents, the parents of students the right to inspect and review the education records maintained by the State educational agency on their children who are or have been in attendance at any school of an educational agency or institution that is subject to the provisions of this section.

(C) The first sentence of subparagraph (A) shall not operate to make available to students in institutions of postsecondary education the following materials:

- (i) financial records of the parents of the student or any information contained therein;
- (ii) confidential letters and statements of recommendation, which were placed in the education records prior to January 1, 1975, if such letters or statements are not used for purposes other than those for which they were specifically intended;
- (iii) if the student has signed a waiver of the student's right of access under this subsection in accordance with subparagraph (D), confidential recommendations—

- (I) respecting admission to any educational agency or institution,
- (II) respecting an application for employment, and
- (III) respecting the receipt of an honor or honorary recognition.

(D) A student or a person applying for admission may waive his right of access to confidential statements described in clause (iii) of subparagraph (C), except that such waiver shall apply to recommendations only if (i) the student is, upon request, notified of the names of all persons making confidential recommendations and (ii) such recommendations are used solely for the purposes for which they were specifically intended. Such waivers may not be required as a condition for admission to, receipt of financial aid from, or receipt of any other services or benefits from such agency or institution.

(2) No funds shall be made available under any applicable program to any educational agency or institution unless the parents of students who are or have been in attendance at a school of such agency or at such institution are provided an opportunity for a hearing by such agency or institution, in accordance with regulations of the Secretary, to challenge the content of such student's educational records, in order to insure that the records are not inaccurate, misleading, or otherwise in violation of the privacy rights of students, and to provide an opportunity for the correction or deletion of any such inaccurate, misleading, or otherwise inappropriate data contained therein and to insert into such records a written explanation of the parents respecting the content of such records.

(3) For the purposes of this section the term "educational agency or institution" means any public or private agency or institution which is the recipient of funds under any applicable program.

(iv) records on a student who is eighteen years of age or older, or is attending an institution of postsecondary education, which are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his professional or paraprofessional capacity, or assisting in that capacity, and which are made, maintained, or used only in connection with the provision of treatment to the student, and are not available to anyone other than persons providing such treatment, except that such records can be personally reviewed by a physician or other appropriate professional of the student's choice.

(ii) after November 19, 1974, if—

(I) the allowed reporting or disclosure concerns the juvenile justice system and such system's ability to effectively serve, prior to adjudication, the student whose records are released; and

(II) the officials and authorities to whom such information is disclosed certify in writing to the educational agency or institution that the information will not be disclosed to any other party except as provided under State law without the prior written consent of the parent of the student.

(F) organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, and improving instruction, if such studies are conducted in such a manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations and such information will be destroyed when no longer needed for the purpose for which it is conducted;

(G) accrediting organizations in order to carry out their accrediting functions;

(H) parents of a dependent student of such parents, as defined in section 152 of the Internal Revenue Code of 1986;

(I) subject to regulations of the Secretary, in connection with an emergency, appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons;

(J)(i) the entity or persons designated in a Federal grand jury subpoena, in which case the court shall order, for good cause shown, the educational agency or institution (and any officer, director, employee, agent, or attorney for such agency or institution) on which the subpoena is served, to not disclose to any person the existence or contents of the subpoena or any in-

formation furnished to the grand jury in response to the subpoena; and

(ii) the entity or persons designated in any other subpoena issued for a law enforcement purpose, in which case the court or other issuing agency may order, for good cause shown, the educational agency or institution (and any officer, director, employee, agent, or attorney for such agency or institution) on which the subpoena is served, to not disclose to any person the existence or contents of the subpoena or any information furnished in response to the subpoena;

(K) the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of State and local educational and other agencies and institutions receiving funding or providing benefits of 1 or more programs authorized under the Richard B. Russell National School Lunch Act (42 U.S.C. 1751 et seq.) or the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.) for which the results will be reported in an aggregate form that does not identify any individual, on the conditions that—

(i) any data collected under this subparagraph shall be protected in a manner that will not permit the personal identification of students and their parents by other than the authorized representatives of the Secretary; and

(ii) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements[; and];

(L) an agency caseworker or other representative of a State or local child welfare agency, or tribal organization (as defined in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b)), who has the right to access a student's case plan, as defined and determined by the State or tribal organization, when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student, provided that the education records, or the personally identifiable information contained in such records, of the student will not be disclosed by such agency or organization, except to an individual or entity engaged in addressing the student's education needs and authorized by such agency or organization to receive such disclosure and such disclosure is consistent with the State or tribal laws applicable to protecting the confidentiality of a student's education records[.]; and

(M) *an institution of postsecondary education in which the student was previously enrolled, to which records of postsecondary coursework and credits are sent for the purpose of applying such coursework and credits toward completion of a recognized postsecondary credential (as that term is defined in section 3 of the Workforce Innovation and Opportunity Act (29 U.S.C. 3102)), upon condition that the student provides written consent prior to receiving such credential.*

Nothing in subparagraph (E) of this paragraph shall prevent a State from further limiting the number or type of State or local officials who will continue to have access thereunder.

(2) No funds shall be made available under any applicable program to any educational agency or institution which has a policy or practice of releasing, or providing access to, any personally identifiable information in education records other than directory information, or as is permitted under paragraph (1) of this subsection, unless—

(A) there is written consent from the student's parents specifying records to be released, the reasons for such release, and to whom, and with a copy of the records to be released to the student's parents and the student if desired by the parents, or

(B) except as provided in paragraph (1)(J), such information is furnished in compliance with judicial order, or pursuant to any lawfully issued subpoena, upon condition that parents and the students are notified of all such orders or subpoenas in advance of the compliance therewith by the educational institution or agency, except when a parent is a party to a court proceeding involving child abuse and neglect (as defined in section 3 of the Child Abuse Prevention and Treatment Act (42 U.S.C. 5101 note)) or dependency matters, and the order is issued in the context of that proceeding, additional notice to the parent by the educational agency or institution is not required.

(3) Nothing contained in this section shall preclude authorized representatives of (A) the Comptroller General of the United States, (B) the Secretary, or (C) State educational authorities from having access to student or other records which may be necessary in connection with the audit and evaluation of Federally-supported education program, or in connection with the enforcement of the Federal legal requirements which relate to such programs: *Provided*, That except when collection of personally identifiable information is specifically authorized by Federal law, any data collected by such officials shall be protected in a manner which will not permit the personal identification of students and their parents by other than those officials, and such personally identifiable data shall be destroyed when no longer needed for such audit, evaluation, and enforcement of Federal legal requirements.

(4)(A) Each educational agency or institution shall maintain a record, kept with the education records of each student, which will indicate all individuals (other than those specified in paragraph (1) (A) of this subsection), agencies, or organizations which have requested or obtained access to a student's education records maintained by such educational agency or institution, and which will indicate specifically the legitimate interest that each such person, agency, or organization has in obtaining this information. Such record of access shall be available only to parents, to the school official and his assistants who are responsible for the custody of such records, and to persons or organizations authorized in, and under the conditions of, clauses (A) and (C) of paragraph (1) as a means of auditing the operation of the system.

(B) With respect to this subsection, personal information shall only be transferred to a third party on the condition that such party will not permit any other party to have access to such information without the written consent of the parents of the student.

If a third party outside the educational agency or institution permits access to information in violation of paragraph (2)(A), or fails to destroy information in violation of paragraph (1)(F), the educational agency or institution shall be prohibited from permitting access to information from education records to that third party for a period of not less than five years.

(5) Nothing in this section shall be construed to prohibit State and local educational officials from having access to student or other records which may be necessary in connection with the audit and evaluation of any federally or State supported education program or in connection with the enforcement of the Federal legal requirements which relate to any such program, subject to the conditions specified in the proviso in paragraph (3).

(B) Nothing in this section shall be construed to prohibit an institution of postsecondary education from disclosing the final results of any disciplinary proceeding conducted by such institution against a student who is an alleged perpetrator of any crime of violence (as that term is defined in section 16 of title 18, United States Code), or a nonforcible sex offense, if the institution determines as a result of that disciplinary proceeding that the student committed a violation of the institution's rules or policies with respect to such crime or offense.

(C) For the purpose of this paragraph, the final results of any disciplinary proceeding—

(e) No funds shall be made available under any applicable program to any educational agency or institution unless such agency or institution effectively informs the parents of students, or the students, if they are eighteen years of age or older, or are attending an institution of postsecondary education, of the rights accorded them by this section.

(f) The Secretary shall take appropriate actions to enforce this section and to deal with violations of this section, in accordance with this Act, except that action to terminate assistance may be taken only if the Secretary finds there has been a failure to comply with this section, and he has determined that compliance cannot be secured by voluntary means.

(g) The Secretary shall establish or designate an office and review board within the Department for the purpose of investigating, processing, reviewing, and adjudicating violations of this section and complaints which may be filed concerning alleged violations of this section. Except for the conduct of hearings, none of the functions of the Secretary under this section shall be carried out in any of the regional offices of such Department.

(h) Nothing in this section shall prohibit an educational agency or institution from—

(1) including appropriate information in the education record of any student concerning disciplinary action taken against such student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community; or

(2) disclosing such information to teachers and school officials, including teachers and school officials in other schools, who have legitimate educational interests in the behavior of the student.

(i) DRUG AND ALCOHOL VIOLATION DISCLOSURES.—

(A) the student is under the age of 21; and

(B) the institution determines that the student has committed a disciplinary violation with respect to such use or possession.

(2) STATE LAW REGARDING DISCLOSURE.—Nothing in paragraph (1) shall be construed to supersede any provision of State law that prohibits an institution of higher education from making the disclosure described in subsection (a).

(j) INVESTIGATION AND PROSECUTION OF TERRORISM.—

(1) IN GENERAL.—Notwithstanding subsections (a) through (i) or any provision of State law, the Attorney General (or any Federal officer or employee, in a position not lower than an Assistant Attorney General, designated by the Attorney General) may submit a written application to a court of competent jurisdiction for an ex parte order requiring an educational agency or institution to permit the Attorney General (or his designee) to—

(A) collect education records in the possession of the educational agency or institution that are relevant to an authorized investigation or prosecution of an offense listed in section 2332b(g)(5)(B) of title 18 United States Code, or an act of domestic or international terrorism as defined in section 2331 of that title; and

(B) for official purposes related to the investigation or prosecution of an offense described in paragraph (1)(A), retain, disseminate, and use (including as evidence at trial or in other administrative or judicial proceedings) such records, consistent with such guidelines as the Attorney General, after consultation with the Secretary, shall issue to protect confidentiality.

(2) APPLICATION AND APPROVAL.—

(A) IN GENERAL.—An application under paragraph (1) shall certify that there are specific and articulable facts giving reason to believe that the education records are likely to contain information described in paragraph (1)(A).

(B) The court shall issue an order described in paragraph (1) if the court finds that the application for the order includes the certification described in subparagraph (A).

(3) PROTECTION OF EDUCATIONAL AGENCY OR INSTITUTION.—An educational agency or institution that, in good faith, produces education records in accordance with an order issued under this subsection shall not be liable to any person for that production.

(4) RECORD-KEEPING.—Subsection (b)(4) does not apply to education records subject to a court order under this subsection.

MINORITY VIEWS

INTRODUCTION—THE NEED FOR REFORM

There is urgent and growing need to reform the *Higher Education Act of 1965* (HEA), a law authorizing the annual disbursement of billions of federal taxpayer dollars in institutional and student aid. Reform is necessary because the postsecondary education system is not serving America's college students well. Tuition is skyrocketing, millions of students do not complete their program, and the haphazard transition from classroom to career is murky. Unfortunately, H.R. 4674, the *College Affordability Act*, would double down on the failing status quo rather than address the root causes of these issues.

Excessive tuition hikes have made college increasingly unaffordable. Tuition and fees at institutions are rising over 3 percent beyond inflation and have for decades.¹ If the cost of a new car had risen as fast as tuition over the last three decades, then the average new vehicle today would cost more than \$80,000.² Over 80 percent of parents say four-year schools charge too much, and about 50 percent of parents think four-year schools are inaccessible to middle-class Americans.³

At the same time, completion rates are low and stagnant. Colleges enroll but do not graduate students, and non-completers struggle to repay their student loans. The four-year completion rate for a baccalaureate degree for the 2012 starting cohort is 43.7 percent⁴ and each additional year of school in a public baccalaureate degree-granting college will cost a student \$22,826 on average.⁵ The total cost of not graduating on time exceeds \$60,000 per year when factoring in lost wages.⁶

A postsecondary education system that does not prepare students for careers has real consequences for employers and society. Just 13 percent of the country believes college graduates are well prepared for success in the workplace.⁷ This disconnect between education and workforce development is a contributing factor to the over 7 million unfilled jobs nationwide as of late 2019.⁸

The recent worldwide pandemic exposed the weaknesses of the current federal approach. At a recent Committee hearing, President of Western Governors University Scott Pulsipher summed up the

enormous roadblocks our existing rigid system puts in front of students:

Current students also have unique pressures such as navigating unanticipated online learning experiences, potentially without adequate broadband or sufficient support; attempting to choose fields of study that will provide them with a sound return on their investment at a time when unemployment is at a record high; and mapping out a plan of study on a fixed academic calendar at a time when they may only be able to reasonably predict their financial and time capacity a week at a time. Students need education more than ever, but the circumstances of COVID create additional barriers to many pathways to opportunity.⁹

Evidence of our systemic failure is also seen in the overwhelming number of borrowers who cannot afford their monthly payments and the countless colleges that struggled to move from traditional modalities of education to online formats. Too many students finance their education with unaffordable debt they cannot repay. In a Pew survey conducted from August through September of 2020, nearly 6 in 10 borrowers said making their monthly student loan payments would be somewhat or very difficult if emergency temporary benefits were removed.¹⁰ Now is the time to make the transformational changes required to open more pathways of opportunity and serve the best interests of students.

Any system that is unaffordable for students, impractical for employers, and a bad investment for taxpayers needs comprehensive reform. We cannot afford to rubber stamp a law first created over fifty years ago, or worse, ignore the lessons from past reauthorizations which compounded existing problems.

A MISSED OPPORTUNITY FOR BIPARTISANSHIP

Wholesale changes to federal postsecondary education policy require thoughtful consideration and collaboration with those from across the ideological spectrum. This is especially important when our constituents agree there is a significant problem in higher education. A 2018 Pew Research Center report found six in 10 Americans say that higher education is going in the wrong direction.¹¹ This viewpoint is generally agreed upon across the parties, as a majority of both self-identified Republicans and self-identified Democrats thought higher education was going in the wrong direction.¹²

Committee Democrats paid lip-service to bipartisanship over the course of five public hearings on HEA reform, but when it most suited them they reverted to political gamesmanship at the expense of students. As Committee Democrats so eloquently stated last Congress:

While stark differences in policy approach to reforming and reauthorizing the HEA remain, Committee Democrats

Committee Democrats encourage the majority to abandon the hyper-partisan policies of H.R. 4508 and engage in bipartisan negotiations.*¹³

Committee Republicans agree that there is a bipartisan path forward to comprehensive HEA reform and urge the majority to heed their own advice and abandon misguided partisan policies. Students, taxpayers, and employers cannot afford to perpetuate a broken federal law. Committee Republicans remain committed to working on bipartisan HEA reform legislation and urge Committee Democrats to negotiate in good faith for the American people.

CONGRESSIONAL BUDGET OFFICE ANALYSIS OF H.R. 4674 AND THE TRUE COST TO AMERICAN TAXPAYERS

Budget gimmicks have masked the true cost of federal student loan programs for decades. The Congressional Budget Office (CBO) recommends moving from budgetary estimate constructs under the *Federal Credit Reform Act of 1990* (FCRA) to fair-value scoring to more accurately account for the cost of federal credit programs. Fair-value scoring incorporates market risk, providing a more accurate and fiscally responsible way to account for liabilities hard-working taxpayers face through programs like the Federal Direct Loan program.

The inaccurate estimation of federal loan programs has resulted in poor policy, which has harmed the very students the HEA intended to benefit by burying them in excessive debt. CBO's May 2019 baseline for the student loan program compares the estimated budgetary costs of all the student loan programs under the FCRA to fair-value scoring. The baseline shows on a FCRA basis, four out of the five Direct Loan programs would yield savings and subsidized Stafford loans to undergraduates would be a cost to the government. Yet, on a fair-value basis, four out of the five Direct Loan programs would be a cost and parent PLUS loans would still produce savings under Fair-Value scoring. This difference between FCRA and Fair-Value illustrates the importance of using the accounting method that factors in market risk. The May baseline shows that over the next 10 years, the federal government will lose money lending to students regardless of which accounting method is used. FCRA estimates suggest a loss of \$31 billion over 10 years while the Fair-Value estimate shows losses exceeding \$306 billion over 10 years.

Increasing federal spending through hand-picked policies inefficiently redistributes taxpayer dollars according to the political whims of career politicians. H.R. 4674 is a perfect example of this as the bill funnels another \$332 billion into a broken system already projected to cost Americans \$300 billion dollars by 2029. This endeavor is unsustainable and irresponsible especially considering H.R. 4674 fails to properly scrutinize poorly performing postsecondary programs.

¹³H. Rept. 115–550, <https://www.congress.gov/115/crpt/hrpt550/CRPT-115hrpt550.pdf>

H.R. 4674 FAILS TO IMPROVE THE HEA ACCOUNTABILITY FRAMEWORK

H.R. 4674 further exacerbates an already dysfunctional marketplace by pouring \$332 billion into a system without including higher expectations for the return on investment for students and taxpayers. A recent Pew Charitable Trusts report calculated that federal spending in higher education, not including loans and tax deductions, reached over \$74 billion in 2017.¹⁴ Tragically, this significant investment in higher education has done nothing to help improve the system for students.

Student outcomes continue to languish despite the increasing reliance on federal taxpayer funds. Fewer than 60 percent of students complete their program of study within six years.¹⁵ That number drops to a meager 41 percent for students attending public two-year institutions.¹⁶ Four in 10 baccalaureate-degree recipients are under-employed in their first jobs after school, with two-thirds of them still in a job that does not require a bachelor's degree five years later.¹⁷ Fewer than two in five employers believe college graduates are well-prepared for a job in the field in which they studied demonstrating a clear disconnect between what is expected from institutions of higher education and the reality of student outcomes.¹⁸ The disparity between outcome expectations and reality must be addressed through stronger accountability provisions in the HEA.

H.R. 4674 falls woefully short of establishing an accountability framework to increase economic opportunity for all students. For instance, the proposed adjusted Cohort Default Rate (aCDR) fails to improve the Cohort Default Rate (CDR), which is one of the few existing HEA provisions to supposedly hold colleges accountable. The CDR assesses how many former students default on their loans within three years of entering repayment and punishes schools with an overall CDR of 30 percent or higher, but this threshold is inadequate to change institutional behavior. Theoretically, the proposed aCDR holds colleges more accountable by addressing the issue of strategic forbearances.¹⁹ However, this intended purpose is undermined because it carves out colleges with low borrowing rates even if the schools' borrowers are struggling with their debt burden. For instance, under current law, an institution with a 40 percent CDR and 20 percent borrowing rate would get kicked out of the Title IV eligibility pool. That same institution, because of the borrowing rate provision in H.R. 4674, would dodge any sanctions. Because the CDR is also a mechanism to ensure grant dollars are spent wisely, the aCDR's flawed borrowing rate exemption hampers policymakers' ability to judge taxpayer return on investment. The aCDR proposal also gives financial assistance and other breaks to Democrats' favored institutions of higher edu-

¹⁹ "Strategic forbearance" means when institutions or third-party companies acting on behalf of an institution encourage borrowers to enter into long-term forbearance to avoid having the borrower default in the three-year CDR window. <https://www.gao.gov/assets/700/691520.pdf>

cation, ensuring zero consequences for poor student outcomes at those institutions. This flawed policy means the bill puts the interests of some institutions over the interests of students. The Democrats' proposed aCDR is a toothless idea that would continue rewarding the institutions that ignore how their students fare after leaving campus.

Nothing captures the Committee Democrats' empty posturing of holding schools accountable more than the bill's proposed on-time repayment rate. While it is an interesting concept, the on-time repayment rate passes the buck to the Secretary of Education (Secretary) to determine the threshold to hold institutions accountable suggesting Democrat legislators do not want to be held responsible for legislating tough governing decisions. If there is a policy goal in mind, then the legislation should explicitly state in statute the threshold that institutions must meet to pass the rate. If Congress really wants colleges and universities to improve their service of students, then the colleges and universities need to have certainty about what measures they will need to meet. Instead, H.R. 4674 relinquishes this legislative authority to the executive branch to determine such an important metric under their accountability scheme. The negative consequences of deferring decisions to the executive branch in this way could vary dramatically depending on the whims of any particular Secretary at any particular time.

H.R. 4674 proposes to remove institutions' Title IV eligibility for schools that flunk arbitrary spending formulas. This is not so much an accountability metric as it is an accounting gimmick. Punishing institutions for expenditures does not have a direct correlation with whether students succeed. In the rush to bully institutions to spend money on Democrat priorities, the bill again fails to put forward an accountability system that puts students first.

The aCDR, on-time repayment rate, and college expenditure requirements all apply to an institutional, rather than programmatic, level illustrating how H.R. 4674 misses a prime opportunity to reform higher education. By moving to programmatic accountability, taxpayers and students alike could know they are investing in college programs that lead to stable outcomes. Institutional metrics, on the other hand, allow too many inferior programs to continue preying on students. Additionally, by forcing accountability metrics at the institutional level, hitting the metric becomes a death knell for any institution, creating pressure for special treatment. By keeping the metric at the program level, institutions have the opportunity to shut down or reform individual programs without the entire institution's fate hanging in the balance. Notably, there are indications that Committee Democrats recognize programmatic accountability as the superior policy in that H.R. 4674 imposes programmatic requirements on certain types of academic programs, mostly provided by career-focused proprietary institutions.

Committee Democrats, in their zeal to excuse disappointing federal higher education policy, establish oppressive metrics and non-sensical program participation requirements that target one sector of postsecondary education while ignoring the interests of the other

90 plus percent of college students.²⁰ While Committee Democrats appear focused exclusively on only one postsecondary education sector for oversight, Committee Republicans support accountability for all. Not only does H.R. 4674 establish a system allowing bad schools to continue harming students, but the relentless drive to eliminate taxpaying schools can lead to significant negative consequences for the students who have thrived after choosing to attend these institutions.

Committee Republicans do not understand why Democrats ignore the educational experience of nine out of every 10 students. Equally concerning is that by demonizing a sector of postsecondary education, Committee Democrats are condemning the efforts of the millions of Americans who are proud of their career-related postsecondary credential by insinuating that those students are incapable of making decisions that are in their best interests. Committee Republicans know many students are looking for the credentials and program flexibility that fit their lives rather than changing their lives to work within the antiquated and unfair ivory tower structures of the past. Proposals based on partisan passions instead of rational, long-term policymaking eliminates opportunities, options, and potential. Accordingly, H.R. 4674 propounds senseless policies that are contrary to the intent of the HEA.

Committee Democrats were inconsistent in applying certain accountability metrics such as high school earnings requirements in H.R. 4674, which requires academic programs that participate in the “Job Training” Pell Grant program have student earnings equal to or above the mean or median high school earnings. Although accountability metrics that are good for short-term programs should be applied across the board, Committee Democrats did not apply this provision to all programs at all institutions, perhaps because 54 percent of public institutions cannot show that the majority of their students are earning more than a high school graduate six years after enrollment.²¹ This bears restating as most public institutions, which are the very institutions the Committee Democrat bill prioritizes over all others, cannot demonstrate that most of their students are earning more than a high school graduate.

Committee Republicans support accountability for every institution on behalf of every student. It is past time to ensure federal funds go to programs with the greatest chance of bolstering the economic prospects of students and their communities. Committee Republicans urge our colleagues to abandon these misguided policies and collaborate on bipartisan HEA reform that aligns the interests of students, institutions, employers, and taxpayers.

COLLEGE PRICES WILL CONTINUE TO SKYROCKET

True reform of the HEA has never been more important for American families as demonstrated by the current system which includes over 40 million Americans carrying over \$1.5 trillion in federal student loan debt. There is some encouraging evidence that the student debt burden is manageable for the millennial generation, but there are no doubt negative consequences as many delay

important life decisions like buying homes, having children, and starting small businesses because of student loan payments.²² The reforms included in the next HEA update will have lasting consequences on whether this debt burden continues to drag on the economy. Unfortunately, H.R. 4674 fails in this effort.

It is critical for Congress to reflect on how postsecondary education became so dysfunctional in the first place to identify the best ways of encouraging economic mobility. To that end, it is vitally important federal policy provide a framework to: address the underlying drivers of college cost; make the federal student aid system intuitive to access, understand, and complete; and best direct limited federal resources to those students who are most disadvantaged. H.R. 4674 misses the mark on all three accounts.

Federal Involvement Drives Up the Cost of College

H.R. 4674 will not reduce college costs for the vast majority of Americans. In fact, the bill exacerbates the reason tuition prices have skyrocketed and will harm low-income students who are trying to get ahead. Former Secretary of Education William Bennett once posited that easy access to federal subsidies meant colleges and universities would raise tuition prices knowing taxpayer funds would soften the blow of rising costs.²³ Independent analyses have found some evidence to support the Bennett Hypothesis, suggesting that federal student aid does lead to higher tuition costs for students.²⁴ Subsidized loans were the worst offender according to a study conducted by the New York Federal Reserve which found that subsidized loans have a pass-through rate of 60 cents on the dollar. Put another way, institutions raised their tuition relative to what would have been expected when the government offers higher subsidized loan limits.

Despite this evidence, Democrats seek to expand subsidized loans to graduate and professional students who are statistically likely to go on to join the wealthiest 25 percent of Americans.²⁵ When the maximum Pell Grant was \$5,920 in 2017-18, it was 44 percent higher in inflation-adjusted dollars than it was 20 years earlier,²⁶ yet according to at least one left-leaning thinktank the “maximum Pell Grant covers the smallest share of college costs in the program’s history.”²⁷ Put simply, taxpayers have done their part to make college more affordable for students but institutions are either unwilling or unable to accordingly control costs.

Committee Democrats argue fiercely that federal funding has no impact on college prices while contending paradoxically that state disinvestment has a direct relationship to increasing college prices. The suggestion that money from one government source has no effect on college costs while funds from another government source are solely responsible for tuition hikes is nonsensical. Committee Republicans acknowledge state funding decisions over the last dec-

ade may affect college prices at some institutions, but proving causation in complicated institutional funding decisions is difficult to determine with certainty. There are limited analyses of the long-term trends in state postsecondary education investment, but there are two worth mentioning. The first is a study from Mikyong Minsun Kim of The George Washington University and Jongwan Ko of Sungkyunkwan University in Seoul, South Korea, who examined the effects of state policies on tuition at public universities between 1998 and 2007. The authors found that an astonishingly small rate of just 10 cents of every dollar increase in state public appropriations helps lower tuition for students.²⁸

The second study including of over three decades of data, by Andrew Gillen of the Texas Public Policy Foundation, concluded:

- *There is no long-term trend of disinvestment in state funding per student.*
- *State funding is volatile, but within a narrow range.*
- *Colleges have never had more total funding than they do today, thanks in large part to sustained tuition hikes since 1980.*
- *There is no detection of the (weak) relationship between state funding cuts and increases in tuition in the [State Higher Education Finance] data.*²⁹

Short term trends show similar results as data from the State Higher Education Executive Officers Association shows that in the five-year period from 2014 to 2019 funding at public institutions per student rose \$882 but net tuition revenue increased \$490 per student.³⁰ In other words, tuition rose despite an increase in state funding. Students were not beneficiaries from more government spending. Taken together, the evidence suggests that the problem of increasing tuition costs cannot be solved with more government spending. In fact, increased public spending may actually aggravate the problem.

At the same time, there is strong evidence of the impact of federal regulations on college costs as every dollar spent on compliance with federal laws and regulations is a dollar not being spent keeping costs low for students. H.R. 4674 adds costly new requirements on schools that either increase consumer prices or make proposed programs unaffordable for schools to offer. Indeed, some requirements established through laws and regulations are critical to protect students' rights and taxpayers' dollars, which is why it is even more important to evaluate each requirement that exists to keep what is needed and eliminate what is not.

Since the HEA was passed in 1965, the federal government has perpetually layered on extraneous requirements, reports, and rules that contribute to higher postsecondary education costs. For instance, as far back as 1997, Stanford University estimated the school spent \$29 million on compliance costs.³¹ In 2012, Hartwick College released a report finding the small institution spent seven percent of its non-compensation operating budget, or almost

\$300,000 annually and 7,200 labor hours, on federal reports and forms.³² In 2015, Vanderbilt estimated the entire U.S. higher education system spends \$27 billion a year complying with federal regulations.³³ This is robust evidence of the cost of federal requirements on colleges demonstrating how these tangible federal burdens are passed on to consumers and contribute to higher college costs.

As previously noted, even after a decades-long layering of extraneous federal red tape, H.R. 4674 makes matters worse. For example, the underlying bill adds extensive new requirements for institutions to track spending categories while imposing dozens of other new reporting requirements. The short-term Pell Grant program alone has six pages of requirements for every participating institution. Furthermore, H.R. 4674 forces institutions to create multiple new staff positions to carry out additional regulatory requirements. These well-meaning requirements are added to the HEA without a clear understanding of the respective necessity or cost. A serious HEA reauthorization process would have included significant bipartisan conversations about how to balance policy goals while limiting federal requirements and the excess cost passed along to schools and students. The Committee Democrats did not do that leaving H.R. 4674 with numerous requirements that would further increase college costs.

Handouts to the Wealthy Do Not Make Higher Education More Affordable

Student loan refinancing may be the most starkly regressive policy included in H.R. 4674. Research by New America on student loan refinancing, titled “In the Interest of Few,” shows that more than half of the student loan refinancing benefit would go to households in the top two income quintiles.³⁴ The average borrower would save just \$8 per month, which is a barely noticeable reduction for those students struggling to pay monthly bills.³⁵ If student loan refinancing were to pass, then borrowers in the highest earning households would save almost twice as much as lowest earning households because those with a lot of income tend to have graduate and professional degrees that required larger loans.³⁶ Additionally, it is known that, on average, Americans with a post-baccalaureate degree earn over \$1 million more over their lifetimes than those with a high school diploma alone.³⁷ It is neither fair nor progressive to force the millions of struggling, low-and-middle income Americans who either did not go to college or worked hard to not borrow for college to help repay the loans of those who are set to enter a much higher income bracket. Federal student loan refinancing does not address the issue of rising college costs nor does it stem future acquisition of new student loan debt. In fact, it could

aggravate the situation by signaling to the higher education system that the federal taxpayer will help bailout increased prices.

Borrowers truly struggling with repayment would be better served enrolling in an available income-driven repayment (IDR) plan. Unfortunately, H.R. 4674's attempt to reform IDR plans amounts to a massive new loan forgiveness program that would wipe away the debts of those with the ability to repay. The bill increases the exemption threshold used to determine affordable payments from 150 percent to 250 percent of the poverty line. To put this in perspective, whereas the typical baccalaureate degree borrower today³⁸ would fully repay the loan by making affordable monthly payments through the existing IDR plans, under H.R. 4674, that same borrower would have \$25,473 of federal loan debt forgiveness paid for by the American taxpayer.³⁹ Committee Republicans prioritize fairness which includes not increasing the burden on the average American, who does not have a bachelor's degree, to pay for the college experience of a student set to earn hundreds of thousands of dollars more in lifetime income. In these ways, this represents yet another proposal that sounds like it is reducing college costs, but actually just shifts the costs to all taxpayers rather than individual students who chose to benefit from the pursuit of higher education.

Further ensnaring borrowers in the tangled web of forgiveness options, H.R. 4674 doubles down on a poorly designed program that has led to borrower confusion and frustration by creating retroactive borrower eligibility. The existing, inefficient Public Service Loan Forgiveness (PSLF) program poorly targets benefits with studies showing that borrowers with graduate and professional degrees with high earning potential benefit most from PSLF.⁴⁰ Loan forgiveness should be directed to those borrowers who truly need the relief. This point is underscored by the Urban Institute's analysis of American Community Survey Census data, which found that not only do most public sector occupations also exist in the private sector, but there is minimal difference in pay between the two sectors.⁴¹

Additionally, some institutions have abused the combination of unlimited Grad PLUS lending and unlimited forgiveness options through IDR and PSLF to increase costs and have the federal taxpayer pay virtually the entire cost of a student's higher education experience. In the case of one institution, the expected average amount a law school graduate from the institution will have forgiven because of current federal policies is around \$158,888.⁴² Taken together, these points illustrate how H.R. 4674's PSLF changes will force lower-and-middle-class Americans to shoulder the cost of educating the privileged. Committee Republicans oppose

perpetuating failed policies that are not targeted to helping those most in need. Instead, the Committee would have been wise to adopt Rep. Elise Stefanik's (R-NY) amendment to reform the loan forgiveness program in a focused and fair manner.

According to the Government Accountability Office, taxpayers are already destined to pay for forgiving \$108 billion in loans disbursed between 1998 and 2016.⁴³ As mentioned earlier, even though taxpayers are already projected to lose over \$300 billion dollars over the next 10 years on the loan program, H.R. 4674 increases that cost by at least \$98 billion through proposed changes to refinancing, IDR, and PSLF programs. Their bill suggests that Committee Democrats believe there are unlimited federal resources to squander without consequence. In contrast, if Committee Democrats had collaborated with Committee Republicans to address these loan policy concerns, then bipartisan reforms to these programs could have been pursued in a fair and cost neutral manner.

“Free” College

H.R. 4674's headline-grabbing centerpiece plan to address inequality problems through the creation of a “free” community college federal-state partnership program is a regressive policy idea that will contribute to inequality. Committee Republicans oppose policies that benefit the wealthy at the expense of low-income households, especially when those policies are not “free” to state or federal taxpayers. The defects of this program are extensive. To begin with, it is unlikely that states could afford to participate in the program given the onerous state match and maintenance of effort requirements. The design of the program means the federal-state partnership leaves wealthier states at a significant advantage over poorer states, which may need more assistance to help their residents attain a postsecondary credential. Furthermore, the policy communicates that only some students in some states matter. As federal policymakers, our policy should focus on helping students regardless of what state they live in rather than creating costly new programs that support postsecondary systems in only select states.

Committee Democrats equate “affordable” for some students with “lowering costs,” which are in many ways dramatically different concepts. Besides being an overreach of federal control over state and local decision-making, the requirements contained in the federal-state partnership would limit academic freedom and drive up the cost of doing business for participating states and institutions. Because the program is designed to funnel students into traditional two-year programs, students needing greater flexibility to accommodate work or home obligations, or program of study choices, would likely be unable to benefit from the “free” college proposal. H.R. 4674 would effectively shepherd students into a one-size-fits-all model, which is the opposite of what contemporary students need to succeed.

Several media outlets and interest groups claim that “free” college proposals would help low-income Americans attain a postsec-

ondary credential, but in reality the proposed policy disproportionately benefits wealthy students.⁴⁴ Yet again, bipartisan collaboration could have included means testing the program to ensure those most in need benefit most from the program. Unfortunately, Committee Democrats excluded such commonsense improvements to the bill.

If Committee Democrats would like to encourage access to and successful completion of postsecondary education, then they should scrap “free” college program proposals that limit low-income students’ institutional choice or compromise their freedom to even seek higher education.⁴⁵ The legislation promotes community college as the best option, but those schools may not always serve the best interests of all students. For example, the three-year default rate of community colleges is 17 percent, which is one percentage point higher than that of two-year proprietary colleges the Committee Democrats aim to legislate out of existence.⁴⁶ It is true that student loan defaults are a present challenge in all sectors of higher education, including community colleges, but the federal-state partnership program would set a damaging precedent of rewarding schools for below average outcomes.

H.R. 4674 Wastes Money Instead of Making College Affordable

Priorities are defined by where and how limited funding resources are spent. H.R. 4674 repeatedly diverts money to colleges over students, the privileged over the needy, and illegal aliens over middle-class Americans. H.R. 4674 gives tens of billions of dollars to institutions instead of investing directly in students and trusting individuals to follow the educational path best for them. Americans today and the students of tomorrow deserve better, which is why Republicans believe in a different set of core principles. We believe in responsible legislation that values economic opportunity. We believe in directing hard-working taxpayer dollars wisely so limited resources reach those most truly in need. We believe in ameliorating, rather than aggravating, the underlying causes of surging college costs. We believe in a simplified student aid structure that helps prepare students for rewarding careers. Committee Republicans stand ready to promote evidence-based and practical postsecondary education reforms to truly make college more affordable.

FEDERAL TAKEOVER OF HIGHER EDUCATION

H.R. 4674 demonstrates how Committee Democrats seek to drastically enlarge the federal role in postsecondary education. Instead of respecting the original and worthy purpose of the HEA, which is to provide everyone that so wishes the opportunity to pursue a postsecondary credential of his or her choice, Committee Democrats would limit choice and empower the federal government to make those decisions for students and families. In contrast, Committee Republicans would empower families and students to make their own choices. H.R. 4674 seeks to expand the federal government’s role in higher education to limit academic freedom, turn state and

institutional decisions over to the Secretary, violate student privacy, and publicly shame those entities expressing constitutionally protected rights.

As previously mentioned, H.R. 4674 significantly limits academic freedom by cramming as many people into one of the so-called “free” college pathways even if a student would be better served by alternative options such as those provided by public flagship universities, private or independent institutions, or career-focused colleges. Successful federal policy should not be measured by how many people are coerced into a community college education but rather by how the federal government expands or encourages economic opportunity. The federal-state partnership fails on this measure. This proposal attempts to turn our voucher-like higher education system into a kind of higher education “No Child Left Behind” system controlled by the federal government. That did not work for elementary and secondary school students and it certainly will not work for students in the diverse postsecondary education marketplace. But H.R. 4674 goes one step further, denying students the right to use their federal student aid at the institution they believe works best for them. Committee Democrats limit options for incarcerated students and students seeking additional education who wish to attend a proprietary institution. H.R. 4674 further proposes onerous standards, qualifications, accreditor delays, state bureaucracy, and burdensome requirements for other schools interested in offering these critical programs. These short-sighted ideas would deny millions of poor and vulnerable students the opportunity to pursue the skills development needed to achieve 21st century success.

With H.R. 4674, Committee Democrats would also inject Congress into domains that are the responsibility of states and institutions, conditioning state participation in the proposed federal-state partnership on fulfillment of Secretarial requirements. One such requirement forces states to amend their laws to align K12 and postsecondary education academic standards. The bill forces accreditors to impose uniform bright line benchmarks for certain student achievement standards that the Secretary can increase at will, representing an abusive expansion of federal authority that would undermine the purpose of accreditation and disregard institutional diversity. The bill would empower unelected bureaucrats and the Secretary with setting academic standards, suggesting Democrats trust Washington officials with better understanding of what local communities need more than those that actually live there. Although Republicans oppose creating a national school board for higher education, Committee Democrats again disregard the sage truth that the closer one is to the problem, the closer one is to the solution.

H.R. 4674 brings “Big Brother” to life by violating the privacy of millions of Americans. Under the legislation, the Department will collect and house students’ personally-identifiable information (PII), regardless of whether a student participates in the federal student aid system.

The Department, which is historically incompetent at protecting PII,⁴⁷ has no right to collect PII data on non-Title IV aid recipients and should never maintain a database of all students' PII. Not only is the proposed pathway for students to request access to their PII for inspection deeply concerning and ripe for abuse by fraudsters, but the bill entitles unelected bureaucrats to add more data points for collection without congressional approval setting up an entire data system ripe for overreach and abuse. There are better ways to leverage technology to provide the necessary data while maintaining a limited federal role. Committee Republicans believe that bipartisan compromise could yield a proposal that improves institutional accountability without compromising student privacy.

Committee Democrats propose bullying institutions that freely express their religion with H.R. 4674's proposal directing the Secretary publish a list of all schools receiving exemption from Title IX compliance for religious reasons. This provision emboldens people and entities with differing beliefs to harass those institutions and their students. Instead of promoting uniform belief systems, Congress should protect and respect the spirit and intent of America's foundation of pluralistic principles. It is also disappointing that H.R. 4674 makes no attempt to protect another First Amendment freedom of expression. With the rise of speech zones and codes, college campuses restrict where and when individuals can speak effectively silencing opposing speech and views that are essential to critical thought and expression. Free speech is central to a vibrant democracy, but students' First Amendment rights are regularly denied. Committee Republicans are disappointed that H.R. 4674 does not protect students' First Amendment rights.

H.R. 4674 offers hundreds of billions of dollars in new spending, but that money comes with more strings attached than a marionette. Committee Republicans urge Committee Democrats to craft a bipartisan HEA bill that charges those closest to the problems with finding solutions, returns the federal government to its proper role, and respects the rights and privacy of all students.

WIDENING THE SKILLS GAP

Connecting higher education and employers through federal policy is vital to encouraging a strong middle-class, which is why it is disappointing H.R. 4674 excludes reforms necessary to help close America's skills gap. The postsecondary education system is not delivering on its promise, and the disconnect between institutions, employers, and students has tremendous implications for the country's future. There are over 7 million unfilled jobs available, the demand for skilled workers is high, and these pressures are going to continue to rise. Middle-skill jobs, or positions that require education beyond high school but not a baccalaureate degree, will be the plurality of job openings (48 percent) through 2024.⁴⁸ The technological progress of society and increased work automation will re-

⁴⁷For example, the IRS data retrieval tool, which hundreds of families use to fill out the FAFSA, was breached by identity thieves to steal PII. <https://www.washingtonpost.com/news/grade-point/wp/2017/04/06/identity-thieves-may-have-hacked-files-of-up-to-100000-financial-aid-applicants/>.

quire those in the workforce to learn new skills and adapt to different occupations. A report by the McKinsey Global Institute estimates that 166 million American workers, or up to 32 percent of the workforce, may need to switch occupational categories between 2016 and 2030.⁴⁹ Experts project that changes in educational settings are going to be necessary to help people stay employable in the workforce of the future. The National Academies of Sciences declared that the “education system will need to adapt to prepare individuals for the changing labor market”⁵⁰ and it is clear that American workers have internalized this insight. A 2016 Pew Research Center survey found that 87 percent of workers believe it will be important or essential for them to get additional education and develop new job skills throughout their work life in order to keep up with changes in the workplace.⁵¹ Instead of going to college, getting an associate or baccalaureate degree, and not pursuing further education, many Americans now understand they must adopt a mindset of lifelong learning in order to get a job and stay employed.

Unfortunately, in their bill, Committee Democrats fail to reduce government restrictions and advance innovative practices that help students engage in life-long learning and transition quickly and cost-effectively from the classroom to a career. Despite a prime opportunity to propose bold reforms, H.R. 4674 discourages innovation and tethers colleges and universities to more limitations. The bill declines to fund earn-and-learn opportunities for students through the Federal Work-Study and institutional aid programs. Apprenticeship-style programs lead to high-wage, high-skill, and high-demand careers with little to no student loan debt, but such partnerships receive no funding in H.R. 4674. The bill does not permit otherwise ineligible organizations, such as employers, to provide more than 50 percent of the programming at a Title IV eligible institution even though allowing for more integration between business and school would significantly improve students’ ability to transition to a preferred workplace.

Competency-based education (CBE) is a promising mode of education delivery that awards credit based on mastery of skills and information rather than time spent in a classroom. Not only can this method of learning decrease time and cost to attaining a post-secondary credential, but it is also a flexible model that fits into a students’ schedule instead of forcing students to meet the rigid institutional scheduling demands of an institution. CBE is a bipartisan pathway that has been implemented by dozens of institutions for decades, yet Committee Democrats tepidly propose a do-nothing pilot program instead of creating a full CBE pathway in the HEA. The excessive, bureaucratic limitations in the Job Training Pell Grant program make the program unworkable. Although short-term stackable programs represent cutting-edge ways to produce qualified employees, increase completion rates, and lower college

costs, H.R. 4674 erects barriers for institutions and students interested in meeting workforce demand.

Rather than offering real solutions that better prepare students for work, Committee Democrats have offered yet another partisan proposal that fails to close America's skills gap and meet the needs of contemporary students and employers. In contrast, Committee Republicans offered several amendments during Committee consideration of the bill to address many of these deficiencies and help ensure the bill could do more to help connect workers to the innovative education needed to fill open jobs and close the skills gap. Unfortunately, Committee Democrats rejected all of them which is why Committee Republicans urge the majority to ditch their partisan bill and engage in true bipartisan collaboration to generate lasting solutions to economic and societal challenges.

COMMITTEE CONSIDERATION OF H.R. 4674

During consideration of H.R. 4674 there were several amendments offered. One bipartisan amendment offered by Reps. Donna Shalala (D-FL) and Mark Walker (R-NC) would study state licensing restrictions. Another bipartisan amendment was offered by Reps. Lori Trahan (D-MA) and Brett Guthrie (R-KY) to improve the net price calculator. There were also four amendments offered by Republican members that were adopted with bipartisan support, several of which were modified by Democrats before completion including:

- Rep. Glenn Thompson (R-PA) offered an amendment, with an improvement included from Rep. Haley Stevens (D-MI), to add Perkins career and technical education capacity-building as an allowable use of funds to the federal-state partnership proposal.
- Rep. Greg Murphy (R-NC) offered an amendment to require institutions to disclose when non-instructional spending increases by more than five percent year-over-year. The amendment also requires schools to disclose how such spending increases would impact tuition prices.
- Rep. Bradley Byrne (R-AL) offered an amendment, with a modification from Rep. Andy Levin (D-MI), that allows for Title III funds to be spent on dual enrollment and other uses to further the career success of students.
- Rep. James Comer (R-KY) offered an amendment to require institutions to disclose campus policies regarding required background checks for employees and volunteers. The amendment further requires campuses to conduct background checks for employees and volunteers working with athletes, children, and other youth.

Rejected Amendments to Improve the Bill

During consideration of H.R. 4674, Committee Republicans offered a comprehensive amendment in the nature of a substitute and dozens of other amendments to improve the bill that were unfortunately rejected by the Democrats. While Committee Republicans believe all the denied amendments are worthy of adoption there are several that highlight important issues emblematic of the Democrats' failed reform efforts:

- Rep. Lloyd Smucker (R-PA) offered an amendment to means-test the “free” community college program. As previously stated, “free” college proposals are regressive in that the program disproportionately benefits high-income households. Since Committee Republicans oppose policies that provide taxpayer-funded “free” college to the progeny of millionaires and billionaires, the amendment inserts the same income thresholds Committee Democrats use in their proposed IDR plan.

- Rep. Lloyd Smucker (R-PA) offered an amendment to edit the language of financial aid offers to reflect the bipartisan bill he introduced with Rep. Lori Trahan (D-MA). Earlier this Congress, Reps. Smucker and Trahan introduced a bipartisan bill to standardize some features of financial aid awards for students and H.R. 4674 incorporated most of the language but added several partisan provisions. The amendment sought to restore the policy to its bipartisan intent by offering subtle, reasonable tweaks to the legislation.

- Rep. Lloyd Smucker (R-PA) offered an amendment to prohibit registered lobbyists from receiving PSLF. If it must continue, the PSLF program should focus on borrowers who are directly helping individuals and communities, like public school teachers, law enforcement officers, nurses, and librarians who sacrifice their time and money to help others. On the other hand, registered lobbyists that actively seek to influence government actions should not receive taxpayer-funded loan forgiveness. It would be improper for Congress to knowingly provide such an expensive public benefit to well-paid, professional lobbyists.

- Rep. Elise Stefanik (R-NY) offered an amendment to replace PSLF with a State Workforce Incentive program. PSLF is a deeply flawed program and simply does not work. It is not means-tested. It rewards borrowers who borrow larger balances by granting unlimited forgiveness. It does not apply equally across all occupations. It leads to higher college costs. It is complex to navigate. All of which is in contrast to the program offered in this amendment. The State Workforce Incentive program provides an annual benefit. It is targeted to low-income borrowers working in in-demand occupations. It includes a streamlined, intuitive application process. It is tailored to the needs of local and state workforces. Despite these virtues, the Democrats advanced partisanship ahead of students’ interests by defeating the amendment.

- Rep. Dusty Johnson (R-SD) offered an amendment to require institutions to certify that any practitioner at an institutionally-affiliated health care facility provide medical care to any infant born alive at such facility. Incredibly, during markup, a representative claimed to have “never seen such horrible amendments aimed at hurting children.” Presumably, this Committee Democrat was not referring to this amendment. Every baby born in the United States deserves proper medical care. One might reasonably assume protecting vulnerable newborns to be a non-controversial, moral absolute. More than 75 percent of Americans agree that all newborns, regardless of desirability or vulnerability, should be given the same medical

treatment.⁵² That there is anyone that would allow infants to be denied crucial medical care or killed at a health care facility is heartbreaking, yet this amendment failed on a party line vote.

- Rep. Fred Keller (R-PA) offered an amendment to strike the 85–15 rule from the substitute and the 90–10 rule from the underlying law. An accountability system should be applied equally to all institutions, not favoring one sector of higher education over another. The 85 15 rule has nothing to do with the quality of an institution and leads to higher costs for students. The policy proposal in H.R. 4674 significantly expands the sources that need to be counted to include all federal education assistance funds, including veterans and military education benefits. Veterans have earned their benefits and should be given as many choices as possible for where they can spend their benefits. This metric is completely arbitrary and placed unfairly on the one sector of higher education that is particularly flexible and capable of meeting the needs of local employers. It will also be catastrophic to students as Mrs. Chairman Bogue, Executive Director of Education Services at the Department of Veterans Affairs, asserted during a July 2019 Committee on Veterans Affairs hearing stating that if G.I. Bill benefits were included in the 90 percent calculation of the 90 10 rule, it “would potentially disrupt the education of 133 schools and 60,000 student recipients.” The impact of the 85–15 rule will be devastating to the students served by proprietary institutions of higher education.

REPUBLICAN SUBSTITUTE

In lieu of bipartisan compromise from Majority Democrats, Committee Republicans offered a bold reform of the *Higher Education Act*, which represents an alternative proposal to address many of H.R. 4674’s inherent deficiencies and put students, employers, and taxpayers first.

Students and families can no longer afford the status quo. The same tired idea of throwing more money into the existing system and expecting a different result is the very definition of insanity. Government overreach and unnecessary intervention has contributed to a bloated postsecondary education sector at the expense of students prompting a representative of the higher education sector to say that H.R. 4674 will “increase the cost of doing business for most institutions.”⁵³

The Republican substitute, known as the *High-Quality Opportunities in Postsecondary Education (HOPE) Act*, offers a better direction. The Republican substitute included major reforms to actually reduce costs and increase college affordability for students. The proposal incorporated elements reflecting what has worked and what needs to change in order to create a higher education system that puts students first. To accomplish this vision, the HOPE Act emphasizes the importance of completion, simplifies and improves

student aid, provides transparency in price and outcomes, and gets the federal government out of the way.

The HOPE Act would foster college affordability by:

- Creating a Pell Bonus to encourage on-time completion;
- Introducing financial rewards to schools with high rates of Pell recipient completion;
- Simplifying federal student aid into an intuitive one-grant, one-loan, one work-study structure;
- Granting schools the flexibility to start college completion grant programs to provide just-in-time aid to students at risk of dropping out;
- Mandating annual and robust loan counseling to help students understand their options, obligations, and future payment schedule based on anticipated occupation;
- Creating a central consumer-tested tool that sets straight the higher education marketplace by displaying key facts such as program-level debt and earnings information; and
- Repealing, streamlining, and striking dozens of unnecessary reporting requirements and burdensome and overreaching regulations.

The HOPE Act could help unite stakeholders to ensure high-quality education, reverse skyrocketing costs, and prepare students for lifelong success with a return on investment by:

- Creating an effective loan repayment rate that targets student aid to programs to help graduates repay their loans and pressure institutions to price their programs appropriately;
- Overhauling the antiquated statute to allow accreditors to focus on student learning and outcomes instead of institutional inputs;
- Empowering students and families to make informed decisions by providing prospective college goers important student outcome information, such as average debt and earnings of students of all programs for all institutions participating in federal student loan and grant programs;
- Directing a commission to study risk-sharing and recommend the best way to ensure institutions have skin-in-the-game with respect to student success; and
- Revising loan limits to put statutory caps on all types of borrowing and providing institutions the tools they need to reduce over-borrowing.

For a variety of reasons, including archaic federal higher education policy, the higher education landscape is remarkably resistant to change and innovation. Despite the proliferation of creative learning models and dramatically changing student demographics, most colleges and universities continue to use the same worn approaches to instructing students. Institutional rigidity and outdated federal rules have stifled new deliveries of education and empowered entrenched stakeholders' interests over the interests and needs of students. Institutions must innovate to meet the needs of contemporary students, and the federal government must remove roadblocks to this kind of student success. The HOPE Act would deliver true, innovative reform to meet students where they are in their lives by:

- Allowing innovative providers to collaborate with traditional colleges in offering educational programming to help students achieve rewarding careers;
- Creating a clear pathway for CBE programs to help students attain an affordable degree in less time;
- Fueling the future of career pathways by investing in short-term stackable credentials and earn-and-learn opportunities; and
- Breaking up the accreditation monopoly to allow disruptive entrants into higher education to promote competition and lower college costs.

The HOPE Act further prioritizes students by:

- Improving early aid awareness for low-income individuals wondering what options exist to finance postsecondary education goals;
- Simplifying the Free Application for Federal Student Aid to ease the annual experience of millions of families trying to access the aid needed to attend college;
- Expanding college access programs using evidence-based innovations to ensure these interventions use the latest and most successful methods to assist students;
- Eliminating origination fees to put more money in the pockets of borrowers;
- Capping total interest accrual on new student loans so borrowers can start families, be entrepreneurs, and invest in what matters most to them; and
- Expanding promising initiatives like pay-for-success and dual enrollment.

Fundamentally, the HOPE Act would lower the cost of college for students so they can complete an affordable program that prepares them for the workforce with the skills they need for lifelong success. With a widening skills gap, this is more important than ever. While the U.S. is currently experiencing an economic boom, boasting the lowest unemployment rate in 50 years, more can be done to promote universal opportunities for success. The HOPE Act embodies real solutions to address the skills gap by making substantial reforms to equip institutions with the tools needed to prepare students for successful careers and fulfill 21st century workforce needs.

Too many *Higher Education Act* reauthorizations have layered well-intentioned but impractical proposals on top of obsolete policies. Committee Republicans believe the next *Higher Education Act* reauthorization must adopt a different, innovative, and bold strategy. The HOPE Act represents a new, bipartisan, and collaborative direction, incorporating Republican and Democrat ideas to expand affordable higher education access, improve student aid, and encourage institutions to serve students better.

CONCLUSION

Americans have invested trillions of dollars and countless hours of hard work into higher education hoping to earn better career opportunities and live a fulfilling life. But the promise of postsecondary education in this country is broken. Unfortunately, today's chaotic maze of federal aid programs, requirements, and red tape

has needlessly escalated college costs and made pursuing and finishing a postsecondary education unworkable for far too many at a time when more employers are demanding postsecondary credentials for employees to fill technical, high-skill, good-paying jobs. Americans deserve better than H.R. 4674, which doubles down on the failed policies crippling our postsecondary education system. Committee Democrats' partisan scheme will cost hundreds of billions of dollars, limit educational freedom, increase the cost of college for students, and ignore the needs of those pursuing the American Dream.

The Chairman began the Congress by talking about the importance of bipartisanship, yet on this major legislation Committee Democrats once again showed their actions do not live up to their words. The pandemic highlights why Congress and the Majority must advance HEA policies that serve the best interests of students, families, and taxpayers. With true collaboration, this Committee can produce HEA reform that will increase affordability, hold bad actors accountable, and propel American ingenuity for the next generation.
