Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the “Red River National Wildlife Refuge Boundary Modification Act”.

SEC. 2. RED RIVER NATIONAL WILDLIFE REFUGE BOUNDARY MODIFICATION.

Section 3(a)(1) of the Red River National Wildlife Refuge Act (Public Law 106–300; 114 Stat. 1055) is amended by striking “map entitled ‘Red River National Wildlife Refuge—Selection Area’, dated September 5, 2000” and inserting “map entitled ‘Red River National Wildlife Refuge Acquisition Boundary’ and dated March 21, 2022”.

PURPOSE OF THE BILL

The purpose of H.R. 6427 is to amend the Red River National Wildlife Refuge Act to modify the boundary of the Red River National Wildlife Refuge.

BACKGROUND AND NEED FOR LEGISLATION

The Red River National Wildlife Refuge (NWR) was created when the Red River National Wildlife Refuge Act was signed into

law on October 13, 2000.¹ The Refuge consists of nearly 50,000 acres of Federal lands and waters, stretching about 120 miles along portions of the Red River between Colfax, Louisiana, and the Arkansas state line. Every year, approximately 80,000 waterfowl utilize the Refuge as a place for feeding and resting, and over 200 species of neotropical migratory songbirds stop over at the Refuge.

In 2016, the Fish and Wildlife Service (FWS) developed a Strategic Action Plan for Waterfowl Management in the Southeast, which established the Waterfowl Working Group to increase waterfowl management efficiency on NWRs. In 2020, the Group finalized consistent waterfowl targets across the southeast region for waterfowl and sandhill cranes and found that the current land of the Red River NWR does not produce enough food for the number of birds that visit, and the Refuge would need to expand.²

H.R. 6427 modifies the Red River NWR's acquisition boundary to allow for the conveyance of a 3,300-acre tract of privately owned land. This expansion will help address the food deficit for waterfowl. In addition, FWS anticipates additional benefits, such as local economic benefits through partnerships with local farmers, enhanced public access within and outside the Refuge, and substantial waterfowl distribution throughout the region.

C OMMITTEE ACTION

H.R. 6427 was introduced on January 19, 2022, by Representative Mike Johnson (R–LA). The bill was referred solely to the Committee on Natural Resources, and within the Committee to the Subcommittee on Water, Oceans, and Wildlife. On March 29, 2022, the Subcommittee held a hearing on the bill. On December 8, 2022, the Natural Resources Committee met to consider the bill. The Subcommittee was discharged by unanimous consent. Chair Raúl M. Grijalva (D–AZ) offered an amendment designated Grijalva amendment #1. The amendment was agreed to by unanimous consent. The bill, as amended, was adopted and ordered favorably reported to the House of Representatives by unanimous consent.

COMPLIANCE WITH HOUSE RULE XIII AND CONGRESSIONAL BUDGET ACT

1. *Cost of Legislation and the Congressional Budget Act.* With respect to the requirements of clause 3(c)(2) and (3) of rule XIII of the Rules of the House of Representatives and sections 308(a) and 402 of the Congressional Budget Act of 1974, as well as clause 3(d) of rule XIII of the Rules of the House of Representatives, the Committee has received the following materials for the bill from the Director of the Congressional Budget Office:

Legislation Considered Under Suspension of the Rules

The Majority Leader of the House of Representatives announces bills that will be considered under suspension of the rules in that chamber. Under suspension, floor debate is limited, all floor amendments are prohibited, points of order against the bill are waived, and final passage requires a two-thirds majority vote.

At the request of the Majority Leader and the House Committee on the Budget, CBO estimates the effects of those bills on direct spending and revenues. CBO has limited time to review the legislation before consideration. Although it is possible in most cases to determine whether the legislation would affect direct spending or revenues, time may be insufficient to estimate the magnitude of those effects. If CBO has prepared estimates for similar or identical legislation, a more detailed assessment of budgetary effects, including effects on spending subject to appropriation, may be included.
