## INTRODUCTION

H.R. 6 ("Water Resources Conservation, Development, and Infrastructure Improvement and Rehabilitation Act of 1985") was reported by the House Committee on Public Works and Transportation on August 1, 1985 (H.Rep. No. 99-251, Part 1). The bill was then sequentially referred to the Committee on Interior and Insular Affairs, the Committee on Merchant Marine and Fisheries, and the Committee on Ways and Means.

The Committee on Ways and Means held a public hearing on the revenue and trust fund provisions of the bill on September 5, 1985.<sup>1</sup> The Committee on Interior and Insular Affairs and the Committee on Merchant Marine and Fisheries have approved amendments to H.R. 6.

This document,<sup>2</sup> prepared by the staff of the Joint Committee on Taxation, provides a summary comparison of present law and the tax and trust fund provisions of H.R. 6 as reported by the Committee on Public Works and Transportation. The comparison of provisions also indicates the revenue-related amendments approved by the Committee on Interior and Insular Affairs and the Committee on Merchant Marine and Fisheries.
