PURPOSE

The purpose of S. 384 is to establish the Springfield 1908 Race Riot National Monument in the State of Illinois.

BACKGROUND AND NEED

On the evening of August 14, 1908, a two-day riot, which involved the intervention of both police and state troopers, began in Springfield, Illinois. The riot was fueled by rumors that two African American men were responsible for unrelated sexual assault and murder crimes, even though there was no evidence that either man was responsible for the crimes. Local white citizens gathered near the entrance of the city jail on the evening of August 14, 1908, demanding for the two suspects, without knowing that both had already been removed for their own safety. Once those gathered at the jail realized the suspects were no longer being held at the jail, they broke out into a violent mob. The mob was responsible for the death of several area residents as well as massive damage to African American- and Jewish-owned businesses and homes. The riot led to calls for a town meeting and eventually led to the organization of the National Association for the Advancement of Colored People in 1909.

On August 20, 2022, the site was designated as the 30th addition to the African American Civil Rights Network, which recognizes the historical and national significance of a landmark event in the struggle for civil rights. In 2020, Congress passed the Springfield Race Riot Study Act of 2020 (Public Law 116–260), which directed the National Park Service to undertake a special resource study of the site to further evaluate the eligibility of the site for potential designation as a National Monument. The study was transmitted to Congress on June 13, 2023.

The National Park Service found that the Springfield Race Riot site meets all criteria necessary to be eligible for designation as a unit of the National Park System. The full study can be found at [www.parkplanning.nps.gov](http://www.parkplanning.nps.gov).

S. 384 follows on the recommendations of the National Park Service study and designates the Springfield 1908 Race Riot National Monument in the State of Illinois as a unit of the National Park System.

S. 384, as ordered reported, does not contain any congressionally directed spending items, limited tax benefits, or limited tariff benefits as defined in rule XLIV of the Standing Rules of the Senate.

#### EXECUTIVE COMMUNICATIONS

The testimony provided by the National Park Service at the Subcommittee on National Parks June 21, 2023, hearing on S. 384 follows:

STATEMENT OF MICHAEL A. CALDWELL, ASSOCIATE DIRECTOR FOR PARK PLANNING, FACILITIES AND LANDS, NATIONAL PARK SERVICE, U.S. DEPARTMENT OF THE INTERIOR

Chairman King, Ranking Member Daines, and members of the Subcommittee, thank you for the opportunity to present the Department of the Interior's views on S. 384, a bill to establish the Springfield 1908 Race Riot National Monument in the State of Illinois, and for other purposes.

The Department strongly supports S. 384 with technical amendments.

S. 384 would authorize the Secretary of the Interior (Secretary) to establish the Springfield 1908 Race Riot National Monument as a unit of the National Park System after meeting specified requirements. The bill includes authorities for land acquisition and administration that are commonly included in legislation establishing a unit of the National Park System. S. 384 would also authorize the Secretary to establish a memorial within the national monument, and it would establish an advisory commission to advise the Secretary with respect to the management and development of the National Monument.

The establishment of this site as a unit of the National Park System would reflect the National Park Service's (NPS) recently completed special resource study of the race riot site, which concluded that the site meets all criteria necessary to be eligible for designation as a new unit. The Springfield Race Riot site contains the foundations of five of the dozens of homes that were destroyed during the 1908 riot that engulfed the city. The riot was a multi-day affair, started by a White mob, directed primarily against African American residents. The riot resulted in the lynching of two Black men, assaults on many more, damage to Black-owned and Jewish-owned businesses, and the destruction of whole neighborhoods. The riot, trials, and aftermath of the events in Springfield drew national attention to racial violence and sparked direct action by many civil rights leaders.

The events in Springfield occurred in Abraham Lincoln's hometown, a few months before the centennial of his birth, and highlighted the lack of progress on race relations in America. In February 1909, civil rights leaders, in direct reaction to the Springfield riot, formed the National Negro Committee, which would later become the National Association for the Advancement of Colored People (NAACP). The Springfield Race Riot site is important for its association with the creation of the NAACP and its contributions to civil rights in America.

In 2019, the NPS completed a reconnaissance survey of the site which provided a preliminary assessment of its national significance, suitability, feasibility, and need for NPS management, concluding that the site was likely to meet the NPS criteria for inclusion in the National Park System. Subsequently, pursuant to Public Law 116–139,

the NPS conducted a full special resource study of the site confirming those findings.

CHANGES IN EXISTING LAW

In compliance with paragraph 12 of rule XXVI of the Standing Rules of the Senate, changes in existing law made by the bill S. 384, as ordered reported.
